Religion And Social Ethos In Indonesia:

Religion and Social Ethos in Indonesia Benedict Richard O'Gorman Anderson, 1975 **Religion and Social Ethos in Indonesia**, 1977 Islamist Populism in Turkey and Indonesia: A Comparative Analysis Mustafa Demir, Greg Barton, 2023-12-30 This book focuses on the dynamics of democracy and populism in Muslim majority countries such as Turkey and Indonesia It does so by examining the complexities of democratic development in these areas ranging from flawed to hybrid regimes Despite the aspirations for democratic progress recent democracy indices reveal a concerning trend of backsliding particularly in the last decade This regression can be attributed in part to the ascendancy of populist politics Populist movements have adeptly exploited both real and perceived cultural insecurities to acquire consolidate and maintain political power This phenomenon is especially pronounced in flawed democracies and hybrid regimes within Muslim majority countries such as Turkey and Indonesia Notably religion specifically Islam has emerged as a central tool within the populist playbook Populist actors have constructed a religious civilizational framework that leverages political binaries manipulates insecurities and fosters traditional anti elite and anti other sentiments In this book the authors advance the notion that populism is a multifaceted phenomenon that relies on various pre existing fractures within societies and cultures Once in power populism intensifies these differences to further consolidate its position utilizing various state apparatuses such as state controlled religious institutions This comprehensive analysis offers insights into the growing trend of populism in the Muslim world and its impact on contemporary politics *Human Rights and Asian Values* Ole Bruun, Michael Jacobsen, 2003-09-02 The Asian challenge to the universality of human rights has sparked off intense debate This volume takes a clear stand for universal rights both theoretically and empirically by analysing social and political processes in a number of East and Southeast Asian countries On the national arenas Asian values are linked to the struggle between authoritarian and democratic forces which both tend to convey stereotyped images of the west but with reversed meanings *Islam and the State in Indonesia* Bahtiar Effendy, 2003 This book explains the relationship between Islam and the state and politics in contemporary Indonesia President Soeharto's departure from office in May 1998 brought tremendous and far reaching impacts to Indonesia's political landscape At least 181 new political parties came into being a sizeable portion of which use Islam as their symbol and ideological basis **Autonomy and Disintegration in Indonesia** Harry Aveling, Damien Kingsbury, 2014-05-22 Fragmentation in Indonesia is by far the most critical issue now facing the state This book analyses social unrest autonomy and separatism in the wake of the Indonesian economic crisis placing them in the context of state evolution and looking at the competing aims of economic and political globalization with local agendas Topics covered include Indonesian nationalism in historical perspective identity and the nation state NGO activism and case studies from Aceh Papua East Timor and Sumatra **Moments in Indonesian Film History** David Hanan, 2021-12-12 This book explores Indonesian cinema focusing on moments of unique creativity by Indonesian film artists who illuminate important but

less widely known aspects of their multi dimensional society It begins by exploring early 1950s Indonesian neorealist films of the Perfini group which depict the ethos and emerging moral issues of the period of struggle for independence 1945 49 It continues by discussing four audacious political allegories produced in four discrete political eras including the Sukarno Suharto and Reformasi periods It also surveys the main approaches to Islam in both popular cinema and auteur films during the Suharto New Order One chapter celebrates the popular songs and B movies of the Betawi comedian Benyamin S which dramatize the experience of the poor in modernizing Jakarta Another examines persisting Third World dimensions of Indonesian society as critiqued in two experimental features The concluding chapter highlights innovation in a renewed Indonesian cinema of the post Suharto Reformasi period 1999 2020 including films by an unprecedented generation of women writer directors

An Analysis of Benedict Anderson's Imagined Communities Jason Xidias, 2017-07-05
Benedict Anderson's 1983 masterpiece *Imagined Communities* is a ground breaking analysis of the origins and meanings of nations and nationalism A book that helped reshape the field of nationalism studies *Imagined Communities* also shows the critical thinking skills of interpretation and analysis working at their highest levels One crucial aspect of Anderson's work involves the apparently simple act of defining precisely what we mean when we say nation or nationalism an interpretative step that is vital to the analysis he proceeds to carry out For Anderson it is clear that nations are not natural as historians and anthropologists are well aware nations as we understand them are a relatively modern phenomenon dating back only as far as around 1500 But if this is the case how can we agree what a nation is Anderson's proposed definition is that they are imagined communities comprising groups of people who regard themselves as belonging to the same community even if they have never met and have nothing in common otherwise The analysis that follows from this insight is all about examining and breaking down the historical processes that helped foster these communities above all the birth of printing and the development of capitalism Brilliantly incisive Anderson's analysis shows how good interpretative skills can form the foundations for compelling and original insight
