Juliana Finucane, R. Michael Feener, 2013-10-21 This volume brings together a range of critical studies that explore diverse ways in which processes of globalization pose new challenges and offer new opportunities for religious groups to propagate their beliefs in contemporary Asian contexts Proselytizing tests the limits of religious pluralism as it is a practice that exists on the border of tolerance and intolerance The practice of proselytizing presupposes not only that people are freely choosing agents and that religion itself is an issue of individual preference At the same time however it also raises fraught questions about belonging to particular communities and heightens the moral stakes involved in such choices In many contemporary Asian societies questions about the limits of acceptable proselytic behavior have taken on added urgency in the current era of globalization Recognizing this the studies brought together here serve to develop our understandings of current developments as it critically explores the complex ways in which contemporary contexts of religious pluralism in Asia both enable and are threatened by projects of proselytization Epitome of the Pali Canon Chroniker Press Book, 2012-10-29 This book is an authorized reprint of Wikipedia articles pertaining to the Pali Canon the oldest collection of Buddhist scriptures Included are articles on Pali the Early Buddhist Schools and many suttas and other parts of the Vinaya Sutta and Abhidhamma Pitakas This book presents a comprehensive and in depth overview of the Pali Canon in a convenient collection

Karma and Grace Neena Mahadev, 2023-10-31 Winner 2024 Clifford Geertz Prize in the Anthropology of Religion Society for the Anthropology of Religion Around the turn of the millennium Pentecostal churches began to pepper majority Buddhist Sri Lanka setting off a sense of alarm among Buddhists who saw Christianity as a neocolonial threat to the nation Rumors of foul play in the death of a Buddhist monk as well as allegations of proselytizing in the aftermath of the 2004 tsunami and during the final stages of civil war spurred nationalist anxieties moral panics and even episodes of violence by Buddhists against Christians suspected of facilitating unethical conversions Through vivid ethnography and keen observations of media events *Karma and Grace* illuminates disputes over religious freedom and pluralism amid the rise of charismatic Christianity in Sri Lanka Neena Mahadev explores the dueling efforts of Buddhist nationalists and Christian evangelists to reshape Sri Lanka's religious economic and political landscapes She considers theological and political impasses between Buddhism's vast timescales of karma and Christians' promises of the immediacy of their God's salvific grace While Christian missions

spread the Good News subsets of Buddhists produced bad press sting operations and disparaging media to impede born again churches from taking root In gripping detail Mahadev recounts how modernist and traditionalist Theravada Buddhists Pentecostal newcomers long established Christian denominations local deity and spirit cults and the innovations of mavericks intermingle in a multireligious public sphere Even amid trenchant conflicts Karma and Grace demonstrates that social proximity between rivals is also conducive to religious experimentation and the ambiguities of identity that allow Sri Lankans to live with difference

Gift and Duty Paul H. De Neui, 2017-12-21 Is the Christian concept of grace anathema to the social structure of merit making found in Buddhist karmic communities Are all Buddhist forms of merit making purely for religious purposes to assuage cosmic consequences or are there other reasons Are there not Christian churches who operate under a legalistic view of God s divine wrath and are in essence living as karmic communities of the Christian type The result of discussions about these and other questions is the volume you now hold in your hand SEANET proudly presents what is number 14 in its series of missiological reference texts *Gift and Duty Where Grace and Merit Meet* Each of the ten authors presented here represent a particular perspective both Christian and Buddhist that can inform the other The goal of this volume is to lead to a deeper understanding of the significance of diverse religious and cultural perspectives

Asian Perspectives on Animal Ethics Neil Dalal, Chloë Taylor, 2014-04-16 To date philosophical discussions of animal ethics and Critical Animal Studies have been dominated by Western perspectives and Western thinkers This book makes a novel contribution to animal ethics in showing the range and richness of ideas offered to these fields by diverse Asian traditions *Asian Perspectives on Animal Ethics* is the first of its kind to include the intersection of Asian and European traditions with respect to human and nonhuman relations Presenting a series of studies focusing on specific Asian traditions as well as studies that put those traditions in dialogue with Western

thinkers this book looks at Asian philosophical doctrines concerning compassion and nonviolence as these apply to nonhuman animals as well as the moral rights and status of nonhuman animals in Asian traditions Using Asian perspectives to explore ontological ethical and political questions contributors analyze humanism and post humanism in Asian and comparative traditions and offer insight into the special ethical relations between humans and other particular species of animals This book will be of interest to students and scholars of Asian religion and philosophy as well as to those interested in animal ethics and Critical Animal Studies

Kinnard, Jonathan S. Walters, 2012-02-01 *Constituting Communities* explores how community functions within Therav da Buddhist culture Although the dominant focus of Buddhist studies for the past century has been on doctrinal and philosophical issues this volume concentrates on discourses that produced them and why and how these discourses and practices shaped Therav da communities in South and Southeast Asia From a variety of perspectives including historical literary doctrinal and philosophical and social and anthropological the contributors explore the issues that have proven important and definitive for identifying what it has meant individually and socially to be Buddhist in this particular region The book focuses on textual discourse how communities are formed and maintained within pluralistic contexts and the formation of community both within and between the monastic and lay settings **Female Agency in Manuscript**

Cultures Eike Grossmann, 2024-06-17 Manuscript cultures have frequently forgotten neglected or even erased women s contributions from memory Women s agency has also been a glaring blind spot in the scholarly pursuit of gender perspectives on the production of written artefacts This volume addresses these lacunae by highlighting manuscripts and inscriptions by and for women their active participation and enabling sponsorship and their role in the circulation and dissemination of written artefacts Seven papers present case studies from East Asian inscriptions to ancient cuneiform epigraphic Egyptian graffiti from late antiquity to individual specimen and large scale collections in medieval Europe focusing on how women participated in and contributed to those How did they assert their involvement their claims and their aspirations By what rationales and mechanisms were they excluded or their contribution marginalised How did they react to structures that discriminated against them eventually circumventing subverting and transforming them The present volume sheds light on new findings gives unique insights and discusses methodological considerations in the budding field of women s manuscript studies **Asia's Heritage Trend** Jongil Kim, Minjae Zoh, 2023-09-20 Kim and Zoh bring together a team of

contributors to analyse the role of heritage studies across Asia and its impact on Asia and its constituent countries Is there such a thing as Asian heritage Is it more helpful to understand Asia as a single unit or as a set of sub regions What can we learn about Asia s present through its archaeology and heritage Covering a wide range of countries including Afghanistan Cambodia China Korea Laos Myanmar Japan Taiwan Thailand and Vietnam the contributors to this book address these key questions In doing so they look at a number of critical issues such as UNESCO World Heritage status cultural propaganda cultural erasure and difficult heritage While addressing Asia s past they also observe key issues within present day Asia further providing conceptual and practical insights into the methods that are being applied to the study of Asia s heritage today A valuable resource for scholars and students of Asian history and culture archaeology heritage studies anthropology and religious studies **Sovereignty and the Sacred** Robert A. Yelle, 2018-11-26 *Sovereignty and the Sacred* challenges

contemporary models of polity and economy through a two step engagement with the history of religions Beginning with the recognition of the convergence in the history of European political theology between the sacred and the sovereign as creating states of exception that is moments of rupture in the normative order that by transcending this order are capable of re founding or remaking it Robert A Yelle identifies our secular capitalist system as an attempt to exclude such moments by subordinating them to the calculability of laws and markets The second step marshals evidence from history and anthropology that helps us to recognize the contribution of such states of exception to ethical life as a means of release from the legal or economic order Yelle draws on evidence from the Hebrew Bible to English deism and from the Aztecs to ancient India to develop a theory of polity that finds a place and a purpose for those aspects of religion that are often marginalized and dismissed as irrational by Enlightenment liberalism and utilitarianism Developing this close analogy between two elemental domains of society Sovereignty and the Sacred offers a new theory of religion while suggesting alternative ways of organizing our political and economic life By rethinking the transcendent foundations and liberating potential of both religion and politics Yelle points to more hopeful and ethical modes of collective life based on egalitarianism and popular sovereignty Deliberately countering the narrowness of currently dominant economic political and legal theories he demonstrates the potential of a revived history of religions to contribute to a rethinking of the foundations of our political and social order

Dead But Not Lost Robert Goss,Dennis Klass,2005 The dead are still with us Contemporary therapists and counselors are coming to understand what s been known for millennia in most religions and in most cultures outside the Western milieu it s important to continue bonds between the living and the dead Taking these connections seriously Goss and Klass explore how bonds with the dead are created and maintained In doing so they unearth a fascinating new way to look at the origins and processes of religion itself Examining ties to dead family members teachers religious and political leaders across religious and secular traditions the authors offer novel ways of understanding grief and its role in creating meaning Whether for classes in comparative religion and death and dying or for bereavement counselors and other trying to make sense of grief this book helps us understand what it means to feel connected to those dead but not lost Buddhist Poetry and Colonialism

Stephen C. Berkwitz,2013-01-21 Many researchers have explored the impact of British and French Orientalism in the reinterpretations of Buddhism in South and Southeast Asia during the nineteenth and early twentieth centuries Less noticed however and infrequently discussed is the impact of Portuguese colonialists and missionaries upon Buddhist communities in the sixteenth and seventeenth centuries across Asia Stephen C Berkwitz addresses this theme by examining five poetic works by Alagiyavanna Mukaveti b 1552 a renowned Sinhala poet who participated directly in the convergence of local and trans local cultures in early modern Sri Lanka Berkwitz follows the written works of the poet from his position in the court of a Sinhala king through the cultural upheavals of warfare and the expansion of colonial rule and finally to his eventual conversion to Catholicism and employment under the Portuguese Crown In so doing Berkwitz explores the transformations in

religion and literature rendered by what was arguably the earliest sustained encounter between Asian Buddhists and European colonialists in world history Alagiyavanna's poetic works give expression to both a discourse of nostalgia for the local religious and cultural order in the late sixteenth century and a discourse of cultural assimilation with the new colonial order during its ascendancy in the early seventeenth century Employing an interdisciplinary approach that combines Buddhist Studies History Literary Criticism and Postcolonial Studies this book yields important insights into how the colonial experience contributed to the transformation of Buddhist culture in early modernity *Sacred Economies* Michael John Walsh, 2010 Buddhist monasteries in medieval China employed a variety of practices to ensure their ascendancy and survival Most successful was the exchange of material goods for salvation as in the donation of land which allowed monks to spread their teachings throughout China By investigating a variety of socioeconomic spaces produced and perpetuated by Chinese monasteries Michael J Walsh reveals the sacred economies that shaped early Buddhism and its relationship with consumption and salvation Centering his study on Tiantong a Buddhist monastery that has thrived for close to seventeen centuries in southeast China Walsh follows three main topics the spaces monks produced within and around which a community could pursue a meaningful existence the social and economic avenues through which monasteries provided diverse sacred resources and secured the primacy of Buddhist teachings within an agrarian culture and the nature of transactive participation within monastic spaces which later became a fundamental component of a broader Chinese religiosity Unpacking these sacred economies and repositioning them within the history of religion in China Walsh encourages a different approach to the study of Chinese religion emphasizing the critical link between religious exchange and the production of material culture
