The Presidents Sid Frank, 1982 **The Presidents** Sidney Frank, 1977 The Presidents Sid Frank, Arden Davis Melick, 1980 The Presidents Sid Frank, Arden Davis Melick, 1989-01-01 *Presidential Trivia* Richard Lederer, 2009-09

From the beloved Richard Lederer comes another kind of trivia book *Presidential Trivia*. In it you'll find all the details about the lives of the United States presidents. It answers such questions as: Who was the first president to be assassinated? Who was the first to be impeached? It also answers less important but certainly interesting questions such as: Who was our fattest president? Our Tallest? Who played golf? Who played poker? Filled with games, anagrams, poems, speeches, and an abundance of tidbits, details, and fascinating facts, this book is perfect for the novice to the history buff.

Real Life at the White House John Whitcomb, Claire Whitcomb, 2002. An irresistible chronological overview of daily life in the presidential residence. Divided into 42 chapters representing each succeeding administration, this survey is brimming with fun facts, tantalizing tidbits, and memorable anecdotes detailing two centuries of domestic bliss and strife in the White House. From George Washington, who chose the site and initiated work on the presidential mansion, to Bill Clinton, whose well-documented White House escapades titillated and scandalized the nation, each individual president has contributed to the mystique of the most readily recognized home in the U.S. Together with scores of drawings, portraits, and photographs, the breezy text chronicles the significant physical, social, and emotional changes wrought by each First Family as they sought to personalize daily life in the White House.

The Raising of a President Doug Wead, 2005-03-15. God bless my mother, all I am or ever hope to be, I owe to her, Abraham Lincoln. What are the family circumstances that have created our presidents? How did their upbringing shape their future and ours? New York Times bestselling author Doug Wead answers these questions in one of the most comprehensive studies of presidential families to date. When one thinks about the leadership qualities of George Washington and Theodore Roosevelt, or the intellectual prowess of John Adams and Abraham Lincoln, it is hard to imagine them as children. It is even more difficult to envision the parents of our leaders, especially the larger-than-life idols of our political past. Our greatest presidents have entered the Oval Office armed with overwhelming ambition, intellect, and political savvy. But were these characteristics evident in childhood? *The Raising of a President* is a groundbreaking look at the parents of the American presidents, full of never-before-seen facts and anecdotes, as well as psychological profiles based on Wead's findings. He analyzes the types of families into which our presidents were born and sheds a fascinating light on how their destinies were shaped during childhood. Using countless presidential correspondences and letters, as well as notes from hours of his own private conversations and interviews with six presidents and first ladies, Wead focuses specifically on the early life of our first president, George Washington; John Adams; John Quincy Adams; and the making of our nation's first political empire, the humble beginnings of our greatest president, Abraham Lincoln; the privileged upbringing of Franklin Delano Roosevelt; the ambitious rise of John Fitzgerald Kennedy; and the quiet dynasty led by George H.W. Bush and his son, George W. Bush.

Throughout *The Raising of a President* readers will find that the circumstances and events that would destroy most children were often the very things that sparked greatness in our nation's future leaders. These are the stories of the presidents' parents, but in a truer sense they are the stories of the presidents themselves from a perspective that is long overdue.

Presidential Trivia, 3rd Edition Richard Lederer, 2017-02-21 A freshly updated look at everything you never knew you wanted to know about our country's illustrious line of commanders in chief, updated to include fascinating facts on our brand new 45th president, Donald Trump. You'll find more than 1,000 fun and engaging facts in this book about each and every one of America's forty-four different presidents (forty-five if you count Grover Cleveland with his two nonconsecutive terms). This revised edition has been updated to include new facts about our most recently elected president. Want to know which president appeared on the nation's very first TV broadcast, Herbert Hoover, before he was president in 1927? How about George Washington's presidential salary? An exorbitant at least in eighteenth-century dollars: \$25,000. Who first pardoned a presidential turkey, Harry Truman, in a debilitating fit of guilt? We don't know about you, but we can't get enough of this stuff. Richard Lederer is the author of more than thirty-five books about language, history, and humor, including his best-selling *Anguished English* series. He is founding cohost of *A Way with Words* on public radio and his syndicated column *Looking at Language* appears in newspapers and magazines throughout the United States. He has been named International Punster of the Year and Toastmasters International's Golden Gavel winner.
