Recasting German Federalism The Legacies Of Unification

Flavio G. I. Inocencio

Recasting German Federalism The Legacies Of Unification:

Recasting German Federalism Charlie Jeffery, 1999-01-01 Understanding Germany's federal structure is crucial to understanding contemporary Germany. The federal system shaped the way German unification was carried out; it shapes the way in which policies are made and it plays a role in determining the way in which Germany presents its priorities in the EU. The first part of the book analyzes the nature of pre-unification West German federalism and the unique challenge posed for the federal system by unification. Part 2 takes stock of key issues in the operation of post-unification federalism, including the policy process, the role of parties in federalism, conflicts of interest over financial allocations, and the impact of deepening European integration. The final part offers a series of critical perspectives which address the long-term legacies of unification and increasing pressures for reform.

Recasting German Federalism Charlie Jeffery, 1999 Understanding Germany's federal structure is crucial to understanding contemporary Germany. The federal system shaped the way German unification was carried out; it shapes the way which policies are made and it plays a role in determining the way in which Germany presents its priorities in the European Union. This first part establishes the context by setting out and analyzing the character of pre-unification West German federalism and the challenge posed for the federal system by German unification. The second part takes stock of key issues in the operation of post-unification federalism, including the policy process, the role of parties in federalism, conflicts of interest over financial allocations, and the impact of deepening European integration. The final part offers a series of critical perspectives which address the long-term legacies of unification and the increasing pressures for reform which now beset the federal system.

German Public Policy and Federalism Arthur B. Gunlicks, 2004-10-01 Since unification, German society and institutions have been challenged by various transformations and the need to adjust to changing conditions. While much has been accomplished, many political, legal, and institutional problems remain. This volume deals with selected aspects of domestic and European policy, political parties, the challenge of direct democracy, and federalism in unified Germany. All issues that have been the subject of much discussion, political posturing, legislation, and to some extent constitutional amendments and court decision for many years, if not decades. In conclusion, a British scholar looks at German federalism and a number of public policy issues from a comparative perspective and arrives at some surprising and encouraging results.

Reconceptualizing Sovereignty in the Post-National State: Statehood Attributes in the International Order Flavio G. I. Inocencio, 2014 This book offers a multidisciplinary approach to the study of the concept of sovereignty. This book outlines the origins, context, and evolution of the concept of sovereignty as an essential attribute of the modern territorial State since the Peace of Westphalia in 1648. The book identifies two competing traditions of the concept of sovereignty: the tradition inaugurated by Jean Bodin in 1576 in his work *The Six Books of the Commonwealth* and another that started with Johannes Althusius in 1603, considered the father of federal theory in his less-known work *Politica*. In order to understand the concept of sovereignty, it is necessary to understand the constitutional rules of each international system.

and the fact that the States are the primary polities in the international arena The rise of International Organizations and the increasing institutionalization of the international system challenges this state centric world considering their exercise of sovereign powers Following authors such as Daniel Elazar the book discusses the importance of federalism as political theory which offers a different understanding of the concept of sovereignty The book discusses the European Union as a paradigmatic case of a postmodern confederation which challenges the notion of sovereignty as an absolute and exclusive statehood attribute Furthermore the reconceptualization of sovereignty in International Law should consider the rise of regional and functional legal orders the different understandings of sovereignty offered by the federalist tradition and the processes of deterritorialization and disaggregation of authority The book concludes with the idea that concept of sovereignty in International Law should be seen as a flexible concept which is not an exclusive attribute of the modern territorial state This book is required reading for all interested in the history and the evolution of the concept of sovereignty

Developments in German Politics 3 Stephen Padgett, Gordon Smith, William E. Paterson, 1992 Once the miracle economy of the continent Germany now staggers under the massive cost burden of unification while it struggles to come to terms with global economic change Failure to confront the underlying economic weakness has discredited political institutions and patterns of political behavior that were once regarded as the efficient secret of economic success The country stands at the crossroads between economic reform and a spiral of economic decline with unpredictable fallout Bringing together entirely new chapters by leading authorities in the field Developments in German Politics 3 examines the unfolding crisis of German political economy its repercussions for polity politics and policy and the consequences for Germany's role in Europe and the wider world Like its predecessors this book will be of interest to all concerned with European politics and will be necessary reading for students of German politics and society Contributors David P Conradt Russell J Dalton Kenneth Dyson Klaus H Goetz Simon Green Adrian Hyde Price Charlie Jeffery Stephen Padgett William E Paterson Wolfgang R dig Martin Seeleib Kaiser Gordon Smith Roland Sturm

Constitutional Origins, Structure, and Change in Federal Countries

International Association of Centers for Federal Studies, Forum of Federations, 2005 Providing examples of diverse forms of federalism including new and mature developed and developing parliamentary and presidential and common law and civil law the comparative studies in this volume analyse government in Australia Belgium Brazil Canada Germany India Mexico Nigeria Russia South Africa Switzerland and the United States Each chapter describes the provisions of a constitution explains the political social and historical factors that influenced its creation and explores its practical application how it has changed and future challenges offering valuable ideas and lessons for federal constitution making and reform Contributors include Ignatius Ayua Akaayar Nigeria Raoul Blindenbacher Switzerland Dakas C J Dakas Nigeria Kris Deschouwer Belgium Juan Marcos Guti rrez Gonz lez Mexico John Kincaid USA Rainer Knopff Canada Jutta Kramer Germany Akhtar Majeed India Marat S Salikov Russia Cheryl Saunders Australia Anthony M Sayers Canada Nicolas Schmitt Switzerland Celina Sousa

Brazil Nico Steytler South Africa and G Alan Tarr USA The French edition is forthcoming in the Fall 2005 as *Les origines structure et changements constitutionnels dans les pays fédéraux* The Art of the State Thomas J. Courchene, Donald J. Savoie, Institute for Research on Public Policy, 2003 The Art of the State brings together political scientists and economists to look at governing and governance in an increasingly globalized world It explores ways in which democratic governance can survive in a globalized environment and suggests how to combat disillusionment *Legislative, Executive, and Judicial Governance in Federal Countries* Katy Le Roy, Cheryl Saunders, 2006-09-19 Comparative studies examine the constitutional design and actual operation of governments in Argentina Australia Austria Canada Germany India Nigeria Russia South Africa Switzerland and the United States Contributors analyze the structures and workings of legislative executive and judicial institutions in each sphere of government They also explore how the federal nature of the polity affects those institutions and how the institutions in turn affect federalism The book concludes with reflections on possible future trends

Courts in Federal Countries Nicholas Aroney, John Kincaid, 2017-01-01 Courts in Federal Countries examines the role high courts play in thirteen countries including Australia Brazil Canada Germany India Nigeria Spain and the United States

Converging Regional Education Policy in France and Germany Claire Dupuy, 2020-03-30 How have regionalization processes across Europe impacted on policy convergence This book takes as its starting point the curious fact that autonomous regional policymaking may be parallel to regional governments pursuing policy similarity The author proposes that these observations are paradoxical only if sector specific policy norms are disregarded and when autonomy is considered as the exclusive goal of regional governments Focusing on common yet under studied regional situations where a sense of cultural or historical distinctiveness is not readily apparent if at all the book argues that in policy sectors where norms of territorial equality have long been dominant regional governments endorse them as a way to secure or expand their policy capacity when the central state or other policy entrepreneurs challenge it This results in converging policies A textured comparative account of educational policymaking in German Länder and French conseils régionaux over three decades forms the backbone of this analysis of policymaking in ordinary regions

This is likewise one of the factors by obtaining the soft documents of this **Recasting German Federalism The Legacies Of Unification** by online. You might not require more mature to spend to go to the book creation as without difficulty as search for them.
