A Culture of Engagement Cathleen Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from *Commonweal* magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

first century **The Abuse of Conscience** Matthew Levering, 2021-10-28 How important is conscience for the Christian moral life In this book Matthew Levering surveys twentieth century Catholic moral theology to construct an argument against centering ethics on conscience He instead argues that conscience must be formed by the revealed truths of Scripture as interpreted and applied in the church Levering shows how conscience centered ethics came to be both prior to and following the Second Vatican Council and how important voices from both the Catholic and Protestant communities criticized the primacy of conscience in favor of an approach that considers conscience within the broader framework of the Christian moral organism Rather than engaging with current hot button issues Levering presents and deconstructs the work of twenty six noteworthy theologians from the recent past in order to work through core matters He begins by examining the place of conscience in Scripture and in the Catholic moral manuals of the twentieth century He then explores the rebuttals to conscience centered ethics offered by pre and post conciliar Thomists and the emergence of a new even more problematic conscience centered ethics in German thought Amid this wide ranging introduction to various strands of Catholic moral theology Levering crafts an incisive intervention of his own against the abuse of conscience that besets the church today as it did in the last century

Water Shaping Stone Kathryn Lilla Cox, 2016-01-15 The Catholic Tradition requires the faithful to form and follow their conscience This is the case even with the recognition that consciences can be malformed and one can make errors in practical judgments Water Shaping Stone examines various aspects of this tradition regarding conscience by using among other sources twentieth century magisterial documents theologians works and Scripture Kathryn Lilla Cox argues that while the Magisterium retains teaching authority and a responsibility to help form consciences through its teaching focusing only on the Magisterium leads to incomplete formation A more holistic vision of conscience formation means considering the formation of the moral agent to be a multifaceted process that draws on for example teaching prayer rituals Scripture practices and virtues along with relationships with the Triune God and communities of accountability This vision of conscience formation retains the magisterial teaching authority while acknowledging discipleship as the theological basis for making and assessing practical judgments of conscience **Catholic Moral Theology in the United States**

Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of Humanae vitae Pope Paul VI s encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran s perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the

Christianity and Natural Law Norman Doe, 2017-07-20 Historically natural law has played a pivotal role in Christian approaches to the law and a contested role in legal philosophy generally However comparative study of natural law across global Christian traditions is largely neglected This book provides not only the history of natural law ideas across mainstream Christian traditions worldwide but also an ecumenical comparison of the contemporary natural law positions of different traditions Its focus is not solely theoretical it tests the practical utility of natural law by exploring its use in the legal systems of the churches studied Alongside analysis of the assumptions underlying the concept it also proposes a jurisprudence of Christian law itself With chapters written by distinguished lawyers and theologians across the world this book is designed for those studying and teaching law or theology those who practice and study ecumenism and those involved in the practice of church law

After the Smoke Clears Mark J. Allman, Tobias Winright, 2022-07-21 While most studies of just war focus on the rationale for going to war and the conduct of the war this important book examines the period after the conflict What must be done to restore justice In the words of the authors Victory is declared by presidents and other leaders yet all too often no just peace is to be found in the wake of today's conflicts After the smoke clears the powers that be may declare mission accomplished when as Ezekiel long ago said there really is no peace

Mercy and the Rule of Law Gerald Bednar, 2021-08-15 Given the Catholic Church's complex history concerning divorce and remarriage it's not surprising that the promulgation of *Amoris Laetitia* in 2016 caused such a stir among the laity the press some theologians and even some bishops This book endeavors to introduce concepts and contexts that will help all these groups understand the document in a new light explaining what the rule of law actually means and hopefully open a door to further discussion among theologians and clergy whose critical comments have so often missed the point of Francis's apostolic exhortation

Routledge Handbook on Capital Punishment Robert M. Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The

Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives. A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections: 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty's Administration and 5 The Death Penalty's Consequences. This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies.

Living Vatican II Gerald O'Collins, 2006 Vatican II was the first council in the story of Catholic Christianity to deserve being labeled intercontinental and intercultural. What has been its impact? How should one describe and evaluate its reception by Catholics and its wider follow up among others? How should this twenty first council be heard, received and lived as we move further ahead into the twenty first century? What perspectives does it offer for the future to those who seek to assimilate it creatively? As a leading theologian, the author uses a highly personal approach in answering these and many other questions which makes for a compulsively readable book that illuminates the workings of the Church. *Living Vatican II* explores the liturgical renewal after Vatican II, the reception of the Council's moral teaching, the impact of Vatican II on theology and the work of some key institutions in Rome and elsewhere toward implementing the teaching and decisions of this council. Finally, the book offers insightful suggestions about the future of the Church. Book jacket
