

A woman with long, wavy brown hair is standing outdoors in a wooded area. She is wearing a white t-shirt with the text "REAL WOMEN - AREN'T MEN -" printed in bold, black, sans-serif capital letters. The background shows trees with some autumn-colored leaves and a small building with a brown roof. The ground is covered with fallen leaves.

Recovering Identity Cesraéa Rumpf, 2023-05-02 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more Recovering Identity examines a critical tension in criminalized women's identity work Through in-depth qualitative and photo-elicitation interviews Cesraéa Rumpf shows how formerly incarcerated women engaged recovery and faith-based discourses to craft rehabilitated identities defined in opposition to past identities as criminal addicts While these discourses made it possible for women to carve out spaces of personal protection growth and joy they also promoted individualistic understandings of criminalization and the violence and dehumanization that followed Honoring criminalized women's stories of personal transformation Rumpf nevertheless strongly critiques institutions' promotion of narratives that impose lifelong moral judgment while detracting attention from the structural forces of racism sexism and poverty that contribute to women's vulnerability to violence

The Other Women's Movement Dorothy Sue Cobble, 2005-08-21 American feminism has always been about more than the struggle for individual rights and equal treatment under the law In this book the author retrieves an alternative tradition of women's reform that sought answers to questions increasingly pressing today how to balance work and family and how to address growing economic inequalities This book traces the history of American social justice feminism from the 1930s into the present and to link that continuous tradition with the leadership of labor women

My Fair Ladies Julie Wosk, 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea Yet as technology has advanced over the past century the figure of the lifelike manmade woman has become nearly ubiquitous popping up in everything from Bride of Frankenstein to Weir Science to The Stepford Wives Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women revealing the array of cultural fantasies and fears they embody My Fair Ladies considers how female automatons have been represented as objects of desire in fiction and how living dolls have been manufactured as real-world fetish objects But it also examines the many works in which the perfect woman turns out to be artificial a robot or doll and thus becomes a source of uncanny horror Finally Wosk introduces us to a variety of female artists writers and filmmakers from Cindy Sherman to

Shelley Jackson to Zoe Kazan who have cleverly crafted their own images of simulated women. Anything but dry, *My Fair Ladies* draws upon Wosk's own experiences as a young female Playboy copywriter and as a child of the feminine mystique era to show how images of the artificial woman have loomed large over real women's lives. Lavishly illustrated with film stills, artwork, and vintage advertisements, this book offers a fresh look at familiar myths about gender, technology, and artistic creation.

Punishment and Social Control Stanley Cohen, 2017-07-05 While crime law and punishment are subjects that have everyday meanings not very far from their academic representations, social control is one of those terms that appear in the sociological discourse without any corresponding everyday usage. This concept has a rather mixed lineage. After September 11 has become a slogan that conveys all things to all people but carries some very specific implications on interrogation and civil liberties for the future of punishment and social control. The editors hold that the already pliable boundaries between ordinary and political crime will become more unstable; national and global considerations will come closer together; domestic crime control policies will be more influenced by interests of national security measures to prevent and control international terrorism; will cast their reach wider to financial structures and ideological support; the movements of immigrants, refugees, and asylum seekers will be curtailed and criminalized; taken for granted human rights and civil liberties will be restricted. In the midst of these dramatic social changes, hardly anyone will notice the academic field of punishment and social control being drawn closer to political matters. Criminology is neither a pure academic discipline nor a profession that offers an applied body of knowledge to solve the crime problem. Its historical lineage has left an insistent tension between the drive to understand and the drive to be relevant. While the scope and orientation of this new second edition remain the same in recognition of the continued growth and diversity of interest in punishment and social control, new chapters have been added and several original chapters have been updated and revised.

Beyond the Mulatta Lenore Todd, 2025-03-27 *Beyond the Mulatta: Haunted Hybridity in Advertising* will chronicle and analyze black and mixed race women's trajectory in postcolonial visual culture history. In contemporary western advertising, there is a frequently recurring stock figure of a particular type of black woman. This figure is of African descent with a light to medium skin tone and a loosely curled Afro. She is an engine of middle class aspiration and an avatar of a better future that is close at hand but will never happen.

New Perspectives on the Transnational Right M. Durham, 2016-06-08 The links the conservative Right has sought to forge beyond the national over the last century have been too often neglected, and this volume sheds new light on transnationalism, the Right, and the ways the two interact.
