Religious Imagery Of Khajuraho:

The Religious Imagery of Khajuraho Devangana Desai, 1996 Illustrations 101 colour plates and 125 b w illustrations
Description The book offers a closer view of the divinities and their configurations particularly in the major Hindu temples of Khajuraho It concentrates on the iconic schemes and patheons of two magnificent temples one a rare preserved shrine of Vaikuntha Vishnu and the other dedicated to Siva It highlights the important cult of the Yoginis and the syncretic role of Surya in Khajuraho s pantheon In the process of viewing the temple as a whole and its images within a well integrated scheme several earlier non specified images could be seen in their proper context and for the first time identified and interpreted The images of planetary divinities on the podium around the Lakshmana temple or the Sveta dvipa scene Back Cover are some such new interpretations offered in the book The book presents an account of the topography of this medieval sacred centre its patrons the Chandella rulers and erudite court culture The elite s love for double entendre is revealed in the sculptural art as well as poetic stanzas of their inscriptions on temples The language of puns and enigma sandhya bhasha helps us in understanding the significance of erotic sculptures which apparently are sensual figures but actually conceal a deeper symbolism *Hinduism and the Religious Arts* Heather Elgood, 2000-04-01 The roots between the Hindu religion and the wider culture are deep and uniquely complex No study of either ancient or contemporary Indian culture can be undertaken without a clear understanding of Hindu visual arts and their sources in religious belief and practice Defining what is meant by religion no such term exists in Sanskrit and what is understood by Hindu ideals of beauty Heather Elgood provides the best synthesis and critical study of recent scholarship on the topic In addition this book offers critical background information for anyone interested in the social and anthropological roots of artistic creativity as well as the rites practices and beliefs of the hundreds of millions of Hindus in the world today **Kiss of the Yogini** David Gordon White, 2024-05-31 For those who wonder what relation actual Tantric practices bear to the Tantric sex currently being marketed so successfully in the West David Gordon White has a simple answer there is none Sweeping away centuries of misunderstandings and misrepresentations White returns to original texts images and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day Kiss of the Yogini focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra sexualized ritual practices especially as expressed in the medieval Kaula rites Such practices centered on the exchange of powerful transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis It was only by drinking the sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods By focusing on sexual rituals White resituates South Asian Tantra in its precolonial form at the center of religious social and political life arguing that Tantra was the mainstream and that in many ways it continues to influence contemporary Hinduism even if reformist misunderstandings relegate it to a marginal position Kiss of the Yogini contains White s own translations

from over a dozen Tantras that have never before been translated into any European language It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history society culture and religion *Chandella Art* Suśīla Kumāra Sullere,2004 S K Sullerey Is Professor And Head Department Of Post Graduate And Research In Ancient Indian History Culture And Archaeology At Rani Durgavati Vishwavidyalaya Jabalpur M P

Cross-Cultural Issues in Art Steven Leuthold,2010-12-16 This book provides an engaging introduction to aesthetic concepts expanding the discussion beyond the usual Western theorists and Western examples **Material Culture and Asian Religions** Benjamin Fleming,Richard Mann,2014-03-26 Traditionally research on the history of Asian religions has been marked by a bias for literary evidence privileging canonical texts penned in classical languages Not only has a focus on literary evidence shaped the dominant narratives about the religious histories of Asia in both scholarship and popular culture but it has contributed to the tendency to study different religious traditions in relative isolation from one another Today moreover historical work is often based on modern textual editions and increasingly on electronic databases What may be lost in the process is the visceral sense of the text as artifact as a material object that formed part of a broader material culture in which the boundaries between religious traditions were sometimes more fluid than canonical literature might suggest This volume brings together specialists in a variety of Asian cultures to discuss the methodological challenges involved in integrating material evidence for the reconstruction of the religious histories of South Southeast Central and East Asia By means of specific test cases the volume explores the importance of considering material and literary evidence in concert What untold stories do these sources help us to recover How might they push us to reevaluate historical narratives traditionally told from literary sources By addressing these questions from the perspectives of different subfields and religious traditions contributors map out the challenges involved in interpreting different types of data assessing the problems of interpretation distinct to specific types of material evidence e g coins temple art manuscripts donative inscriptions and considering the issues raised by the different patterns in the preservation of such evidence in different locales Special attention is paid to newly discovered and neglected sources to our evidence for trade migration and inter regional cultural exchange and to geographical locales that served as contact zones connecting cultures In addition the chapters in this volume represent the rich range of religious traditions across Asia including Hinduism Buddhism Taoism Shinto and Chinese religions as well as Islam and eastern Christianities *The Archaeology of the Nātha Sampradāya in Western India, 12th to 15th Century* Vijay Sarde,2023-03-31 This book studies N tha samprad ya through archaeological evidence for the first time Drawing on a pioneering approach to the study of ascetic traditions it investigates not only the nature of the N tha samprad ya s religious architecture but also examines the extent to which they shared space with other religious groups such as the devotees of Siva and Sakti Buddhism and Islam especially with the Sufi tradition Focusing on western India the book sifts through a variety of archaeological evidence and documentation of their temples caves and ma

has It critically analyses iconographic representations of ascetics on temple walls and sculptural representations of yogic postures or sanas Further these representations are discussed within a pan South Asian framework to highlight both the commonalities of the tradition across the subcontinent and the regional specificities along with their chronological spread Breaking new ground this volume will be of great interest to scholars and researchers of religion especially Hinduism history archaeology and South Asian studies

Spiritual Art and Art Education Janis Lander, 2013-12-17 This book is a study of contemporary spirituality as it is practiced in the world today characterized by its secular and inclusive nature and applied to art and art education It identifies the issues facing a formal introduction of contemporary spiritual concepts into a secular and multicultural arts educational environment Lander begins by separating the notion of the spiritual from the study of organized religions She uses examples of art from different cultures in contemporary spiritual systems making the study a reference book for contemporary spirituality and spirituality in art education with usable definitions and practical examples suitable for scholars in art and visual studies art education and contemporary spirituality

The Hindus Wendy Doniger, 2009 An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions The Hindus elucidates the relationship between recorded history and imaginary worlds The Hindus brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers have kept Hinduism alive in ways that other scholars have not fully explored In this unique and authoritative account debates about Hindu traditions become platforms to consider history as a whole

'Yogini' in South Asia István Keul, 2013-07-18 In different stages in the history of South Asian religions the term yogin has been used in various contexts to designate various things a female adept of yoga a female tantric practitioner a sorceress a woman dedicated to a deity or a certain category of female deities This book brings together recent interdisciplinary perspectives on the medieval South Asian cults of the Yoginis such as textual philological historical art historical indological anthropological ritual and terminological The book discusses the medieval yogin cult as illustrated in early aiva tantric texts and their representations in South Asian temple iconography It looks at the roles and hypostases of yogin s in contemporary religious traditions as well as the transformations of yogin related ritual practices In addition this book systematizes the multiple meanings and proposes definitions of the concept and models for integrating the semantic fields of yogin Highlighting the importance of research from complementary disciplines for the exploration of complex themes in South Asian studies this book is of interest to scholars of South Asian Studies and Religious Studies

Climate Change and the Art of Devotion Sugata Ray, 2019-07-31 In the enchanted world of Braj the primary pilgrimage center in north India for worshippers of Krishna each stone river and tree is considered sacred In Climate Change and the Art of Devotion Sugata Ray shows how this place centered theology emerged in the wake of the Little Ice Age ca 1550 1850 an epoch marked by climatic catastrophes across the globe Using the frame of geoaesthetics he compares early modern conceptions of the environment and current assumptions about nature and culture

A groundbreaking contribution to the emerging field of eco art history the book examines architecture paintings photography and prints created in Braj alongside theological treatises and devotional poetry to foreground seepages between the natural ecosystem and cultural production The paintings of deified rivers temples that emulate fragrant groves and talismanic bleeding rocks that Ray discusses will captivate readers interested in environmental humanities and South Asian art history Art History Publication Initiative For more information visit <http://arthistorypi.org/books/climate-change-and-the-art-of-devotion>

Receptacle of the Sacred Jinah Kim, 2013-04-12 In considering medieval illustrated Buddhist manuscripts as sacred objects of cultic innovation *Receptacle of the Sacred* explores how and why the South Asian Buddhist book cult has survived for almost two millennia to the present A book manuscript should be understood as a form of sacred space a temple in microcosm not only imbued with divine presence but also layered with the memories of many generations of users Jinah Kim argues that illustrating a manuscript with Buddhist imagery not only empowered it as a three dimensional sacred object but also made it a suitable tool for the spiritual transformation of medieval Indian practitioners Through a detailed historical analysis of Sanskrit colophons on patronage production and use of illustrated manuscripts she suggests that while Buddhism's disappearance in eastern India was a slow and gradual process the Buddhist book cult played an important role in sustaining its identity In addition by examining the physical traces left by later Nepalese users and the contemporary ritual use of the book in Nepal Kim shows how human agency was critical in perpetuating and intensifying the potency of a manuscript as a sacred object throughout time

Heritage Conservation and Research in India Gabriela Krist, Tatjana Bayerová, 2010 2009 marked the 60th anniversary of the diplomatic relations of the Republic of India and the Republic of Austria The Conservation Department of the University of Applied Arts Vienna presents this volume largely based on papers reported at the conference Cultural Heritage Counts Research Conservation and Management held in New Delhi in August 2009 The conference was a crucial contribution initiated by the Austrian Cultural Forum New Delhi to celebrate this important jubilee The successful and intensive cooperation of both countries in the fields of the research and conservation of cultural heritage is reflected in numerous research and conservation projects presented in this book

The Hegemony of Heritage Deborah L. Stein, 2018-05-11 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more *The Hegemony of Heritage* makes an original and significant contribution to our understanding of how the relationship of architectural objects and societies to the built environment changes over time Studying two surviving medieval monuments in southern Rajasthan the Ambika Temple in Jagat and the Kalingji Temple Complex in Kailaspuri the author looks beyond their divergent sectarian affiliations and patronage structures to underscore many aspects of common practice This book offers new and extremely valuable insights into these important monuments illuminating the entangled politics of antiquity and revealing whether a monument's ritual record is affirmed as continuous and hence hoary or dismissed as discontinuous or reinvented through various strategies The

Hegemony of Heritage enriches theoretical constructs with ethnographic description and asks us to reexamine notions such as archive and text through the filter of sculpture and mantra

Cosmic Order and Cultural Astronomy Rana Singh, 2009-10-02 Throughout the Indian subcontinent there are territories and areas wherein culture geography and the archetypal cosmos interact with each other to create a sacredscape that is infused with meaning cultural performances and transcendent power These sacred sites possess extensive mythological associations where believed that spirit can cross between different realms In a broad perspective such studies falls within the realm of cultural astronomy which has two broad areas viz archaeoastronomy concerned with the study of the use of astronomy and its role in ancient cultures and civilizations and ethnoastronomy that studies the use of astronomy and its role in contemporary cultures The seven essays in this volume deals with the critical appraisal of studying cultural astronomy and cosmic order and its implications in India illustrated with case studies like heritagescape of Khajuraho where stone speaks manescape of Gaya where manes come and bless the devotees Deviscape of Vindhyachal where goddess resorts Shivascape of Kashi where Shiva dances in making order Shaktiscape of Kashi that possesses the spatial ordering of goddesses and Naturscape of Chitrakut where mother earth blesses

Geographical Thoughts in India Rana Singh, 2009-05-27 This book deals with roots of Indian geographical thoughts with reference to its historical base cultural context and visionary message As a consequence of long cultural history the resultant lifeworld in India converges like a drama and dance of space time function with transference and transformation In the passage of time emerged a metaphysical frame of thought the varieties of heritagescapes and simultaneously grown the senses to heritage ecology Of course attempts have been scanty but the richness always portrayed in literature and literary geography Historical and cultural geographies in India have not caught that much attention in the academia however on micro level distinct attributes are interpreted in the recent literature Going back to the ancient notions of nature theology religioscapes and rituals have developed a complex network of belief systems in the Hindu traditions In these traditions the motherly river Ganga serves as symbol system and metaphor in the Indian culture Continuity of cultural manifestations is actively maintained and continued in the Indian villages where lives three fourths of India s population and serve like a place ballet India s catastrophic march on the road of development and technology is entangled with obstacles and socio spatial gaps that need to be re considered in the light of cultural background and historical legacy All these issues are examined emphasising dualistic and complimentary perspectives in the West and the East Contents Viewpoints on the book v viii List of Tables List of Figures xi xvi Foreword Prof Martin J Haigh Oxford Brooke University UK 1 8 Preface Acknowledgements 9 21 1 Metaphysics and Sacred Ecology Cosmos Theos Anthropos 23 57 2 Lifeworld Lifecycle and Home 58 97 3 Landscape as Text Literary Geography and Indian Context 98 128 4 Historical Geography of India Trends in the 21st century 129 162 5 Cultural Geography of India Trends in the 21st century 163 195 6 Geographic Milieu and Belief Systems An Appraisal 196 226 7 Sacred space and Faithscape 227 266 8 The Ganga River Images and Symbol of India 267 302 9
