Reasoning Heart Toward A North American Theology

Frank M. Oppenheim

Reasoning Heart Toward A North American Theology:

A Morally Complex World James T. Bretzke, 2022-04-30 How can people celebrate the gospel of life in their daily lives What about cloning Is euthanasia morally acceptable in certain cases such as terminal illness In case of health reasons mental illness pregnancy due to rape etc is abortion morally acceptable Are you in favor of the use of contraceptives both natural and artificial A Morally Complex World will not answer such complex questions in detail but it does provide a framework for trying to grapple better with the first question of how we should lead our moral lives in general as well as some of the concrete ethical issues the other three questions raise A Morally Complex World is an accessible introduction to moral theology covering the methodology of moral theology basic concepts such as conscience and moral agency natural law moral norms how the Bible can be used in Christian ethics how to dialogue on contested ethical issues how to consider sin and moral failure and finally how to mediate moral principles and moral teaching in a pastorally sensitive manner in concrete life situations Chapters are Mapping a Moral Methodology The Natural Law and Moral Norms Moving Along the Rational Claim Axis Scripture and Ethics Moving Along the Sacred Claim Axis The Sanctuary of Conscience Where the Axes Intersect Modes of Moral Discourse Navigating Towards a Common Ground Navigating in the Morally Complex World Casuistry with a Human Face and Sin and Failure in a Morally Complex World James T Bretzke SJ STD is associate professor of theology and religious studies at the University of San Francisco and an adjunct professor of moral theology at the Jesuit School of Theology at Berkeley He has written three books including Consecrated Phrases A Latin Theological Dictionary published by Liturgical Press which won an award from the Catholic Press Association He has also authored over fifty articles and scholarly reviews in the areas of Roman Catholic moral theology and cross cultural ethics **The Reasoning Heart** Frank M. Oppenheim, The Reasoning Heart Frank M. Oppenheim, 1986 One Holy and Happy Society Gerald R. McDermott, 2010-11 Jonathan Edwards 1703-58 was arguably this country's greatest theologian and its finest philosopher before the nineteenth century His school of disciples the New Divinity exerted enormous influence on the religious and political cultures of late colonial and early republican America Hence any study of religion and politics in early America must take account of this theologian and his legacy Yet historians still regard Edwards's social theory as either nonexistent or underdeveloped Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks McDermott shows that Edwards thought deeply about New England's status under God America's role in the millennium the nature and usefulness of patriotism the duties of a good magistrate and what it means to be a good citizen In fact his sociopolitical theory was at least as fully developed as that of his better known contemporaries and more progressive in its attitude toward citizens rights Using unpublished manuscripts that have previously been largely ignored McDermott also convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this nook is both less provincial

and more this worldly than the persona he is commonly given Committed Worship: Adult conversion and initiation Donald L. Gelpi, 1993 Volume II develops a sacramental theology that addresses the needs of all adult Christians The chapters on Marriage show how conversion both humanizes and Christianizes human sexuality providing the context for a foundational rethinking of the meaning of the context for a foundational rethinking of the meaning of Christian Marriage The discussion of Orders examines the responsibilities of ordained leaders and throws light on the rise of clericalism and on the meaning of priestly identity and ministry in addition to clarifying the relationship between the priesthood of the laity and that of the ordained A discussion of Christian nurture explains the practical and theoretical meaning of infant Baptism This volume also examines the three sacraments that most foster ongoing conversion Reconciliation Anointing and Eucharist After situating each of these rituals in its Biblical and historical setting the author shows how each contributes to ongoing Christian conversion Metaphysics Josiah Royce, 1998-01-01 An edited transcript of the great Harvard philosopher Josiah Royce's last year long course in metaphysics given at Harvard in 1915 1916 **Reverence for the Relations of Life** Frank M. Oppenheim, S.J., 2016-12-15 Josiah Royce and William James lived in Cambridge Massachusetts on Irving Street just two doors apart and Charles Peirce grew up only blocks away John Dewey was born and educated in nearby Vermont These four great thinkers shared more than geographic space they engaged in a series of formative philosophical discussions By tracing the interactions of Royce 1855 1916 with James Peirce and Dewey Oppenheim reimagines pragmatism in a way that highlights the late Royce's role as mediator and favors the seed plant image of O W Holmes Jr over the corridor image of Papini Josiah Royce emphasized that communities of all sizes ranging from families to towns needed reverence for the relations of life not only to thrive but to survive This theme permeates the dialectic of Royce's interactions with Peirce James and Dewey Oppenheim analyzes the agreement and disagreement of these thinkers on the method and content of philosophy skepticism and intelligibility and nominalism and intentionality as he uncovers their varied stances toward transcendent Reality Oppenheim repudiates Ralph Barton Perry's tactic of using Royce as a foil to display James positively by offering a richer portrait of Royce Oppenheim calls attention to Royce's doctrine of two levels and its effects on the distinction of human and super human by showing the contrast of Royce's third attitude of will against two primarily self centered attitudes of will and by examining the roles of Spirit Community and semiotic process in Royce's late thought **Increasing the Knowledge of Baptism in the Holy Spirit** Dr. Sunday Omotosho, 2022-10-31 Too often Jesus Christ is central to the theology of the Church but hardly central in the way we do Church This scholarly work Increasing the Knowledge of Baptism in the Holy Spirit is a refreshing insight and a powerful corrective to the Church who must continually correlate the ministry of the Lord Jesus with the person and work of the Holy Spirit In this scholarly work Dr Sunday Omotosho lays out the intriguing concept of examining the rich scripture based excellence of a Holy Spirit baptized Church affirming that when the Word of God on the baptism of the Holy Spirit is increasingly taught and applied to God's people the Church becomes the

powerhouse God intended it to be Drawing upon scripture and personal experiences the author presents an enlightening look at how God wants to use His Church mightily in this momentous period of the world through the baptism of the Holy Spirit providing practical steps towards achieving that Increasing The Knowledge Of Baptism In The Holy Spirit is foundational practical and helpful for Christian and Church leaders It will make you rethink much of what you think you know about the Holy Spirit the body of Christ and God s mission to the world *Directory of American Scholars: Philosophy, religion and law* ,1999 Royce's Mature Philosophy of Religion Frank M. Oppenheim,1987

Getting the books **Reasoning Heart Toward A North American Theology** now is not type of challenging means.
