Belfort Bax,2015-11-26 Ernest Belfort Bax 23 July 1854 26 November 1926 was a British socialist journalist and philosopher Born into a nonconformist religious family in Leamington he was first introduced to Marxism while studying philosophy in Germany He combined Karl Marx s ideas with those of Immanuel Kant Arthur Schopenhauer and Eduard von Hartmann Keen to explore possible metaphysical and ethical implications of socialism he came to describe a religion of socialism as a means to overcome the dichotomy between the personal and the social and also that between the cognitive and the emotional He saw this as a replacement for organised religion and was a fervent atheist keen to free workers from what he saw as the moralism of the petty bourgeoisie Bax wrote a historical narrative about the Peasants War in Germany the largest popular uprising in European history aside from the French Revolution Despite its size it has mostly been forgotten historically Friedrich Engels wrote about it in 1850 from a Communist Socialist perspective and the Nazis often referenced it Bax gives a narrative of the battles and individuals involved in the uprising Bax wrote several books about Socialism and important historical events including the French Revolution In The Religion of Socialism published in 1886 Bax discusses socialism at length in a series of related essays "The" Religion of Socialism Ernest Belfort Bax,1893 The

Religion of Socialism Ernest Belfort Bax, 2014-03 This Is A New Release Of The Original 1891 Edition **Before the Revisionist Controversy (RLE Marxism)** H. Kendall Rogers, 2015-04-24 In this book first published in 1992 the author examines the polemic fought by German Social Democratic Party leaders and intellectuals Karl Kautsky and Eduard Bernstein against what they perceived to be misunderstandings of Marxism propagated by members of the Social Democratic Federation SDF in England and by the socialist leader Wilhelm Liebknecht in Germany The debate raised basic questions of socialist theory including whether the program of Marx and Engels called for scholarly study parliamentary democracy and gradual social evolution or for Utopian speculation economic collapse and violent rebellion Political Economy from Below Rob Knowles, 2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However the tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy Conflict and Crisis in the Religious Life of Late Victorian England Herbert Schlossberg, 2017-09-08 Contrary to its popular image as dull and stodgy the Victorian period was one of revolutionary change In its politics its art its economic affairs its class relationships and in its religion change was constant A half century after Queen Victoria's death it was said that she was born in one world and died in another The most interesting and valuable studies of the period take the long view as does Schlossberg in his fascinating analysis of religious life in this period For the Victorians religion was not cordoned off from the push and shove of real life The early evangelicals got off to a shaky start beset by hostility but the movement spread within the churches despite the suspicion in which it was held Evangelicals frequently called Puritans by those who opposed them called for fundamental reforms in both the Church and the society a social ethic was part of their program of religious renewal Their moral sense explains the social activism of both Church of England Evangelicals and Dissenters including the half century crusade for the abolition of slavery Schlossberg shows how religion in England dealt with such issues as science and the effect of German scholarship on religious thinking Church history cannot simply be explained by its response to external forces as much as by the internal responses to those challenges The nature of the religious enterprise itself its theologians clergy lay people like all people and all institutions all responded with alternatives Schlossberg helps us understand the Victorian period as well as the increasing secularity of English life today **Igdrasil**, 1890 The journal of the Ruskin Reading Guild A magazine of literature art and social philosophy **William Morris's Utopianism** Owen Holland, 2017-12-04 This book offers a new interpretation of

William Morris's utopianism as a strategic extension of his political writing Morris's utopian writing alongside his journalism and public lectures constituted part of a sustained counter hegemonic project that intervened both into the life world of the fin de siècle socialist movement as well as the dominant literary cultures of his day Owen Holland demonstrates this by placing Morris in conversation with writers of first wave feminism nineteenth century pastoralists as well as the romance revivalists and imperialists of the 1880s In doing so he revises E P Thompson's and Miguel Abensour's argument that Morris's utopian writing should be conceived as anti political and heuristic concerned with the pedagogic education of desire rather than with the more mundane work of propaganda He shows how Morris's utopianism emerged against the grain of the now here embroiled in instrumental propagandistic polemic complicating Thompson's and Abensour's view of its anti political character
