Boyce, 2012-02-14 Many of the most celebrated British films of the immediate post war period 1945 55 seem to be occupied with getting on with life and offering distraction for postwar audiences It is the time of the celebrated Ealing comedies *Hue and Cry* 1946 and *Kind Hearts and Coronets* 1949 Dickens adaptations and the most ambitious projects of the Archers While the war itself is rarely mentioned in these films the war and

the conditions of postwar society lie at the heart of understanding them While various studies have focused on lesser known realist films few consider how deeply and completely the war affected British film Michael W Boyce considers the preoccupation of these films with profound anxieties and uncertainties about what life was going to be like for postwar Britain what roles men and women would play how children would grow up even what it meant and what it still means today to be British

Reading London in Wartime William Cederwell, 2017-11-06 Reading London in Wartime Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work

Femininity in the Frame Melanie Bell, 2009-11-30 It s widely assumed that Britain in the 1950s experienced a return to traditional gender roles Popular cinema has typically been seen to represent this era through the dominant image of the happy housewife Femininity in the Frame is a sharply observant account of how British cinema engaged with femininity and women s roles during this important period Written in a lively and accessible manner it challenges received understandings arguing that the period was marked by social unease and anxiety about gender roles and femininity with much British cinema producing

ambiguous messages about feminine identities and the role of women Through analysing marginalized figures such as prostitutes criminals and femmes fatales and addressing central themes notably sexuality marriage and female friendship Melanie Bell examines how British popular cinema imagined and constructed femininity in this era of rapid social and cultural change She draws together sources ranging from official reports to film reviews with case studies of films across genres including *The Perfect Woman* *Young Wives Tale* *The Weak and the Wicked* and *A Town Like Alice* to show how new ideas and understandings of femininity were seeping into the cultural imagery at this time She demonstrates how such films expressed proto feminist ideas and how they ultimately explored new forms of femininity in a manner that has not until now been recognised
