Religion And Urban Change Croydon 1840 1914 Royal Historical Society Studies In History:

Religion and Urban Change Jeremy N. Morris,1992 A study of the impact of urbanisation on organised religion in Croydon in the Victorian and Edwardian era **Transactions of the Royal Historical Society: Volume 3** Royal Historical Society,2012-02-13 A 1995 collection of articles representing some of the best historical research by some of the world s most distinguished historians **Religious Belief and Popular Culture in Southwark c.1880-1939** S. C.

Williams,1999-05-27 This book challenges the domination of the institutional church as the overriding concern of nineteenth century religious history by taking as its starting point the nature and expression of religious ideas outside the immediate sphere of the church within the wider arena of popular culture It considers in detail how these beliefs formed part of a richly textured language of personal familial and popular identity in the day to day lives of the inhabitants of the London Borough of Southwark between c 1880 and the outbreak of the Second World War The study highlights the persistence of patterns dismissed as alien to the industrial and urban environment The interaction of folk idioms with institutional religious language and practice is also considered and urban popular religion is identified as a distinctive system of belief in its own right This study also pioneers a methodology for exploring belief and interpreting it as a popular cultural phenomenon A wide range of source materials are drawn on including oral history Centrality is given to understanding the ways in which individuals expressed and communicated their religious ideas **Capital Histories** Patricia L. Garside,2019-01-15 First published in

1998 this book reprints eight articles from The London Journal covering the history of London from the middle ages to the twentieth century Each is an extensive bibliographical essay updated by the individual contributors for this anthology The book comes with a new introduction from a previous editor of the journal Patricia Garside and also with a specially commissioned guide to sources for London history and the libraries and special collections that house them The London Journal was founded in 1975 to provide a forum for the study of London history an eclectic and multi disciplinary field As well as articles based on original research The London Journal has carried notes and comments viewpoint and review articles and general surveys of particular aspects of London life In the past few decades the specialist literature on London has become extensive intricate and dense The opportunity for a systematic review of this literature presented itself on the twentieth anniversary of the founding of The London Journal and the core of the work presented here first appeared in Volume 20 2 November 1995 Each of the authors specialists in one of seven periods from Roman to contemporary times was asked to evaluate the literature that had appeared in their field of London expertise during the last 20 years For this book each contribution has been updated where possible to take account of the very latest publications **Religion in Victorian**

Britain Gerald Parsons,John Wolffe,1988 Provides an expansion of the first four volumes containing both specially written essays and a related compilation of primary sources drawn from the writings of the day The text explores the wider context of religion in Victorian Britain both in relation to the development of the Empire and its consequences The introduction sets

the scene and also provides an overview of scholarship on Victorian religion in the years since the first four volumes were published in 1988 **A History of Fair Trade in Contemporary Britain** Matthew Anderson,2015-09-06 This book offers an original contribution to the empirical knowledge of the development of Fair Trade that goes beyond the anecdotal accounts to challenge and analyse the trading practices that shaped the Fair Trade model Fair Trade represented a new approach to global trade corporate social responsibility and consumer politics **Proceedings of the Wesley Historical Society** Wesley Historical Society,1994 List of members in v 4 5 7 10 *Religion of the People* David Hempton,2013-10-31 Taking account of broader patterns of growth the focus of this book is Methodism in the British Isles Hempton discusses why Methodism the most important religious movement in the English speaking world in the 18th and 19th centuries grew when and where it did and what was the nature of the Methodist experience for those who embraced it He also explores the themes of law politics and gender which lie at the heart of Methodist influence on individuals communities and social structures *The Death of Christian Britain* Callum G. Brown,2013-04-15 The Death of Christian Britain uses the latest techniques to offer new formulations of religion and secularisation and explores what it has meant to be religious and irreligious during the last 200 years By listening to people s voices rather than purely counting heads it offers a fresh history of de christianisation and predicts that the British experience since the 1960s is emblematic of the destiny of the whole of western Christianity Challenging the generally held view that secularization has been a long and gradual process beginning with the industrial revolution it proposes that it has been a catastrophic short term phenomenon starting with the 1960 s Is Christianity in Britain nearing extinction Is the decline in Britain emblematic of the fate of western Christianity Topical and controversial The Death of Christian Britain is a bold and original work that will bring some uncomfortable truths to light **Cosmo Lang** Robert Beaken,2012-10-09 The period 1928 1942 saw some of the greatest political and social upheavals in modern British history Lang as Archbishop of Canterbury led the Church of England through this tumultuous period and was a pivotal influence in political and religious decision making In this book Robert Beaken provides a new perspective on Lang including his considerable relationship with the royal family Beaken also shows how Lang proved to be a sensitive leader during wartime opposing any demonisation of the enemy and showing compassion to conscientious objectors Despite his central role at a time of flux there has been little written on Lang since the original biography published in 1949 and history has not been kind to this intellectually gifted but emotionally complex man Although Lang has often been seen as a fairly unsuccessful archbishop who was resistant to change Beaken shows that he was in fact an effective leader of the Anglican community at a time when the Church of England was internally divided over issues surrounding the Revised Prayer Book and its position in an ever changing world Lang s reputation is therefore ripe for reassessment Drawing on previously unseen material and first hand interviews Beaken tells the story of a fascinating and complex man who was he argues Britain s first modern Archbishop of Canterbury **Southern History** ,1994 **Nature and Artifice** David Stack,1998 Thomas

Hodgskin 1787 1869 radical thinker is the subject of this study and he is presented here as a forerunner of New Right ideology rather than as early English socialist Kent Records ,1999 **Religious Worship in Kent** Margaret Roake,1999 Historical Abstracts ,1998 Historical Dictionary of London Kenneth John Panton,2001-11-19 Panton details London s growth from its foundation in Roman times to its modern place as one of the world s preeminent financial commercial and cultural capitals Entries cover general themes such as immigration housing street markets and health care as well as specific topics including individual historic buildings financial institutions museums transport modes major city center hotels and West End theaters Significant contributors to the city s government such as the legendary Dick Whittington also receive attention along with immigrant groups and major events such as the Great Fire the Great Plague the development of the subway system and the growth of the Stock Exchange In addition a chronology details major events there are lists of Lord Mayors and leading local government officials and a table outlines population growth over the last two hundred years Appendices contain borough council contact information and world wide web addresses which provide access to additional information through the Internet *American Book Publishing Record* ,1992 Cumulative Bibliography of Victorian Studies ,1970 Historical Research for Higher Degrees in the United Kingdom ,1985 **The British National Bibliography** Arthur James Wells,1993
