Letter-writing Manuals and Instruction from Antiquity to the Present Carol Poster, Linda C. Mitchell, 2007 Once nearly as ubiquitous as dictionaries and cookbooks are today letter writing manuals and their predecessors served to instruct individuals not only on the art of letter composition but also in effect on personal conduct Poster and Mitchell contend that the study of letter writing theory which bridges rhetorical theory and grammatical studies represents an emerging discipline in need of definition In this volume they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials from Isocrates to email that form the basis for its study

Write and Wrong Marthy Johnson, 2006-06-01 English is a blend of passion and logic except in spelling which has nothing to do with either Language is a set of conventions some of them sensible and some accidental Usage is not so much a question of what is right or wrong as of what is or is not accepted Accepted by whom By the experts and the committees and the advisers and the authorities the stylists and the grammarists bless them who write dictionaries style guides textbooks handbooks and grammar books in seventy five volumes They set limits decide who has wiggle room and where Academic writing operates in solitary confinement Technical writing is medium security business writing a work release effort Next to them creative writing is a resort The only writing manual most writers will ever want or need

Military Review, 2015 *Writing the Character-Centered Screenplay, Updated and Expanded edition* Andrew Horton, 2000-02-23 We need good screenwriters who understand character Everywhere Andrew Horton traveled in researching this book from Hollywood to Hungary he heard the same refrain Yet most of the standard how to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures With this book Horton a film scholar and successful screenwriter provides the definitive work on the character based

screenplay Exceptionally wide ranging covering American international mainstream and off Hollywood films as well as television the book offers creative strategies and essential practical information Horton begins by placing screenwriting in the context of the storytelling tradition arguing through literary and cultural analysis that all great stories revolve around a strong central character He then suggests specific techniques and concepts to help any writer whether new or experienced build more vivid characters and screenplays Centering his discussion around four film examples including Thelma Louise and The Silence of the Lambs and the television series Northern Exposure he takes the reader step by step through the screenwriting process starting with the development of multi dimensional characters and continuing through to rewrite Finally he includes a wealth of information about contests fellowships and film festivals Espousing a new character based approach to screenwriting this engaging insightful work will prove an essential guide to all of those involved in the writing and development of film scripts
