When Highbrow Meets Lowbrow Peter Swirski, Tero Eljas Vanhanen, 2017-06-27 This book examines nobrow a cultural formation that intertwines art and entertainment into an identifiable creative force In our eclectic and culturally turbocharged world the binary of highbrow vs lowbrow is incapable of doing justice to the complexity and artistry of cultural production Until now the historical power aesthetic complexity and social significance of nobrow arertainment have escaped analysis This book rectifies this oversight Smart funny and iconoclastic it scrutinizes the many faces of nobrow throwing surprising light on the hazards and rewards of traffic between high entertainment and genre art

From the Arthouse to the Grindhouse John Cline, Robert G. Weiner, 2010-07-17 While there are numerous books on art and exploitation cinema very few attempt to examine both Covering the first 100 years of cinematic transgressions From the Arthouse to the Grindhouse is a collection of numerous essays representing key contributions to overlooked forgotten or under analyzed parts of film history From cult favorites like Arch Hall Jr to revered but under documented marquee names like Lon Chaney filmmakers both major and minor are covered here Starting with a section that pairs exploitation pioneers like Dwain Esper alongside cutting edge auteurs like Erich Von

Stroheim the volume documents the bleeding edge of the high low cultural divide Other essays examine the sexual melodramas of Weimer German cinema explore the concept of Borat as a model for the new standardized cult film and discuss the films of directors Tod Browning Pier Pasolini and Peter Watkins This volume also contains a section devoted to the idea of reality inside and outside the documentary sphere emphasizing audiences desire to believe that this is really happening whether they re horrified or titillated Addressing many aspects of transgression in cinema these essays suggest that the distance between the venues and the audiences may not be quite as wide as viewers might imagine

Snuff Neil Jackson,Shaun Kimber,Johnny Walker,Thomas Joseph Watson,2016-01-28 The phenomenon of so called snuff movies films that allegedly document real acts of murder specifically designed to entertain and sexually arouse the spectator represents a fascinating socio cultural paradox At once unproven yet accepted by many as emblematic of the very worst extremes of pornography and horror moral detractors have argued that the mere idea of snuff constitutes the logical and terminal extension of generic forms that are dependent primarily upon the excitement stimulation and ultimately corruption of the senses Snuff Real Death and Screen Media brings together scholars from film and media studies to assess the longevity of one of screen media s most enduring cultural myths Thorough provocative and well argued the contributions to this volume address areas ranging from exploitation movies the video industry trends in contemporary horror cinema pornography and Web 2 0

killing for culture David Kerekes,David Slater,2016-06-03 Unlike images of sex which were clandestine and screened only in private images of death were made public from the onset of cinema The father of the modern age Thomas Edison fed the appetite for this material with staged executions on film Little over a century later the executions are real and the world is aghast at brutalities freely available online at the click of a button Some of these films are created by lone individuals using shaky camera phones Luka Magnotta for instance and the teenagers known as the Dnipropetrovsk maniacs Others are shot on high definition equipment and professionally edited by organized groups such as the militant extremists ISIS KILLING FOR CULTURE explores these images of death and violence and the human obsession

with looking and not looking at them Beginning with the mythology of the so called snuff film and its evolution through popular culture this book traces death and the artifice of death in the mondo documentaries that emerged in the 1960s and later the faux snuff pornography that found an audience through Necrobabes and similar websites However it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine atrocity commenced one that has irrevocably changed the way in which we function as a society

Are You In The House Alone? Amanda Reyes, 2017-04-05 Beginning in the 1960s through its heyday in the 1970s and beyond the telefilm remains an important cultural artefact masquerading as disposable entertainment Made specifically for the small screen within the tight constraints of broadcasting standards what these humble movies lacked in budget and star appeal they made up for in other ways Often they served as an introduction to genre films particularly horror mirroring their theatrical counterparts with a focus on sinister cults women in prison haunted houses and even animals in revolt They were also a place to address serious contemporary issues drugs prostitution sexual violence and justice albeit in a cosy domestic environment Production of telefilms continues to this day but their significance within the history of mass media remains under discussed Are You in the House Alone seeks to address this imbalance in a series of reviews and essays by fans and critics alike It looks at many of the films the networks and names behind them and also specific genres everything from Stephen King adaptations to superheroes to true life dramas So kickback and crack open the TV guide once more for the event that is the Movie of the Week

The wounds of nations Linnie Blake, 2013-07-19 The wounds of nations Horror cinema historical trauma and national identity explores the ways in which the unashamedly disturbing conventions of international horror cinema allow audiences to engage with the traumatic legacy of the recent past in a manner that has serious implications for the ways in which we conceive of ourselves both as gendered individuals and as members of a particular nation state Exploring a wide range of stylistically distinctive and generically diverse film texts its analysis ranges from the body horror of the American 1970s to the avant garde proclivities of German Reunification horror from the vengeful supernaturalism of recent Japanese chillers and their American remakes to the post Thatcherite masculinity horror of the UK and the resurgence of hillbilly horror in the period following September 11th 2001 In each case it is argued horror cinema forces us to look again at the wounds inflicted on individuals families communities and nations by traumatic events such as genocide and war terrorist outrage and seismic political change wounds that are all too often concealed beneath ideologically expedient discourses of national cohesion By proffering a radical critique of the nation state and the ideologies of identity it promulgates horror cinema is seen to offer us a disturbing yet perversely life affirming means of working through the traumatic legacy of recent times

Nekromantik Linnie Blake, 2007 Serial Killer Cinema Robert Cettl, 2007-10-18 The release of Silence of the Lambs in 1991 which swept the major Academy Awards categories legitimized the serial killer movie a genre that dates back as far as the silent era From Absence of the Good to Zodiac Killer this reference work allows a detailed study of the

development of the serial killer film as a distinct genre with its own character types narrative patterns and styles An introduction outlines the historical evolution of this film genre and covers the whole range of cinematic interpretations from the response to Jack the Ripper and other real life serial killers through the late 1960s to the current state of the genre Arranged alphabetically by title the filmography covers over 500 feature films and select television movies Each entry contains a listing of the film s main credits a synopsis of the film a summary of the film s respective merits and a discussion of how they fit into the themes and structures outlined in the introduction Only films that portray the serial killer as a repeat pattern killer and directly or by suggestion reveal the killer s aberrant sexual motivations or their craving for manipulation domination and control with subsequent desires to punish women or society are included
