Religious Ethics James F. Smurl, 1971 *A Systems Theory of Religion* Niklas Luhmann, 2013-01-09 A Systems Theory of Religion still unfinished at Niklas Luhmann's death in 1998 was first published in German two years later thanks to the editorial work of Andr Kieserling One of Luhmann's most important projects it exemplifies his later work while redefining the subject matter of the sociology of religion Religion for Luhmann is one of the many functionally differentiated social systems that make up modern society All such subsystems consist entirely of communications and all are autopoietic which is to say self organizing and self generating Here Luhmann explains how religion provides a code for coping with the complexity opacity and uncontrollability of our world Religion functions to make definite the indefinite to reconcile the immanent and the transcendent Synthesizing approaches as disparate as the philosophy of language historical linguistics deconstruction and formal systems theory cybernetics A Systems Theory of Religion takes on important topics that range from religion's meaning and evolution to secularization turning decades of sociological assumptions on their head It provides us with a fresh vocabulary and a fresh philosophical and sociological approach to one of society's most fundamental phenomena A

The Publishers Weekly ,1972 *Crisis Intervention in Criminal Justice/social Service* James Earnest Hendricks,Bryan Byers,2006 The purpose of this book is to provide theoretical analytical and practical knowledge for first responders Face to face interaction with the client victim is part of the comprehensive approach advocated by this book

The comprehensive balance of theory and practice presented should enable the intervener in coupling the general knowledge of human psychology and emotional crisis with the specific and novel characteristics of various crisis situations. This new third edition retains important information in a revised format while adding important and timely cognition. Written for pre-service and in-service criminal justice and social service crisis interveners, it will also be of interest to emergency medical personnel, clergy, probation/parole officers, victim advocates, psychological personnel, and professionals from other criminal justice and social service areas.
