

Pills to Purge Melancholy: The Evolution of the English Ballet

Lionel Pike

Pills To Purge Melancholy The Evolution Of The English Ballett

Lauren Gardner

Pills To Purge Melancholy The Evolution Of The English Ballett:

Pills to Purge Melancholy Lionel Pike, 2004 The ballett is a light vocal form well known and well loved by many madrigal singers and yet this is the first work to embrace the subject in its totality Dr Lionel Pike investigates the evolution of the ballett in England from its late sixteenth century origins in Vecchi and Gastoldi The book provides a comprehensive analysis of a large number of balletts with each individual work treated in chronological order leading to the sense of an evolution of the form Morley Weelkes Tomkins and Hilton are examined alongside Cavendish Greaves Holborne Jones Pilkington Vautour Youll and Amner way composers thought about music at the turn of the sixteenth century Through the balletts it is possible to trace the path from modality to tonality and to show how the principles of renaissance polyphony turned towards harmonically dominated counterpoint how the native English tradition of secular music interacted with the imported one and how ideas about text illustration affected the writing of music The book therefore deepens previous considerations of the ballet considerably and provides the ultimate reference source not only for early music scholars but also for performers

New Essays on History and Form in Early Modern English Literature Nick Moschovakis, Gail Kern Paster, 2024-08-19 This volume convenes eight noted scholars with varied positions at the interface of formal and historical literary criticism The editors introduction a far reaching account of how both methods have intersected in studies of early modern English texts since the 1990s is the first such survey in more than 15 years making it invaluable to scholars entering this area Three essays address foundational questions about genre fictionality and formlessness five feature close readings of texts or passages ranging from the more canonical Shakespeare Herbert Milton to the less so an official record of the 1604 Hampton Court Conference For scholars and students alike the book thus models a variety of ways both to conceptualize and to analyze the value of literature at the formal historical interface Encompassing drama lyric satirical and polemical prose and metrical as well as rhetorical and logical forms the collection closes with an afterword by theorist Caroline Levine

Hearing Homophony Megan Kaes Long, 2020 In Hearing Homophony Megan Kaes Long presents a groundbreaking model for understanding tonality and its origins examining it through the lens of popular songs of late Renaissance Western Europe

The Madrigal Susan Lewis Hammond, 2012-08-06 The Madrigal A Research and Information Guide is the first comprehensive annotated bibliography of scholarship on virtually all aspects of madrigal composition production and consumption It contains 1 237 entries for items in English French German and Italian Scholars students teachers librarians and performers now have access to this rich literature in a single volume

Editing Music in Early Modern Germany Susan Lewis Hammond, 2017-07-05 Editing Music in Early Modern Germany argues that editors played a critical role in the transmission and reception of Italian music outside Italy Like their counterparts in the world of classical learning Renaissance music editors translated texts and reworked settings from Venetian publications adapting them to the needs of northern audiences Their role is most evident in the emergence of the anthology as the primary vehicle for the distribution of

madrigals outside Italy As a publication type that depended upon the judicious selection and presentation of material the anthology showcased editorial work Anthologies offer a valuable case study for examining the impact of editorial decision making on the cultivation of particular styles genres authors and audiences The book suggests that music editors defined the appropriation of Italian music through the same processes of adaptation transformation and domestication evident in the broader reception of Italy north of the Alps Through these studies Susan Lewis Hammond s work reassesses the importance of northern Europe in the history of the madrigal and its printing This book will be the first comprehensive study of editors as a distinct group within the network of printers publishers musicians and composers that brought the madrigal to northern audiences The field of Renaissance music printing has a long and venerable scholarly tradition among musicologists and music bibliographers This study will contribute to recent efforts to infuse these studies with new approaches to print culture that address histories of reading and listening patronage marketing transmission reception and their cultural and political consequences

Thomas Morley Tessa Murray, 2014 An essential book for scholars and students of renaissance music as well as the history of music publishing and print The Renaissance composer and organist Thomas Morley c 1557 1602 is best known as a leading member of the English Madrigal School but he also built a significant business as a music publisher This book looks at Morley s pioneering contribution to music publishing in England inspired by an established music printing culture in continental Europe A student of William Byrd Morley had a conventional education and early career as a cathedral musician both in Norwich and at St Paul s cathedral Morley lived amongst the traders artisans and gentry of England s major cities at a time when a market for recreational music was beginning to emerge His entrepreneurial drive combined with an astute assessment of his market resulted in a successful and influential publishing business The turning point came with a visit to the Low Countries in 1591 which gave him the opportunity to see a thriving music print publication business at first hand Contemporary records provide a detailed picture of the processes involved in early modern music publishing and enable the construction of a financial model of Morley s business Morley died too young to reap the full rewards of his enterprise but his success inspired the publication by his contemporaries of a significant corpus of readily available recreational music for the public Critical to Morley s success was his identification of the sort of music notably the Italianate lighter style of madrigal that would appeal to amateur musicians Surviving copies of the original prints show that this music continued to be used for several generations new editions in modern notation started to appear from the mid eighteenth century onwards suggesting that Morley truly had the measure of the market for recreational music Thomas Morley Elizabethan Music Publisher will be of particular interest to scholars and students of renaissance music as well as the history of music publishing and print Tessa Murray is an honorary research fellow at the University of Birmingham

Syrene Soundes Eleanor Chan, 2024-10-08 The visual material and literary cultures of the English Renaissance are littered with objects that depict utilise or respond to the metaphor of musical harmony yet harmony in this period relied on a certain amount of

carefully mannered dissonance Using visual and literary sources alongside musical works author Eleanor Chan explores the rise of the false relation a variety of dissonance that despite being officially frowned upon by contemporary theoretical treatises became characteristic of English vocal music between ca 1550 and 1630 *The Ballad-Singer in Georgian and Victorian London* Oskar Cox Jensen, 2021-02-18 For three centuries ballad singers thrived at the heart of life in London One of history's great paradoxes they were routinely disparaged and persecuted living on the margins yet playing a central part in the social cultural and political life of the nation This history spans the Georgian heyday and Victorian decline of those who sang in the city streets in order to sell printed songs Focusing on the people who plied this musical trade Oskar Cox Jensen interrogates their craft and their repertoire the challenges they faced and the great changes in which they were caught up From orphans to veterans prostitutes to preachers ballad singers sang of love and loss the soil and the sea mediating the events of the day to an audience of hundreds of thousands Complemented by sixty two recorded songs this study demonstrates how ballad singers are figures of central importance in the cultural social and political processes of continuity contestation and change across the nineteenth century world

Knowledge Building in Early Modern English Music Katie Bank, 2020-08-16 Knowledge Building in Early Modern English Music is a rich interdisciplinary investigation into the role of music and musical culture in the development of metaphysical thought in late sixteenth early seventeenth century England The book considers how music presented questions about the relationships between the mind body passions and the soul drawing out examples of domestic music that explicitly address topics of human consciousness such as dreams love and sensing Early seventeenth century metaphysical thought is said to pave the way for the Enlightenment Self Yet studies of the music's role in natural philosophy has been primarily limited to symbolic functions in philosophical treatises virtually ignoring music making's substantial contribution to this watershed period Contrary to prevailing narratives the author shows why music making did not only reflect impending change in philosophical thought but contributed to its formation The book demonstrates how recreational song such as the English madrigal confronted assumptions about reality and representation and the role of dialogue in cultural production and other ideas linked to changes in how knowledge was built Focusing on music by John Dowland Martin Peerson Thomas Weelkes and William Byrd this study revises historiography by reflecting on the experience of music and how music contributed to the way early modern awareness was shaped

Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993 the Sourcebook for Research in Music has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and

expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come

A Comparative Study of Byrd Songs ,2023-05-02 A comparative anthology of all of the variedly bylined texts in William Byrd s linguistic group with scholarly introductions that solve previously impenetrable literary mysteries This is a comparative anthology of William Byrd s multi bylined verse with scholarly introductions to their biographies borrowings and generic and structural formulas The tested Byrd group includes 30 texts with 29 different bylines Each of these texts is covered in a separate chronologically organized section This anthology includes modernized translations of some of the greatest and the wittiest poetry of the Renaissance Some of these poems are the most famous English poems ever written while others have never been modernized before These poems serve merely as a bridge upon which a very different history of early British poetry and music is reconstructed through the alternative history of the single ghostwriter behind them This history begins with two forgeries that are written in an antique Middle English style while simultaneously imitating Virgil s Eclogues Alexander Barclay s claimed translation of Pope Pius II s Eclogues 1514 and John Skelton s Eclogues 1521 The next attribution mystery solved is how only a single poem assigned to Walter Rawely of the Middle Temple when Raleigh is not known to have been a member of this Inn of Court in The Steal Glass A Satire 1576 has snowballed into entire anthologies of poetry that continue to be assigned to Raleigh as their author Matthew Lownes assigned the Edmund Spenser byline for the first time in 1611 to the previously anonymous Shepherds Calendar 1579 to profit from the popularity of the appended to it Fairy Queen And Thomas Watson has been credited with creating Hekatompathia 1582 when this was his first book length attempt in English and this collection has been described as the first Petrarchan sonnet sequence in English when actually most of these poems have 18 line instead of 14 line stanzas Byrd s self attributed Psalms Sonnets and Songs 1588 includes several lyrics that have since been re assigned erroneously to other bylines in this collection such as My Mind to Me a Kingdom Is being re assigned to Sir Edward Dyer The Byrd chapter also describes the history of his music licensing monopoly The University Wit label is reinterpreted as being applied to those who completed paper degrees with help from ghostwriters as exemplified in Robert Greene s confession that his Pandosto and Menaphon were so many parricides as if these obscene topics were forced upon him without his participation in the authorial process Philip Sidney s Astrophil and Stella 1591 is showcased as an example of erroneous autobiographical interpretations of minor poetic references for example the line Rich she is in a sonnet that puns repeatedly on the term rich has been erroneously widely claimed by scholars to prove that Sidney had a prolonged love interest in Lady Penelope Devereux Rich Similarly Thomas Lodge s 1592 3 voyage to South America has been used to claim his special predilection for sea studies in works such as Phillis 1593 when adoring descriptions of the sea are common across the Byrd group Alexander Dyce appears to have assigned the anonymous Licia

1593 to Giles Fletcher in a brief note in 1843 using only the evidence of a vague mention of an associated monarch in a text from another member of the Fletcher family One of the few blatantly fictitiously bylined Renaissance texts that have not been re assigned to a famous Author is Henry Willobie s Avis 1594 that invents a non existent Oxford affiliated editor called Hadrian Dorrell who confesses to have stolen this book without Willobie s permission Even with such blatant evidence of satirical pseudonym usage or potential identity fraud scholars have continued to search for names in Oxford s records that match these bylines John Monday s Songs and Psalms 1594 has been labeled as one of the earliest madrigal collections 1594 was the approximate year when Byrd began specializing in providing ghostwriting services for mostly university educated musicologists who used these publishing credits to obtain music positions at churches such as the Westminster Abbey or at Court An Oxford paper degree helped Thomas Morley become basically the first non priest Gospeller at the Chapel Royal The section on Morley s Ballets 1595 describes the fiscal challenges Morley encountered when the music monopoly temporarily transitioned from Byrd s direct control to his John Dowland s First Book of Songs or Aires 1597 is explained as a tool that helped Dowland obtain an absurdly high 500 daler salary from King Christian IV of Denmark in 1600 and his subsequent equally absurd willingness to settle for a 21 salary in 1612 to become King James I s Lutenist And the seemingly innocuous publication of Michael Cavendish s 14 Aires in Tablature to the Lute 1598 is reinterpreted with previously neglected evidence as actually a book that was more likely to have been published in 1609 as part of the propaganda campaign supporting Lady Arabella Stuart s succession to the British throne the attempt failed and led to Arabella s death during a hunger strike in the Tower and to the closeting of Aires William Shakespeare s The Passionate Pilgrim 1599 has been dismissed by scholars as only containing a few firmly Shakespearean poems in part because nearly all of its 20 poems had appeared under other bylines Passionate s poems 16 17 19 and 20 are included with an explanation of the divergent Ignoto Shakespeare and Marlowe bylines they were instead assigned to in England s Helicon 1600 Scholars have previously been at a loss as to identity of the John Bennet of the Madrigals 1599 and this mystery is solved with the explanation that this byline is referring to Sir John Bennet 1553 1627 whose 20 000 bail was in part sponsored with a 1 200 donation from Sir William Byrd John Farmer s First Set of English Madrigals 1599 is reinterpreted as a byline that appears to have helped Farmer continue collecting on his Organist salary physically appearing for work between a notice of absenteeism in 1597 and 1608 when the next Organist was hired Thomas Weelkes Madrigals 1600 is reframed as part of a fraud that managed to advance Weelkes from a menial laborer 2 salary at Winchester to a 15 Organist salary at Chichester He was hired at Chichester after somehow finding around 30 to attain an Oxford BA in Music in 1602 in a suspicious parallel with the Dean William Thorne of Chichester s degree completion from the same school this climb was followed by one of the most notorious Organist tenures as Weelkes was repeatedly cited for being an absentee drunkard and yet Dean Thorne never fired him Richard Carlton s Madrigals 1601 also appears to be an inoffensive book before the unnoticed by scholars Mus 1291 A is explained as torn out prefacing pages

that had initially puffed two schemers that were involved in the conspiracy of Biron in 1602 The British Library describes Hand D in Addition IIc of Sir Thomas More as Shakespeare's only surviving literary manuscript this section explains Byrd's authorship of verse fragments such as Addition III and Percy's authorship of the overall majority of this censored play the various handwritings and linguistic styles in the More manuscript are fully explained Michael Drayton's Idea 1603 1619 series has been explained as depicting an autobiographical life long obsession with the unnamed in the text Anne Goodere despite Drayton's apparent split interest also in a woman called Matilda 1594 and in male lovers in some sprinkled male pronoun sonnets Michael East's Second Set of Madrigals 1606 is one of a few music books that credit Sir Christopher Hatton as a semi author due to their authorship at his Ely estate the many implications of these references are explored Thomas Ford's Music of Sundry Kinds 1607 serves as a gateway to discuss a group of interrelated Jewish Court musicians included Joseph Lupo a potential though impossible to test ghostwriter behind the Byrd group and open cases of identity fraud such as Ford being paid not only his own salary but also 40 for the deceased John Ballard William Shakespeare's Sonnets 1609 are discussed as one of Byrd's mathematical experiments which blatantly do not adhering to a single English sonnet formula as they include deviations such as poems with 15 lines six couplets and a double rhyme schemes The poems that have been erroneously assigned to Robert Devereux are explained as propaganda to puff his activities as a courtier when he was actually England's top profiteer from selling over 70 000 in patronage knighthoods and various other paper honors Orlando Gibbons or Sir Christopher Hatton's First Set of Madrigals and Motets 1612 describes the lawsuit over William Byrd taking over a Cambridge band leading role previously held by William Gibbons who in retaliated by beating up Byrd and breaking his instrument This dispute contributed to Byrd and Harvey's departure from Cambridge Byrd's peaceful life in academia appears to be the period that Byrd was thinking back to in 1612 as he was reflecting on his approaching death in the elegantly tragic Gibbons First songs Acronyms and Figures Introduction Handwriting Analysis Byrd Group Alexander Barclay's Translation of Pope Pius II's Eclogues 1530 John Skelton's Pithy Pleasant and Profitable Works 1568 Sir Walter Raleigh's Poems Between 1576 and 1604 Edmund Spenser's Shepherds Calendar 1579 Thomas Watson's Hekatompathia or Passionate Century of Love 1582 William Byrd's Psalms Sonnets and Songs of Sadness and Piety 1588 Sir Edward Dyer's Poems Between 1588 and 1620 Robert Greene's Poems in Menaphon 1589 and Dorastus and Fawnia 1588 1696 Philip Sidney's Astrophil and Stella 1591 Thomas Lodge's Phillis 1593 Giles Fletcher's Licia 1593 Henry Willobie's Avisia 1594 John Monday's Songs and Psalms 1594 Thomas Morley's Ballets 1595 John Dowland's First Book of Songs or Aires 1597 Michael Cavendish's 14 Aires in Tablature to the Lute 1598 William Shakespeare's The Passionate Pilgrim 1599 John Bennet's Madrigals 1599 John Farmer's First Set of English Madrigals 1599 Thomas Weelkes Madrigals 1600 Richard Carlton's Madrigals 1601 Anthony Monday Henry Chettle and William Shakespeare's Sir Thomas More Addition III Censored 1592 1603 Michael Drayton's Idea 1603 1619 Michael East's Second Set of Madrigals 1606 Thomas Ford's Music of Sundry Kinds 1607 William

Shakespeare's Sonnets 1609 Robert Devereux's Poems 1610 Orlando Gibbons or Sir Christopher Hatton's First Set of Madrigals and Motets 1612 Terms References Questions Exercises **Music in Shakespeare** Christopher R. Wilson, Michela Calore, 2014-02-27 With an A-Z of over 300 entries Music in Shakespeare is the most comprehensive study of all the musical terms found in Shakespeare's complete works It includes a definition of each musical term in its historical and theoretical context and explores the diverse extent of musical imagery across the full range of Shakespeare's dramatic and poetic work as well as analysing the usage of instruments and sound effects on the Shakespearean stage This is a comprehensive reference guide for scholars and students with interests in the thematic and allegorical relevance of music in Shakespeare and the history of performance Identifying all musical terms found in the Shakespeare canon it will also be of use to the growing number of directors and actors concerned with recovering the staging conditions of the early modern theatre *The ballad literature and popular music of the olden time: a history of the ancient songs, ballads, and of the dance tunes of England, with numerous anecdotes and entire ballads* W. Chappell, 1871 **Early Music Review**, 2005

Notes Music Library Association, 2005 **The Ballad Literature and Popular Music of the Olden Time** William Chappell, 1855 *Routledge Revivals: History Workshop Series* Various Authors, 2022-07-30 First published between 1975 and 1991 this set reissues 13 volumes that originally appeared as part of the History Workshop Series This series of books which grew out of the journal of the same name advocated history from below and examined numerous often social issues from the perspectives of ordinary people In the words of founder Raphael Samuel the aim was to turn historical research and writing into a collaborative enterprise via public gatherings outside of a traditional academic setting that could be used to support activism and social justice as well as informing politics Some of the topics examined in the set include mineral workers rural radicalism and the lives and occupations of villagers in the nineteenth century working class association the development of left wing workers theatre and the changing attitudes to mass culture across the twentieth century the changing fortunes of the East End at the turn of the century the position of women from the nineteenth century to the present the miners strike of 1984 5 the social and political images of late twentieth century London and a three volume analysis of the myriad facets of English patriotism This set will be of interest to students of history sociology gender and politics **Damnable Practises: Witches, Dangerous Women, and Music in Seventeenth-Century English Broadside Ballads** Sarah F. Williams, 2016-03-09 Broadside ballads folio sized publications containing verse a tune indication and woodcut imagery related cautionary tales current events and simplified myth and history to a wide range of social classes across seventeenth century England Ballads straddled and destabilized the categories of public and private performance spaces the material and the ephemeral music and text and oral and written traditions Sung by balladmongers in the streets and referenced in theatrical works they were also pasted to the walls of local taverns and domestic spaces They titillated and entertained but also educated audiences on morality and gender hierarchies Although contemporaneous writers

published volumes on the early modern controversy over women and the English witch craze broadside ballads were perhaps more instrumental in disseminating information about dangerous women and their acoustic qualities Recent scholarship has explored the representations of witchcraft and malfeasance in English street literature until now however the role of music and embodied performance in communicating female transgression has yet to be investigated Sarah Williams carefully considers the broadside ballad as a dynamic performative work situated in a unique cultural context Employing techniques drawn from musical analysis gender studies performance studies and the histories of print and theater she contends that broadside ballads and their music made connections between various degrees of female crime the supernatural and cautionary tales for and about women **International Who's who in Classical Music** ,2009 **Victorian Songhunters**

E. David Gregory,2006-04-13 Victorian Songhunters is a pioneering history of the rediscovery of vernacular song street songs that have entered oral tradition and have been passed from generation to generation in England during the late Georgian and Victorian eras In the nineteenth century there were four main types of vernacular song ballads folk lyrics occupational songs and national songs The discovery collecting editing and publishing of all four varieties are examined in the book and over seventy five selected examples are given for illustrative purposes Key concepts such as traditional balladry broadside balladry folksong and national song are analyzed as well as the complicated relationship between print and oral tradition and the different methodological approaches to ballad and song editing Organized chronologically Victorian Songhunters sketches the history of English song collecting from its beginnings in the mid seventeenth century focuses on the work of important individual collectors and editors such as William Chappell Francis J Child and John Broadwood examines the growth of regional collecting in various counties throughout England and demonstrates the considerable efforts of two important Victorian institutions the Percy Society and its successor the Ballad Society The appendixes contain discussions on interpreting songs an assessment of relevant secondary sources and a bibliography and alphabetical song list Author E David Gregory provides a solid foundation for the scholarly study of balladry and folksong and makes a significant contribution to our understanding of Victorian intellectual and cultural life

Unveiling the Power of Verbal Art: An Mental Sojourn through **Pills To Purge Melancholy The Evolution Of The English Ballett**

In some sort of inundated with monitors and the cacophony of immediate transmission, the profound energy and psychological resonance of verbal beauty usually diminish into obscurity, eclipsed by the regular onslaught of noise and distractions.
