Rebellious People Basques Protests And Politics:

Politics, Culture, and Sociability in the Basque Nationalist Party Roland Vazquez, 2010-11-28 Until now social scientists studying Spanish politics have focused on party systems regime transition and election analysis and anthropologists studying Spain have largely neglected its political parties This book is a pathbreaking work of political anthropology and an ethnographic study of the Basque Nationalist Party PNV Author Roland Vazquez studies Basque nationalism as not merely a political phenomenon but as a cultural and social one as well He examines the forces that have shaped the Basque political panorama the nature of Basque political campaigns Basque cultural and social movements both inside and outside the explicitly partisan milieu and the role of other parties in the Basque Country The study is enhanced by extensive interviews and broad fieldwork among Basque contacts of diverse backgrounds and loyalties The result is a vivid portrait of political life in the contemporary Basque Country of the tensions between various nationalist parties and philosophies and of the way politics are influenced by Basque notions of community social connections and national identity The book also serves as a model for studies of other political and nationalist movements and the cultural and social ties and values that drive them

A Rebellious People Cyrus Ernesto Zirakzadeh, 1991 In this scholarly work Zirakzadeh argues that there is a calculated reasoning behind ETA's political violence that is often overlooked by researchers His book is a comprehensive account of the Basque region's grassroots politics

Out of Prison Nicolás Buckley, 2021-04-15 In this engaging and original book Nicolás Buckley draws on a unique body of oral history interviews with former armed activists in order to tell stories of ETA from inside Locating these stories in the rapidly changing historical landscape of Spain during the late Franco and transition periods the book challenges straightforward interpretations of the Basque independence movement as alternatively a terrorist organization or victims of Spanish nationalism Buckley combines historical analysis with reflections on his own personal experiences as a young Spanish student growing up in Madrid in the post Franco era arguing for the importance of generation in presenting alternative accounts of ETA from the Spanish perspective and presenting an intriguing account of the role of ETA and Basque nationalism in shaping contemporary Spanish and national identity and social imaginary Weaving together history memory and self reflection this book makes a valuable contribution to the literature on ETA Basque nationalism and contemporary Spanish history

Carrie Hamilton Oral Historian

Acts of Rebellion Ward Churchill, 2003-12-16 What could be more American than Columbus Day Or the Washington Redskins For Native Americans they are bitter reminders that they live in a world where their identity is still fodder for white society The law has always been used as toilet paper by the status quo where American Indians are concerned writes Ward Churchill in Acts of Rebellion a collection of his most important writings from the past twenty years Vocal and incisive Churchill stands at the forefront of American Indian concerns from land issues to the American Indian Movement from government repression to the history of genocide Churchill one of the most respected writers on Native American issues lends a strong and radical

voice to the American Indian cause Acts of Rebellion shows how the most basic civil rights laws put into place to aid all Americans failed miserably and continue to fail when put into practice for our indigenous brothers and sisters Seeking to convey what has been done to Native North America Churchill skillfully dissects Native Americans struggles for property and freedom their resistance and repression cultural issues and radical Indian ideologies **Cities and Sovereignty** Diane E. Davis, Nora Libertun de Duren, 2011-02-01 Cities have long been associated with diversity and tolerance but from Jerusalem to Belfast to the Basque Country many of the most intractable conflicts of the past century have played out in urban spaces The contributors to this interdisciplinary volume examine the interrelationships of ethnic racial religious or other identity conflicts and larger battles over sovereignty and governance Under what conditions do identity conflicts undermine the legitimacy and power of nation states empires or urban authorities Does the urban built environment play a role in remedying or exacerbating such conflicts Employing comparative analysis these case studies from the Middle East Europe and South and Southeast Asia advance our understanding of the origins and nature of urban conflict **Nationalising and Denationalising European Border Regions, 1800-2000** Hans Knippenberg, J. Markusse, 2012-12-06 During the last two centuries the political map of Europe has changed considerably More recently there are remarkably contrasting tendencies concerning the functions and densities of borders The borders inside the European Union lost their importance whereas Central and Eastern Europe saw the birth of a multitude of new state borders The long term study of border regions therefore is a fascinating subject for geographers historians social scientists and political scientists The main thesis of this book is that the rise of the modern nation state reinforced the separating function of state borders by nationalising the people on both sides of it This process gained strength in the late 19th and early 20th centuries and was challenged in the second half of this century by processes of supra national integration globalisation and the revolution in communication and transport as the case studies from different parts of Europe of this book will show Audience This book will be of interest to academics researchers and practitioners in geography history political sciences European studies and East European studies

The Terrorism Reader David J. Whittaker, 2003 Exploring all the aspects of terrorism from its definition psychological and sociological effects legal and ethical issues to counter terrorism this reader illustrates the growth and variety of this puzzling international phenomenon It draws together material from a wide variety of experts and makes their opinions on terrorism easily accessible allowing understanding conjecture and debate It includes a series of case studies from four continents including ETA and Spain the Revolutionary Armed Forces of Colombia the Shining Path in Peru the Liberation Tigers in Sri Lanka the IRA and UVF in Northern Ireland and the Quaddafi regime in Libya This updated edition also examines al Qaida the Taliban and the horrifying events of September 11th **Self-Determination and Collective Responsibility in the Secessionist Struggle** Costas Laoutides, 2016-03-03 The often violent emergence of new independent states following the end of the Cold War generated discussion about the normative grounds of territorial

separatism A number of opposing approaches surfaced debating whether and under which circumstances there is a right for a community to secede from its host country Overwhelmingly these studies placed emphasis on the right to secession and neglected the moral stance of secessionist movements as agents in international relations In this book Costas Laoutides explores the collective moral agency involved in secessionist struggles offering a theoretical model for the collective responsibility of secessionist groups Case studies on the Kurds and the people of Moldova Transdnistria illustrate the author's theoretical arguments as he seeks to establish how although the principle of self determination was envisaged as a means of gradually bestowing political power upon the people it never managed to realize its full potential because it was interpreted strictly within a framework of exclusionary politics of identity *Encyclopedia of the World's Minorities* Carl Skutsch,2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World's Minorities website **Contemporary Native American Political Issues** Troy Johnson,2000-01-01 How does one make a clear distinction between issues such as tribal sovereignty indigenous rights and law and justice How do these topics differ and can they be separated from issues such as identity health and environment The answer of course lies in the interconnectedness of all aspects of Native American life culture religion and politics This format encourages the consideration of Native politics both in terms of unifying themes and contexts and with regard to local situations needs and struggles From the Introduction by Troy Johnson Troy Johnson and has assembled a volume of top scholarship from which emerges the complexity and diversity of Native American political life in the 1990's Each topical section is introduced by the editor's own commentaries which provide background and integrated analyses of the issues at hand They are followed by informative critical case studies and essays that offer experiences and perspectives from a variety of Native American and political settings Students will gain grounded understandings of key issues as well as a variety of theoretical perspectives from which to understand contemporary American Indian political life Topics include sovereignty international indigenous rights economic development law repatriation and activism

Rebellious People Basques Protests And Politics Introduction

In today's digital age, the availability of *Rebellious People Basques Protests And Politics* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Rebellious People Basques Protests And Politics* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Rebellious People Basques Protests And Politics* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Rebellious People Basques Protests And Politics* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Rebellious People Basques Protests And Politics* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Rebellious People Basques Protests And Politics* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *Rebellious People Basques Protests And Politics* books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rebellious People Basques Protests And Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rebellious People Basques Protests And Politics books and manuals for download and embark on your journey of knowledge?
