Realism And The Birth Of The Modern United States

Phillip J. Barrish

Realism And The Birth Of The Modern United States:

Realism and the Birth of the Modern United States Stanley Corkin, 1996 This book offers an interdisciplinary view of American culture in the late nineteenth and early twentieth centuries Using the conventions of historical study Stanley Corkin draws out the ways in which the works of writers and filmmakers from 1885 to 1925 shaped and were shaped by the business politics and social life of the period Corkin traces the entrance of the United States into the modern age by considering the historical dimension of cinema and literary aesthetics first of realism then naturalism and finally modernism He begins with the work of writer William Dean Howells and the advent of American cinema under the stewardship of Thomas Edison arguing that realism was complexly involved in Progressive political and economic reform Next analyses of Theodore Dreiser's novel *Sister Carrie* and the films of the Edison Company's star director Edwin S Porter detail the relationships of naturalism to the increasingly abstract presentation of the material commodity through mass marketing The study culminates with an examination of the parallels between Ernest Hemingway's *In Our Time* and the D W Griffith film *The Birth of a Nation* These two modernist works Corkin contends illustrate strategies of expression that attempt to move the material commodity away from its economic base and into a pristine apolitical realm These literary and cinematic works both reflect and participate in the economic political and social reorganization of American life from the top down The result Corkin concludes is a world in which a conception of a human being is asserted as differing little from that of a machine a tree or an animal

Realism and the birth of the modern United States : cinema, literature, and culture Stanley Corkin, 1996 This book offers an interdisciplinary view of American culture in the late nineteenth and early twentieth centuries Using the conventions of historical study Stanley Corkin draws out the ways in which the works of writers and filmmakers from 1885 to 1925 shaped and were shaped by the business politics and social life of the period Corkin traces the entrance of the United States into the modern age by considering the historical dimension of cinema and literary aesthetics first of realism then naturalism and finally modernism

Mark Twain and Male Friendship Peter Messent, 2009-10-30 Biographies of America's greatest humorist abound but none have charted the overall influence of the key male friendships that profoundly informed his life and work Combining biography literary history and gender studies *Mark Twain and Male Friendship* presents a welcome new perspective as it examines three vastly different friendships and the stamp they left on Samuel Clemens's life With accessible prose informed by impressive research the study provides an illuminating history of the friendships it explores and the personal and cultural dynamic of the relationships In the case of Twain and his pastor Joseph Twichell emphasis is put on the latter's role as mentor and spiritual advisor and on Twain's own waning sense of religious belonging Messent then shifts gears to consider Twain's friendship with fellow author and collaborator William Dean Howells Fascinating in its own right this relationship also serves as a prism through which to view the literary marketplace of nineteenth century America A third seemingly unlikely friendship between Twain and Standard Oil executive

H H Rogers focuses on Twain's attitude toward business and shows how Rogers and his wife served as a surrogate family for the novelist after the death of his own wife. As he charts these relationships, Messent uses existing work on male friendship, gender roles, and cultural change as a framework in which to situate altered conceptions of masculinity and of men's roles not just in marriage but in the larger social networks of their time. In sum, *Mark Twain and Male Friendship* is not only a valuable new resource on the great novelist but also a lively cultural history of male friendship in nineteenth-century America.

A Companion to Mark Twain Peter Messent, Louis J. Budd, 2015-08-17 This broad-ranging companion brings together respected American and European critics and a number of up-and-coming scholars to provide an overview of Twain, his background, his writings, and his place in American literary history. One of the most broad-ranging volumes to appear on Mark Twain in recent years. Brings together respected Twain critics and a number of younger scholars in the field to provide an overview of this central figure in American literature. Places special emphasis on the ways in which Twain's works remain both relevant and important for a twenty-first-century audience. A concluding essay evaluates the changing landscape of Twain criticism.

The Cambridge Introduction to American Literary Realism Phillip J. Barrish, 2011-10-06 Between the Civil War and the First World War, realism was the most prominent form of American fiction. Realist writers of the period include some of America's greatest, such as Henry James, Edith Wharton, and Mark Twain, but also many lesser-known writers whose work still speaks to us today, for instance Charles Chesnut, Zitkala, and Sarah Orne Jewett. Emphasizing realism's historical context, this introduction traces the genre's relationship with powerful, often violent social conflicts involving race, gender, class, and national origin. It also examines how the realist style was created, the necessarily ambiguous relationship between realism produced on the page and reality outside the book, and the different, often contradictory forms realism took in literary works by different authors. The most accessible yet sophisticated account of American literary realism currently available, this volume will be of great value to students, teachers, and readers of the American novel.

United States in Pictures Thomas Streissguth, 2008-01-01 The United States, one of the wealthiest nations on earth, is one of the world's most active trading states and a leading economic power. This book examines the contrast and diversity inherent in the land, its history, people, and government.

Hollywood's America Steven Mintz, Randy W. Roberts, David Welky, 2016-01-04 Fully revised, updated, and extended, the fifth edition of *Hollywood's America* provides an important compilation of interpretive essays and primary documents that allows students to read films as cultural artifacts within the contexts of actual past events. A new edition of this classic textbook, which ties movies into the broader narrative of US and film history. This fifth edition contains nine new chapters with a greater overall emphasis on recent film history and new primary source documents, which are unavailable online. Entries range from the first experiments with motion pictures all the way to the present day. Well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of American film.

Research Guide to American Literature Benjamín Franklin, 2010 Presents American

literature from the beginnings to the Revolutionary War including essays narratives and more [The Oxford Handbook of Global Realisms](#) Vaysman,2025-11-04 Realism is an artistic practice that aims to faithfully represent reality Historically it has been practiced across different media from early pictorial art and epic oral narratives through literature and visual arts to film music and digital media However an understanding of what it means to faithfully represent reality is not universal rather it varies from culture to culture The Oxford Handbook of Global Realisms approaches realism as a transnational transhistorical and intermedial global phenomenon It brings the diversity of global realisms to the fore showcasing previously underrepresented and marginalized theories practices forms and media of realist cultural production [Focus On: 100 Most Popular United States National Film Registry Films](#) Wikipedia contributors,
