Sex And Sex Worship:

Sex and Sex Worship O. A. Wall, 2001-11-01 This text is a scientific treatise on sex its nature and function and its influence on art science architecture and religion with special reference to sex worship and symbolism In 1918 the author was asked to write his studies on sex for publication in order that the work might not be lost And the views on these subjects have materially changed among the learned among the public since the time when the collection of this information was first begun and this book is the result The facts gathered about phallic religion led Dr Wall to doubt whether this was ever a religion from all other religions apart it appeared to Dr Wall to be merely a phase in the evolution of all religions Nor was it a real worship of the generative organs but rather a use of representations of the phallus and yoni as symbols for certain religious ideas which were embodied in nature worship In recording here what Dr Wall found in his reading and the conclusions at which he had arrived he does not attempt to even approximately exhaust the vast field of details But he attempts to present the truths as recorded in history as he saw them [Sex and Sex Worship \(Phallic Worship\)](#) Otto Augustus Wall, 2015-09-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Sex and Sex Worship (phallic Worship) a Scientific Treatise on Sex** Otto Augustus Wall, 1919 [Sex And Sex Worship](#) Otto Augustus Wall, 2014-06-03 Sex is at the very heart of life and this classic illustrated study of sex its nature and function and its influence on art science architecture and religion contains a wealth of information on sex beliefs practices and worship in other cultures and periods of history stretching back to ancient times Drawing on a wide range of sources including private collections of erotica Wall shows how people in other times and places have dealt with the timeless themes of sexuality male female love passion lust desire and worship dealing with sex as a private practice and also as public celebration This edition first published in 2006 Routledge is an imprint of Taylor Francis an informa company [Sex and Sex Worship](#) Otto Augustus Wall, 1919 *Sex and Sex Worship (Phallic Worship)* O. A. Wall, 2015-06-25 Excerpt from Sex and Sex Worship Phallic Worship A Scientific Treatise on Sex Its Nature and Function and Its Influence on Art Science Architecture and Religion with Special Reference to Sex Worship and Symbolism When Psychopathia Sexualis by Krafft Ebing and similar works by Moll

Lombroso etc appeared in print I at the request of some of my professional friends prepared a series of lectures for them showing that sexual perversions described in these works as insanities were in reality deliberate vices the results of vicious teachings which had come to us by transmission and teachings from the Greek and Roman schools in which slaves were trained in libidinous arts to make them more valuable to luxury loving purchasers their masters and mistresses But of this matter little or none is used in this book which does not pretend to treat of that phase of sexual life and sexual practices Recently I was asked to write my studies on sex for publication in order that the work might not be lost As the views on these subjects have materially changed among the learned among the public since the time when the collection of this information was first begun I consented and this book is the result The facts gathered about phallic religion led me to doubt whether this was ever a religion from all other religions apart it appeared to me to be merely a phase in the evolution of all religions Nor was it a real worship of the generative organs but rather a use of representations of the phallus and yoni as symbols for certain religious ideas which were embodied in nature worship Mankind when it gave expression to its first dawns of religious thoughts wove a fabric of myths and theories about religion the warp of which ran through from earliest historical times to our own days as threads of the warp of philosophies and theories about sex male female love passion lust desire procreation offspring etc while the succeeding ages and civilizations wove into this warp the woof of the individual religions the myths and fables of gods and goddesses so that the whole fabric of beliefs though at first coarse and poor became more refined as mankind itself advanced by a process of revelation which consisted in a gradual unfolding of truths in the consciousness and consciences of innumerable thinkers until our present religions were produced and which process of revelation is still going on and will continue until all that is fantastic irrational unbelievable is eradicated from our faiths About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
