Sex Crimes The International Library Of Criminology Criminal Justice And Penology:

Sex Fiends, Perverts, and Pedophiles Chrysanthi S. Leon, 2011 From Megan OCOs Law to Jessica OCOs Law almost every state in the nation has passed some law to punish sex offenders This popular tough on crime legislation is often written after highly publicized cases have made the gruesome rounds through the media and usually features harsh sentences lifetime GPS monitoring a dramatic expansion of the civil commitment procedures and severe restrictions on where released sex offenders may live In *Sex Fiends Perverts and Pedophiles* Chrysanthi Leon argues that while the singular notion of the sexual boogeyman has been used to justify these harsh policies not all sex offenders are the same and such OCOs size fits all OCO policies can unfairly punish other offenders of lesser crimes needlessly targeting sometimes ostracizing citizens from their own communities While many recognize that prison is not the right tool for every crime problem Leon compellingly argues that the U S maintains a one size fits all approach to sexual offending which is undermining public safety Leon explains how we OCOve reached this point OCO with a large incarcerated sex offender population many of whom will be released in the coming years with multiple barriers to their success in the community and without much expertise to guide them or to guide those who are charged to help them Leon argues that we cannot blame the public nor even the politicians except indirectly Instead we might blame the institutions we charge with making placement decisions and with the experts OCO both those who have chosen to work in the field and those who have caused its marginalization Ultimately Leon shows that when policies intended for the worst offenders take over all of us suffer

International Handbook of Criminology Shlomo Giora Shoham, Paul Knepper, Martin Kett, 2010-02-23 The second handbook in the Shoham trilogy which includes the esteemed *International Handbook of Penology and Criminal Justice* and the upcoming *International Handbook of Victimology* this volume is a comprehensive treatment of criminology theory This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines Topics include social deviance research methods biological and physiological explanations personality types and family socialization processes The book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and juvenile delinquency

Crime, Criminal Justice and Masculinities Stephen Tomsen, 2017-07-05 This volume features the leading contemporary articles that are part of or related to the new masculinities approach in this sphere These comprise an impressive range of theoretical and empirical work including important cultural and ethnographic analyses They emphasise the relationship between masculinities the causes and patterns of most criminal offending and victimisation and the broader workings of the wider criminal justice system of policing public and private criminal courts corrections and prisons All of the material has been selected from flagship international journals and was produced by a global mix of male and female researchers with diverse disciplinary backgrounds These scholars share the view that masculinities are plural socially constructed reproduced in the collective

social practices of different men and embedded in institutional and occupational settings Furthermore masculinities are intricately linked with social struggles for power that occur between men and women and different men Crime criminal justice and their cultural representation are key terrain for these masculine contests and are always overlain with issues such as social class age race ethnicity and sexuality *State Crime in the Global Age* William Chambliss,Raymond

Michalowski,Ronald Kramer,2013-05-13 *State Crime in the Global Age* brings together original writings from leading scholars in the field to explore the many ways that the use and abuse of state power results in grave social harms that outweigh by far the consequences of ordinary street crime The topics covered include the crimes of empire illegal war the bombing of civilians state sanctioned torture state sacrifice of human lives and judicial wrongdoing The book breaks new ground through its examination of the ways globalization has intensified potentials for state crime as well as bringing novel theoretical understandings of the state to the study of state crime and exploring strategies for confronting state crime This book while containing much that is of interest to scholars of state crime is designed to be accessible to students and others who are concerned with the ways individuals social groups and whole nations are victimized by the misuse of state power

Rape and the Criminal Justice System Jennifer Temkin,1995 This work examines the ways in which the criminal justice system deals with rape and its after effects in the victim PTSD post traumatic stress disorder Considerable coverage is given to research findings in the United States findings of the police themselves and other investigations *Sex Crimes* Donald James West,1994 This work deals with a variety of sex crimes The topics covered include the behaviour patterns of child molesters child sexual abuse gay men as victims of non consensual sex sex ratios and rape rates sadistic fantasy and offending and multisystemic treatment of adolescent sex offenders

Occupational Crime Gerald Mars,2018-02-05 This title was first published in 2001 Occupational crime is found in the whole range of occupations and at all levels Despite the fact that activities are widespread and well known the area is blurred by contradictory perceptions denials and arguments over definition This volume presents influential essays on the topic

Sexual Offending Patrick Lussier,Eric Beauregard,2018-04-17 There is growing recognition that sexual offending is a multi determined phenomenon requiring a multi disciplinary perspective The significant contribution of psychology and psychiatry but also sociology gender studies and anthropology to the study of sex offending and perpetrators of sex offenses has played a key role in the development of a distinct field of research In recent years however there has been an increase in criminological research on the topic introducing criminological theory and concepts scientific evidence and observations and new methodologies to the field This book brings together international leading scholars to consider key topics on sex offending and where possible compare and contrast criminological viewpoints with those of other disciplines such as psychology and psychiatry This book considers the following questions Are the key explanatory factors of sex offenses completely distinct and different from those of non sex crime and delinquency Are current models explaining adult sex offending also applicable to explain sex crimes on college

campuses female sex offending sexual exploitation sexual homicide or child luring over the internet Are today's youth involved in sex offenses tomorrow's adult perpetrators of sex crimes What is the risk of sexual recidivism and are risk assessment tools effective to identify individuals at risk of committing another sex crime in the future Are current legal measures used to prevent sex crimes effective What are the known effects of such measures What are the issues and challenges related to the criminal investigation of sex offenses This book is essential reading for students and researchers from disciplines such as criminology psychiatry psychology sexology social work and sociology as well as criminal justice professionals and practitioners such as police investigators prosecutors judges probation parole officers and treatment providers counsellors involved with individuals having perpetrated sex offenses *The Fear of Crime* Jason Ditton, Stephen Farrall, 2017-07-05 Studies of the fear of crime have constituted what is undeniably the fastest growing research area within criminology in the last decade and this shows no sign of diminishing The editors have a distinguished record of innovative research in the field being responsible for a number of seminal empirical and theoretical articles In this volume they have collected together and for the first time all the most significant contributions to the field The collection includes an introductory essay by the editors and articles reflecting an overview of the field the causes of vulnerability the sources of information on victimisation the methods used to survey fear the theoretical models employed to explain it and the nature of policies designed to reduce fear Human Sex Trafficking Frances Bernat, 2013-09-13 Human sex trafficking is believed to be the most common form of modern day slavery The victims of domestic and international sex trafficking are estimated to be in the millions Most of these victims are female and children They are enslaved in the commercial sex industry for little or no money This book will explore human sex trafficking in several nations of origin and destination This book will explore sex trafficking from the perspective that understanding its causes requires attention to global conditions while responding to it requires attention to local laws policies and practices Social service workers will need to understand how and why trafficking victims find it difficult to break free and why many victims will not cooperate with those persons who are attempting to assist them This book will be useful to anti trafficking agencies and personnel who wish to further understand the nature and extent of human sex trafficking in the U S and in countries of destination for sex trafficking In addition this book will be of use to students of human rights and social justice who want to join the effort to abolish human sex trafficking in our lifetime This book was published as a special issue of Women Criminal Justice Perspectives on Crime Reduction Tim Hope, 2017-11-22 This title was first published in 2000 The papers in this volume are concerned with the prevention of crime Like other books in the International Library the text is intended primarily for reference by those who need to reflect upon what criminology has had to say about important contemporary concerns of criminal policy The papers present a kind of history of ideas which together trace the emergence of some key components of contemporary thinking about reducing crime **Global Crime** Philip L. Reichel, 2019-07-08 A definitive resource for understanding such far reaching and often

interconnected crimes as cyber theft drug trafficking human smuggling identity theft wildlife poaching and sex tourism While many international corporations have benefited from the global economy and distribution of information globalization has also had serious negative consequences This important reference work offers students and general readers a critical understanding of how technology governments political unrest war and economic strife contribute to an increase in global crime This A Z encyclopedia covers key people events and organizations and includes key documents that will help readers to understand the numerous problems created by the many transnational crimes that are growing in severity and frequency around the world Entries address perpetrators and their methods victims who really profits and law enforcement responses In addition to cyber theft and sales of weapons and narcotics the set provides a detailed look at global crimes not typically covered such as corruption fraudulent medicine illegal sports betting organ trafficking maritime piracy trafficking in cultural property and wildlife and forest crime Although some historical events and people are included the focus is on recent and contemporary topics

Sexual Exploitation and Abuse in UN Peacekeeping Kelly Neudorfer,2014-12-31 While serving in United Nations peacekeeping missions some peacekeepers sexually exploit and abuse the local population a fact which erupted into a scandal published by many media outlets in 2005 and 2006 This book analyzes factors which may increase the risk of such behavior as well as measures the UN has taken which may have decreased the number of incidents Using a mixed methods design the book argues that previous analyses have been largely undertheorized with the exception of gender theories and turns to criminology to look at the phenomenon of so called Sexual Exploitation and Abuse SEA in a new light The three risk factors found to increase the likelihood of SEAs are an environment of sexual violence in the mission s host country the presence of internally displaced persons close to the mission and a lack of supervised or regulated contact with the local population In turn the presence of an office whose purpose is to collect reports and investigate allegations training on preventing SEAs for the incoming

peacekeepers and campaigns to empower the local population on these issues all seem to reduce the risk of sexual exploitation and abuse occurring. By using a statistical analysis followed by case studies of the UN peacekeeping missions in the Democratic Republic of the Congo, Liberia and the Golan Heights, the author demonstrates the importance these factors have in the peacekeepers' behavior on the mission, providing a solid basis upon which future policy recommendations can be made.

International and Transnational Crime and Justice Mangai Natarajan, 2019-06-13 Provides a key textbook on the nature of international and transnational crimes and the delivery of justice for crime control and prevention.

The Termination of Criminal Careers Stephen Farrall, 2017-07-05 Recent years have witnessed an increase in the attention given to the later stages of criminal careers. Research upon this topic has charted the main factors associated with the termination of criminal careers, outlined some of the possible reasons behind these relationships and started to develop theoretical explanations for such relationships. Collected together for the first time are some of the most important contributions to this field of research. The collection focuses upon the initial explorations into this topic, the most commonly observed findings, the cessation of offending by specific offender types and theoretical matters. An introductory essay by the editor provides a thorough overview of the work in this area and highlights the reasons why the termination of criminal careers will become increasingly important to criminologists and criminal justice policy makers alike.

Imprisonment Roger Matthews, 1999 The International Library of Criminology, Criminal Justice and Penology is an important publishing initiative that brings together the most significant contemporary published journal essays in current criminology, criminal justice and penology.

Cyberspace Crime D.S. Wall, 2017-11-30 This book was published in 2003. This book is a collection of key texts that have contributed towards or have reflected the various debates that have taken place over crime and the internet during that past decade. The texts are organised into three parts. The first contains a number of viewpoints and perspectives that facilitate our broader understanding of cyberspace crime, cybercrimes. The second part addresses each of the major types of cybercrime: trespass, hacking, cracking, thefts, deceptions, obscenities, pornography, violence and illustrates their associated problems of definition and resolution. The third and final part contains a selection of texts that each deal with the impact of cyberspace crime upon specific criminal justice processes: the police and the trial process.

Violence, Prejudice and Sexuality Stephen Tomsen, 2013-05-13 The binary model of sexuality can be devastating and even fatal for people left outside the category of heterosexuality. Essentialist categories of sexuality and gender are often enforced by harassment and violence, as is clear in the case of violence directed against sexual minorities such as homosexual men. This book investigates why men launch assaults on sexual minorities, why these attacks are so vicious and frequently irrational, the identities of perpetrators and their victims, and why such violence seems to have some acceptance in fields such as law, psychiatry, the media and popular opinion. Tomsen discusses the theoretical and research literatures on models of understanding human sexuality and gender and the nature of hate violence and prejudice in contemporary societies and also provides an analysis from his own

original research to draw out the contradictory nature of both sexual identity and violence and the significance of viewing both fields as linked domains This text makes an important contribution to current and future discussions of the nature of social prejudice and its ties to legal rulings collective beliefs and mainstream culture
