Gendered Bodies Shuqin Cui, 2015-10-31 *Gendered Bodies* introduces readers to women's visual art in contemporary China by examining how the visual process of gendering reshapes understandings of historiography sexuality pain and space When artists take the body as the subject of female experience and the medium of aesthetic experiment they reveal a wealth of noncanonical approaches to art The insertion of women's narratives into Chinese art history rewrites a historiography that has denied legitimacy to the woman artist The gendering of sexuality reveals that the female body incites pleasure in women themselves reversing the dynamic from woman as desired object to woman as desiring subject The gendering of pain demonstrates that for those haunted by the sociopolitical past the body can articulate traumatic memories and psychological torment The gendering of space transforms the female body into an emblem of landscape devastation remaps ruin aesthetics and extends the politics of gender identity into cyberspace and virtual reality The work presents a critical review of women's art in contemporary China in relation to art traditions classical and contemporary Inscribing the female body into art generates not only visual experimentation but also interaction between local art cultural production and global perception While artists may seek inspiration and exhibition space abroad they often reject the Western label feminist artist An extensive analysis of artworks and artists both well and little known provides readers with discursively persuasive and visually provocative evidence *Gendered Bodies* follows an interdisciplinary approach that general readers as well as scholars will find inspired and inspiring

Postcolonial Hauntologies: African Women's Discourses of the Female Bod Ayo A. Coly,2019-06-01 Postcolonial Hauntologies is an interdisciplinary and comparative analysis of critical literary visual and performance texts by women from different parts of Africa While contemporary critical thought and feminist theory have largely integrated the sexual female body into their disciplines colonial representations of African women s sexuality haunt contemporary postcolonial African scholarship which by maintaining a culture of avoidance about women s sexuality generates a discursive conscription that ultimately holds the female body hostage Ayo A Coly employs the concept of hauntology and ghostly matters to formulate an explicative framework in which to examine postcolonial silences surrounding the African female body as well as a theoretical framework for discerning the elusive and cautious presences of female sexuality in the texts of African women In illuminating the pervasive silence about the sexual female body in postcolonial African scholarship Postcolonial Hauntologies challenges hostile responses to critical and artistic voices that suggest the African female body represents sacred ideological discursive ground on which one treads carefully if at all Coly demonstrates how ghosts from the colonial past are countered by discursive engagements with explicit representations of women s sexuality and bodies that emphasize African women s power and autonomy

Klimt Patrick Bade, 2011-12-22 I am not interested in myself as a subject for painting but in others particularly women Beautiful sensuous and above all erotic Gustav Klimt's paintings speak of a world of opulence and leisure which seems aeons away from the harsh post modern environment we live in now The subjects he treats allegories portraits landscapes and erotic figures contain virtually no reference to external events but strive rather to create a world where beauty above everything else is dominant His use of colour and pattern was profoundly influenced by the art of Japan ancient Egypt and Byzantium Ravenna the flat two dimensional perspective of his paintings and the frequently stylised quality of his images form an oeuvre imbued with a profound sensuality and one where the figure of woman above all reigns supreme Klimt's very first works brought him success at an unusually young age Gustav born in 1862 obtained a state grant to study at Kunstgewerbeschule the Vienna School of Arts and Crafts at the age of fourteen His talents as a draughtsman and painter were quickly noticed and in 1879 he formed the Künstlercompagnie Artists Company with his brother Ernst and another student Franz Matsch The latter part of the nineteenth century was a period of great architectural activity in Vienna In 1857 the Emperor Franz Joseph had ordered the destruction of the fortifications that had surrounded the medieval city centre The Ringstrasse was the result a budding new district with magnificent buildings and beautiful parks all paid for by public expenses Therefore the young Klimt and his partners had ample opportunities to show off their talents and they received early commissions to contribute to the decorations for the pageant organised to celebrate the silver wedding anniversary of the Emperor Franz Joseph and the Empress Elisabeth In 1894 Matsch moved out of their communal studio and in 1897 Klimt together with his closest friends resigned from the Künstlerhausgenossenschaft the Cooperative Society of Austrian Artists to form a new movement known as the Secession of which he was immediately elected president The Secession was a great success holding both a first and second exhibition in 1898 The movement made enough money to commission its very own building designed for it by the architect Joseph Maria Olbrich Above the entrance was its motto To each age its art to art its freedom From around 1897 onward Klimt spent almost every summer on the Attersee with the Flöge family These were periods of peace and tranquillity in which he produced the landscape paintings constituting almost a quarter of his entire oeuvre Klimt made sketches for virtually everything he did Sometimes there were over a hundred drawings for one painting each showing a different detail a piece of clothing or jewellery or a simple gesture Just how exceptional Gustav Klimt was is perhaps reflected in the fact that he had no predecessors and no real followers He admired Rodin and Whistler without slavishly copying them and was admired in turn by the younger Viennese painters Egon Schiele and Oskar Kokoschka both of whom were greatly influenced by Klimt **Gustav Klimt** Gilles Néret, Gustav Klimt, 2000 Gustav Klimt's art thoroughly expresses the apocalyptic atmosphere of Vienna's upper middle class society a society devoted to the cultivation of aesthetic

awareness and the cult of pleasure The ecstatic joy which Klimt and his contemporaries found or hoped to find in beauty was constantly overshadowed by death And death therefore plays an important role in Klimt s art Klimt s fame however rests on his reputation as one of the greatest erotic painters and graphic artists of his times In particular his drawings which have been widely admired for their artistic excellence are dominated by the erotic portrayal of women Klimt saw the world in female form site accessed 23 07 2012 <http://www.amazon.com/Gustav-Klimt-1862-1918-Basic-Art/dp/382285980X>
