Religion In Lives Of African Americans

**Robert Joseph Taylor, Linda M.
Chatters, Jeff Levin**

Religion In Lives Of African Americans:

Religion in the Lives of African Americans Robert Joseph Taylor, Linda M. Chatters, Jeff Levin, 2003-08-19 This is an outstanding book that provides the reader with an in depth understanding of religion in the lives of African Americans Both historical and empirical research findings provide a context for understanding religion in the lives of African Americans Most importantly this book highlights the role religion plays in affecting emotional and physical health processes and outcomes among African Americans The contributions of this book to the discussion of religion in the social and behavioral sciences will last for years Peggys Dilworth Anderson Ph D University of North Carolina at Chapel Hill This is a blockbuster of a book on black religion Comprehensive systematic analytic and very well written it sets a new high water mark in the social scientific study of religion and life in the African American Community It will be especially helpful in the teaching of undergraduate and graduate courses in African American history and culture Andrew Billingsley University of South Carolina The religious faith of African Americans has many avenues of expression Consequently there has been a long standing interest in the nature patterns and functions of religion in the lives of this particular ethnic group African American religious life in all its forms is a vibrant creative resourceful testament to the power of faith to uplift and sustain in the face of prejudice discrimination and exclusion Religion in the Lives of African Americans Social Psychological and Health Perspectives examines many broad issues including the structure and sociodemographic patterns of religious involvement the relationship between religion and physical and mental health and well being the impact of church support and the use of ministers for personal issues and the role of religion within specific subgroups of the African American population such as women and the elderly Authors Robert Joseph Taylor Linda M Chatters and Jeff Levin reflect upon current empirical research and derive conclusions from several wide ranging national surveys as well as a focus group study of religion and coping Features and Benefits Empirical Incorporates findings from a total of eight national surveys that contain representative cross section samples of the adult Black population living in the continental U S Additionally a focus group study conducted by the Program for Research on Black Americans at the University of Michigan Institute for Social Research provides a rich source of qualitative information about the nature and functions of religion Interdisciplinary Although the primary points of view are sociological and psychological the perspectives represented by the authors transcend disciplinary bounds Pedagogical Includes important data sources tables recommendations for further reading and resources end of chapter summaries and implications for future research that enhance student comprehension Recommended for students taking courses in racial and ethnic studies multicultural and minority studies black studies religious studies psychology sociology human development and family studies gerontology social work public health and nursing

Religion in the Lives of African Americans Robert J. Taylor, 2003 Deriving conclusions from the National Survey of Black Americans other surveys this text examines issues of religious involvement the functions of religion the relationships between religion physical mental health well being

The Spiritual Lives of Young African Americans Almeda M. Wright, 2017 The Spiritual Lives of Young African Americans examines the role of spirituality in adolescent development and the ways that youth negotiate their world and offers a vision of life for young people who are too often surrounded by death

World Religions in America, Fourth Edition Jacob Neusner, 2009-10-07 The fourth edition of World Religions in America continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity while also reflecting new developments and ideas Each chapter was updated to reflect important changes and events and current statistics and information New features include a timeline of key events and people for each tradition sidebars on major movements or controversies personal stories from members of various faiths a theme based organization of subjects more subheads three new chapters exploring America's increasing religious diversity and suggestions for further study

Faith and Struggle in the Lives of Four African Americans Randal Maurice Jelks, 2019-01-10 In 1964 Muhammad Ali said of his decision to join the Nation of Islam I know where I'm going and I know the truth and I don't have to be what you want me to be I'm free to be what I want to be This sentiment the brash assertion of individual freedom informs and empowers each of the four personalities profiled in this book Randal Maurice Jelks shows that to understand the Black American experience beyond the larger narratives of enslavement emancipation and Black Lives Matter we need to hear the individual stories Drawing on his own experiences growing up as a religious African American he shows that the inner history of Black Americans in the 20th century is a story worthy of telling This book explores the faith stories of four African Americans Ethel Waters Mary Lou Williams Eldridge Cleaver and Muhammad Ali It examines their autobiographical writings interviews speeches letters and memorable performances to understand how each of these figures used religious faith publicly to reconcile deep personal struggles voice their concerns for human dignity and reinvent their public image For them liberation was not simply defined by material or legal wellbeing but by a spiritual search for community and personal wholeness

African American Religion Eddie S. Glaude (Jr.), 2014 African American Religion offers a provocative historical and philosophical treatment of the religious life of African Americans Glaude argues that the phrase African American religion is meaningful only insofar as it singles out the distinctive ways religion has been leveraged by African Americans to respond to different racial regimes in the United States If it does not do this he argues then it is time we got rid of the phrase

African American Religious Experiences Gloria Robinson Boyd, 2010-02-19 African Americans encountered many challenges throughout history facing slavery Reconstruction Jim Crow and other forms of racism Many relied on religion as their source of strength and endurance The African American religious experience is a story of survival that demonstrates how religion became the key ingredient that allowed a race to adapt and survive the harshest systems of injustice and prejudice in America Religion became the greatest universal and dynamic tool of survival adopted by enslaved individuals and the utmost weapon known to the black race African American religious practices a blend of African and European traditions are distinctively unique because of worship styles and contemplative

practices all reflective of the vital role religion played in the lives of blacks during slavery and beyond Handbook of African American Health Jessica M. Ramos, 2011-03-18 With a focus on how to improve the effectiveness and cultural competence of clinical services and research this authoritative volume synthesizes current knowledge on both the physical and psychological health of African Americans today In chapters that follow a consistent format for easy reference leading scholars from a broad range of disciplines review risk and protective factors for specific health conditions and identify what works what doesn't work and what might work i.e. practices requiring further research in clinical practice with African Americans Historical sociocultural and economic factors that affect the quality and utilization of health care services in African American communities are examined in depth Evidence based ways to draw on individual family and community strengths in prevention and treatment are highlighted throughout Winner American Journal of Nursing Book of the Year Award Encyclopedia of Race, Ethnicity, and Society Richard T. Schaefer, 2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society *Black Religion in America* Jonathan Chism, 2025-11-07 Black Religion in America is an introduction to the religious history of African Americans from the period of slavery to the twenty first century It analyses Black people's varying religious responses to W E B Du Bois's notion of double consciousness the experience of racial exclusion in America of having two souls two thoughts two unreconciled strivings two warring ideals in one dark body The book traces the social justice thought and activism of Black Christians Conjurers Muslims Pentecostals Humanists and various esoteric prophets across historical epochs introducing students to major religious groups and innovators within African American religious history who have striven for full social inclusion It offers a narrative interpretation of Black religion that engages this current generation of students grappling with enduring marginalization in the post civil Rights and post Obama era This is to say despite the victories of the Civil Rights Movement culminating for some with the historic election of Barack Obama in 2008 Black religions have not provided a panacea for lingering social inequities Still throughout American history Black people have continuously creatively employed religion to respond to changing oppressions The book underscores the intersectionality of Black religious women and examines their experience and resistance of racism sexism and classism Featuring student friendly pedagogy including discussion questions it's a must read for all students of African American Religion Religion in America or African American History interested in studying how Black religion has factored in the long struggle for social justice in America *The Burden of Black Religion* Curtis J. Evans, 2008-04-17 Religion has always been a focal element in the long and tortured history of American ideas about race In *The Burden of Black Religion* Curtis Evans traces ideas about African American religion from the antebellum period to the middle of the twentieth century Central to the story he argues was the deep rooted notion that blacks were somehow naturally religious At first this assumed natural

impulse toward religion served as a signal trait of black people's humanity potentially their unique contribution to American culture. Abolitionists seized on this point linking black religion to the black capacity for freedom. Soon however these first halting steps toward a multiracial democracy were reversed. As Americans began to value reason, rationality and science over religious piety, the idea of an innate black religiosity was used to justify preserving the inequalities of the status quo. Later social scientists both black and white sought to reverse the damage caused by these racist ideas and in the process proved that blacks were in fact fully capable of incorporation into white American culture. This important work reveals how interpretations of black religion played a crucial role in shaping broader views of African Americans and had real consequences in their lives. In the process Evans offers an intellectual and cultural history of race in a crucial period of American history.

Teaching African American Religions Carolyn M. Jones Medine, 2005. The variety and complexity of its traditions make African American religion a difficult topic to teach at undergraduate level. The essays in this volume offer practical innovative ways to teach this subject in a variety of settings.

The Black American Church Dr. Khandicia N. Randolph, 2023-04-28. The purpose of this book seeks to examine the leadership of the Black church through a critical and theoretical lens utilizing historical and anthropological foci to better identify and understand some of the challenges within the paramount institution and its attrition to the Black American community at large and provide appropriate suggestions and generating frameworks for addressing the challenges. The church has always played a pivotal role in Black American culture's identity development and progression. Leadership and organizational challenges within the church pervasively matriculate to other Black spaces historically Black organizations and a broader societal context. Due to the church's historical and ethnographic context for Blacks in America many of the challenges faced in the church go unrecognized, unspoken thus unattended. This manuscript endeavors to identify the challenges and flaws through research and data to provide solutions through practical and theoretical implementations to some shortcomings for the betterment of the church and culture. The interconnectedness of culture and religion for Blacks in America established a gargantuan impact factor on the church and its leaders. This manuscript examines the pervading effects of the influence through leadership dispensation. It also explores the understanding of leadership through the lens of Black Christianity deriving that the foundation of leadership in the Black community was primarily circumscribed by the influence of the church as conglomerate collectivism of almost five hundred years of the history and culture of Africans, African descendants and members of the African diaspora in what is now America who contributed to the ideal of the Black church. The critical analysis provided is not one of condemnation but likened to a vital performance review through member experiences barred against applicable leadership and organizational development barometers.

Righteous Riches Milmon F. Harrison, 2005. The author examines the Word of Faith movement, an American non-denominational movement that preaches the so-called health wealth gospel. In particular the study focuses on the response to the movement from the African American community.

Black Religion and Black

Radicalism Gayraud S. Wilmore, 1998 Since its first publication 25 years ago Black Religion and Black Radicalism has established itself as the classic treatment of African American religious history Wilmore shows to what extent the history of African Americans can be told in terms of religion and to what extent this religious history has been inseparably bound to the struggle for freedom and justice From the story of the slave rebellions and emancipation to the rise of Black nationalism and the freedom struggles of recent times up through the development of Black womanist and Afrocentric theologies Wilmore offers an essential interpretation of African American religious history

Dermer, 2016-10-11 The SAGE Encyclopedia of Marriage Family and Couples Counseling is a new all encompassing landmark work for researchers seeking to broaden their knowledge of this vast and diffuse field Marriage and family counseling programs are established at institutions worldwide yet there is no current work focused specifically on family therapy While other works have discussed various methodologies cases niche aspects of the field and some broader views of counseling in general this authoritative Encyclopedia provides readers with a fully comprehensive and accessible reference to aid in understanding the full scope and diversity of theories approaches and techniques and how they address various life events within the unique dynamics of families couples and related interpersonal relationships Key topics include Assessment Communication Coping Diversity Interventions and Techniques Life Events Transitions Sexuality Work Life Issues and more Key features include More than 500 signed articles written by key figures in the field span four comprehensive volumes Front matter includes a Reader's Guide that groups related entries thematically Back matter includes a history of the development of the field a Resource Guide to key associations websites and journals a selected Bibliography of classic publications and a detailed Index All entries conclude with Further Readings and Cross References to related entries to aid the reader in their research journey

African American Psychology Stacie DeFreitas, 2019-11-06 This innovative text is the first to examine the contemporary psychological experience of African Americans through the lens of a positive strengths based model It combats the deficit perspective that has permeated the psychological literature about African Americans by focusing on the strengths that have facilitated their growth and resilience while also considering existing challenges and struggles The author examines in depth the major areas of psychological research across family peer and romantic relationships education work ethnic racial socialization and identity prosocial behavior and civic engagement and the mental and physical health of African Americans today With a focus on real life applications the text includes pedagogical elements introducing topics in Current Events Interventions in Practice Individual Issues African Cultural Values and Media and Technology Additional features include learning objectives in each chapter discussion questions a closing summary an extensive trove of additional resources and PowerPoints and a sample syllabus for instructors Print version of book includes free searchable digital access to the entire contents Key Features Serves as the first text to examine African American psychology from a strengths based perspective Grounded in a lifespan

perspective Focuses on ethnic racial socialization and ethnic racial identity Addresses mental and physical health Demonstrates how communities have used strength based techniques to achieve positive outcomes Integrate values common to Western Africa Includes learning objectives discussion questions closing summary and boldfaced key terms Provides PowerPoints and a sample syllabus *Achieving Health Equity: Context, Controversies, and Remedies* Patti R. Rose, 2025-07-31 Renamed as *Achieving Health Equity Context Controversies and Remedies* Patti Rose's third edition maintains a distinct focus on social justice issues associated with health disparities With an emphasis on solutions this edition like its predecessor centers on racial and ethnic emerging majorities acknowledging the persistence of health disparities while providing actionable insights on why they exist and how to address them By providing this solution oriented approach the book aims to guide students academics communities health professionals and others in contributing to resolving the problems linked to health disparities Updated to include the latest demographic data the Third Edition also offers Four new chapters focus on emerging racial and ethnic majority groups and health disparities and include Black African American American Indian or Alaska Native Asian Pacific Islander and Hispanic Update information pertaining to the health disparities of the elder

A Journey Apart and Together: Irish and African Americans in the US Pasquale De Marco, 2025-07-19

A Journey Apart and Together Irish and African Americans in the US tells the story of two peoples who came to America seeking a better life only to find themselves facing discrimination and prejudice Yet despite the challenges they faced they persevered and made significant contributions to American society The book begins with the arrival of the Irish in America in the 19th century Fleeing poverty and famine in their homeland they faced discrimination from the Protestant majority who saw them as inferior Irish immigrants were often forced to live in slums and work in low paying jobs Despite these challenges they gradually began to make their way in America They built churches schools and businesses and they became active in politics The book then turns to the story of African Americans who were brought to America as slaves They faced even greater discrimination and prejudice than the Irish They were denied basic rights and opportunities and they were subjected to violence and abuse After the Civil War African Americans were finally freed from slavery but they continued to face discrimination in all areas of life They were denied the right to vote to own property and to receive a quality education Despite the challenges they faced both Irish and African Americans persevered They fought for their rights and they made significant contributions to American society Irish Americans played a major role in the labor movement and in the fight for Irish independence African Americans fought for the abolition of slavery and they were instrumental in the Civil Rights Movement *A Journey Apart and Together* is a story of struggle resilience and hope It is the story of two peoples who overcame adversity to make a better life for themselves and their children Their stories are an inspiration to us all This book is a must read for anyone interested in American history race relations or the immigrant experience It is a powerful reminder of the challenges that both Irish and African Americans have faced in the United States and it is a testament to their strength

and resilience If you like this book write a review *A Fire in the Bones* Albert J. Raboteau, 1996-12-19 In this fascinating collection of essays Albert Raboteau reexamines the rich history of the African American religious experience Through his exploration of traditions that include the Baptist revivals the AME Church Black Catholics and African Orisa religions Raboteau demonstrates how the active faith of African Americans shaped their institutions and empowered their struggle for social justice throughout their history
