Reasons For Our Rhymes An Inquiry Into The Philosophy Of History:

Reasons for Our Rhymes Robert A. Herrera,2001 *Reasons for Our Rhymes* provides a fascinating chronological overview of the major philosophical approaches to human history Herrera clearly presents the ideas and influences of key figures from the past two thousand years St Augustine Vico Hegel Marx and others showing how each of these thinkers initiated a new paradigm for our understanding of the meaning of history *B. B. Warfield's Scientifically Constructive Theological*

Scholarship David P. Smith,2011-08-05 B B Warfield the Lion of Princeton is perhaps America s most prolific and preeminent biblical and theological scholar and yet he has been largely misunderstood and misrepresented In this landmark work David Smith penetrates to the defining features of Warfield s thought and helps us understand its revolutionary character Warfield s detractors have maligned his thought as static and beholden to an outdated epistemology yet Smith debunks this myth Placed within his historical context we discover Warfield expressing the organic and dynamic nature of truth overcoming the subject object dilemma that plagues Western epistemological rationalism and mysticism and all through his explaining the doctrinal system warranted by the Bible Theological scholarship and American church historiography will have to reckon with this fresh and much needed apologetic on America s preeminent apologist **A Theology for the Church** Dr. Daniel

L. Akin,2014-06-01 The revised edition of *A Theology for the Church* retains its original structure organized under these traditional theological categories revelation God humanity Christ the Holy Spirit salvation the church and last things Each chapter within these sections contains answers to the following four questions What does the Bible say What has the church believed How does it all fit together How does this doctrine impact the church today Contributions from leading Baptist thinkers R Albert Mohler Jr Paige Patterson and Mark Dever among others will also appeal to the broader evangelical community Included in this revision are new chapters on theological method from a missional perspective Bruce Ashford and Keith Whitfield and theology of creation providence and Sabbath that engages current research in science and philosophy Chad Owen Brand Chapters on special revelation David Dockery and human nature John Hammett have also been updated

Poems Containing History Gary Grieve-Carlson,2013-11-08 Ezra Pound s definition of an epic as a poem containing history raises questions how can a poem contain history And if it can does it help us to think about history in ways that conventional historiography cannot *Poems Containing History* Twentieth Century American Poetry s Engagement with the Past by Gary Grieve Carlson argues that twentieth century American poetry has contained and helped its readers to think about history in a variety of provocative and powerful ways Tracing the discussion of the relationship between poetry and history from Aristotle s *Poetics* to Norman Mailer s *The Armies of the Night* and Hayden White s *Metahistory* the book shows that even as history evolves into a professional academic discipline in the late nineteenth century and as its practitioners emphasize the scientific aspects of their work and minimize its literary aspects twentieth century American poets continue to take history as the subject of their major poems Sometimes they endorse the views of mainstream historians as Stephen

Vincent Ben t does in John Brown s Body but more often they challenge them as do Robert Penn Warren in Brother to Dragons Ezra Pound in The Cantos or Charles Olson in The Maximus Poems In Conquistador Archibald MacLeish illustrates Aristotle s claim that poetry tells more philosophical truths about the past than history does while in Paterson William Carlos Williams develops a Nietzschean suspicion of history s value Three major American poets T S Eliot in Four Quartets Hart Crane in The Bridge and Carolyn Forché in The Angel of History present different challenges to professional historiography s assumption that the past is best understood in strictly material terms Poems Containing History devotes chapters to each of these poets and offers a clear sense of the seriousness with which American poetry has engaged the past as well as the great variety of those engagements The Doctrine of Creation Bruce Riley Ashford, Craig G. Bartholomew, 2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition s rich resources on creation for systematic theology and the life of the church today

Exploring the Old Testament Ernest C. Lucas, 2016-08-01 Ernest C Lucas provides an informed illuminating and interactive introduction to the ancient background the literary artistry and the varied and timeless messages of the Psalms and Wisdom literature **Introducing Biblical Hermeneutics** Craig G.
