Religious Experience Of Jesus And His Disciples:

The Religious Experience of Jesus and His Disciples Jacques Guillet, 1975 Jesus and the Spirit James D. G. Dunn, 1997-06-11 Explores the religious experiences of Jesus Paul and the early church with special emphasis on the Holy Spirit and charismatic experiences *Religious Experience* Wayne Proudfoot, 1987-09-14 How is religious experience to be identified described analyzed and explained Is it independent of concepts beliefs and practices How can we account for its authority Under what conditions might a person identify his or her experience as religious Wayne Proudfoot shows that concepts beliefs and linguistic practices are presupposed by the rules governing this identification of an experience as religious Some of these characteristics can be understood by attending to the conditions of experience among which are beliefs about how experience is to be explained **The Religious Experience of Jesus and His Disciples** Jacques Guillet (s.j.), 1975 *Understanding Religious Experiences* J. Harold Ellens, 2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages **The Collected Works of Edward Schillebeeckx Volume 6** Edward Schillebeeckx, 2014-09-25 The existence of the historical Jesus cannot be doubted But who was Jesus of Nazareth And who is he for us today In this

controversial work Schillebeeckx offers his experiment an informative and sustained hermeneutical reflection on the story of Jesus It became a bestseller and would become the first volume of Schillebeeckx trilogy on Jesus Christ He presents a Christology from below rooted in the synoptic gospels but especially in Mark and in the Q tradition At the same time he is clearly interested in portraying the historical Jesus as both Proclaimer and Proclaimed In this major work Schillebeeckx tries to answer questions such as Is the promise of salvation only to be found in Jesus Christ because he was a gift from God as the Gospels tell us What can we say about the inspiration of so many who do not attend church or adhere to any believe they find in Jesus Christ Schillebeeckx takes us into his promising quest that leads to the ultimate question of what religious truth actually is

Religious Experience and the Creation of Scripture Mark Wreford, 2021-01-28 This volume examines the reasons that prompted the New Testament writers to create the texts which would become the formation of the Christian religion exploring the possibility that certain religious experiences were understood as revelatory and consequently inspired the writing of texts which were seen as special from their inception Mark Wreford uses Luke Acts and Galatians as test cases within the New Testament reflecting both on the stated importance of religious experiences whether the author's own or others to the development of these texts and the status the texts claim for themselves Wreford suggests that Luke Acts offers a helpful example of the relationship between religious experience and the creation of Scripture as an extensive narrative which reflects on early Christian claims to Spirit inspired witness and which begins with an explicit authorial statement of purpose Similarly in Galatians Paul's autobiographical account of God's revelation of Christ to him is the foundation of a letter that is intended to play an authoritative role in shaping its addressees own faith and practice Wreford argues that religious experiences are presented as the driving force behind the creation of the texts examining how such religious experience links with notions of scripture and canonicity He then asserts that both Luke and Paul understood themselves to be creating new scriptural writings on the basis of their relationship to new religious experiences citing the experience and speech at Pentecost the inclusion of gentiles in the experience and Paul's own conversion experience as key elements behind the self understanding of these New Testament authors

Religious Experience Craig Martin, Russell T. McCutcheon, 2014-09-11 Many regard religious experience as the essence of religion arguing that narratives might be created and rituals invented but that these are always secondary to the original experience itself However the concept of experience has come under increasing fire from a range of critics and theorists This Reader presents writings from both those who assume the existence and possible universality of religious experience and those who question the very rhetoric of experience Bringing together both classic and contemporary writings the Reader showcases differing disciplinary approaches to the study of religious experience philosophy literary and cultural theory history psychology anthropology feminist theory as well as writings from within religious studies The essays are structured into pairs with each essay separately introduced with information on its historical and intellectual context The ultimate aim of the Reader is to enable students to explore religious experience as rhetoric created to authorize social identities The book will be an invaluable introduction to the key ideas and approaches for students of Religion as well as Sociology and Anthropology CONTRIBUTORS Robert Desjarlais Diana Eck William James Craig Martin Russell T McCutcheon Wayne Proudfoot Robert Sharf Ann Taves Charles Taylor Joachim Wach Joan Wallach Scott Raymond Williams The Collected Works of Edward Schillebeeckx Volume 11 Edward Schillebeeckx, 2014-09-25 This is a unique selection of Edward
