Reception An Ecumenical Opportunity:

Reception William G. Rusch, 1988 Ecumenical Reception William G. Rusch, 2007-07-16 In 1988 William Rusch wrote a book tracing the development of the idea of reception up to that time During the intervening years both reflection on reception and the experience of attempting to engage in it have progressed considerably Rusch begins with a bird's eye view of the term reception across several disciplines law philosophy literary criticism before homing in on its theological import He traces its use as a term and as a practice from the New Testament up to the twentieth century painting a picture of a dynamic process that fosters unity and diversity among churches and spiritual communities Finally he examines the new chapter in the history of reception due to the establishment of the ecumenical movement and considers what will be necessary for it to continue to move the church forward *Koinonia and the Quest for an Ecumenical Ecclesiology* Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe **Receptive Ecumenism and the Call to Catholic Learning** Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together

ecclesiologists professional ecumenists sociologists psychologists and organizational experts Ecumenism: A Guide for the Perplexed R. David Nelson, Charles Raith II, 2017-07-27 Ecumenism A Guide for the Perplexed is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations of three significant challenges for contemporary ecumenical theology and practice Along the way the authors provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium **Reformed Theology** Wallace M. Alston, Michael Welker, 2007 A dynamic array of scholars here inspects the role of the Reformed confessional tradition in the reading and interpretation of Scripture Written by contributors not only from the West but also from Hungary Romania India South Africa and China these essays recognize the influence of one's context in doing exegetical work Wide ranging and lucid Reformed Theology Identity and Ecumenicity II is an excellent resource for readers looking to examine current biblical and theological trends in Reformed thought Contributors Denise M Ackermann Peter Balla Brian K Blount Hendrik Bosman H Russel Botman William P Brown H J Bernard Combrink Beverly Roberts Gaventa Zsolt Gereb Theodore Hiebert Jaqueline E Lapsley Bernard Lategan James Luther Mays J Clinton McCann Jr Alexander J McKelway Patrick D Miller Elna Mouton Piet J Naud Ed Noort E A Obeng Douglas F Ottati Ronald A Piper Cynthia L Rigby D R Sadananda Konrad Schmid Dirk Smit Iain Torrance Hans Weder Carver T Yu Lutheran and Catholic Reconciliation on Justification John A. Radano, 2009-07-28 After centuries of estrangement between Lutherans and Catholics new ecclesial relationships began at Vatican II and continued to develop during the following decades In this broader context Lutheran and Catholic Reconciliation on Justification traces the evolution of the 1999 Joint Declaration on the Doctrine of Justification While describing the steps that led to the Declaration and showing the Lutheran initiatives indispensable for making those steps John Radano pays particular attention to the Holy See's contributions Handbook of African Catholicism Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism Essays in Public Theology Dirkie Smit, 2007-04-01 What is the role of the church in society What role did the church play in South Africa during apartheid in the struggle against apartheid and during the period of transformation The essays collected and published in this volume deal with questions such as these They are all occasional pieces They were written over two decades and reflect the times in which they originated always intended for specific audiences always addressing issues of the particular moment

Theology in the Service of the Church Timothy George, Eric Farrel Mason, 2008 This title bridges the chasm between church and academy This volume celebrates the life and work of Fisher H Humphreys a noted Baptist theologian whose

teachings and writings have shaped several generations of pastors missionaries and theological students Humphreys has said about his own life s work My theology is church theology I do thinking about God in the fellowship of the church Since 1990 Humphreys has taught systematic theology at Beeson Divinity School of Samford University following an even longer tenure on the faculty of New Orleans Baptist Theological Seminary Written by Humphreys colleagues and friends the essays here illuminate various aspects of the theologian s calling from the standpoint of specific theological disciplines and from the intersection of theology with other areas of Christian life and thought In this way Fisher Humphreys self understanding of his own vocation as a theologian of the church is commended and the importance of thinking clearly and faithfully about God in the fellowship of the church is seen to be a vital component in the life of the faith
