John Hick's Religious Pluralism in Global Perspective Sharada Sugirtharajah, 2023-01-01 This volume contains fresh scholarly contributions to mark the birth centenary of John Hick the internationally well known philosopher of religion whose works continue to have significant global relevance in today s religiously diverse and conflict ridden world His writings have reset the parameters of religious pluralism Up till now Hick s religious pluralism has been mainly seen in relation to the Western context where Christianity is the predominant religion This volume includes both Western and non Western engagement with his thinking in contexts such as Japan China Korea Nigeria and India where Christianity is a minority religion with little political power Its distinctiveness lies in widening the debate on religious pluralism by bringing Hick s pluralistic hypothesis into a constructive cross cultural and interreligious conversation with scholars of Hinduism Jainism Daoism Judaism Christianity Islam and African traditional religions In doing so this collection examines how Hick s philosophy of religious pluralism has been received appropriated and appraised by these scholars It has been appreciated and critiqued in equal measure and continues to impact on current thinking on religious pluralism This volume makes a significant contribution to the debate initiated by Hick Christian Approaches to Other Faiths Paul Hedges, Alan Race, 2008

Dictionary of Mission Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the *Dictionary of Mission* represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the *Dictionary of Mission* is a road map through this exciting and challenging terrain from the Foreword

Augustine and World Religions Brian Brown, John A. Doody, Kim Paffenroth, 2008-05-30 Augustine and World Religions examines Augustine's thought for how it can inform modern inter religious dialogue Despite Augustine's reputation as the father of Christian intolerance one finds in his thought the surprising claim that within non Christian writings there are some truths in regard even to the worship of the One God This it seems hints at a deeper level of respect and dialogue between religions because one engages in such dialogue in order to better understand and worship God The essays here uncover provocative points of comparison and similarity between Christianity and other religions to further such an Augustinian dialogue

One Earth, Many Religions Paul F. Knitter, 1995 One of the world's foremost exponents of the pluralist position as the most adequate Christian theological account of religious diversity turns to a new and urgent issue facing the community of world religions For Paul Knitter the spectre of environmental and social injustice looms over any serious discussion of humankind's future As urgent as it is to have peace among the world's believers to achieve peace among nations it is urgent that these communities unite in understanding and defending of the earth In *One Earth Many Religions* Knitter looks back at his own dialogical odyssey and forward to the way that interfaith encounters and dialogue must focus attention on new challenges Nothing less than enlisting the commitment of the world's religions on the task of saving our common home will do In making that case Knitter makes clear the complex structures political economic and social as well as religious that face those who approach this task While articulating a this worldly soteriology necessary to overcome our eco human plight Knitter offers practical considerations on actions and projects that have and should have been undertaken to stem the tide of environmental and human suffering The global crisis is both at the center of *One Earth Many Religions* and a test case for Knitter and others engaged in the dialogue of religions Can religious differences concerning the nature of the transcendent themselves be transcended in order to promote eco human well being The issue seems basic and clear if interreligious dialogue cannot effect such a change then one must question whether religion is of any use whatsoever

Feminist Interpretations of Augustine Judith Chelius Stark, 2010-11-01 **Buddhism and Language** Jose Ignacio Cabezón, José Ignacio Cabezón, 1994-01-01 Taking language as its general theme this book explores how the tradition of Indo Tibetan Buddhist philosophical speculation exemplifies the character of scholasticism Scholasticism as an abstract and

Davies, 2013-06-28 This book explores Mormon theology in new ways from a scholarly non Mormon perspective Bringing Jesus and Satan into relationship with Joseph Smith the founding prophet Douglas Davies shows how the Mormon Plan of Salvation can be equated with mainstream Christianity's doctrine of the Trinity as a driving force of the faith Exploring how Jesus has been understood by Mormons his many Mormon identities are described in this book he is the Jehovah of the Bible our Elder Brother and Father probably also a husband he visited the dead and is also the antagonist of Satan Lucifer This book offers a way into the Mormon problem of evil understood as apostasy from pre mortal times to today Three images reveal the wider problem of evil in Mormonism Jesus pre mortal encounter with Lucifer in a

Introduction to Religious Philosophy Y. Masih, 1991 This is a book with a clearly visible theme of Advaita That is not to say that Masih has not spoken of other things However this book is not an introduction to philosophy of religion but an introduction to religious philosophy Thus it escapes the narrow confines of being a mere introduction to religious philosophy as there are plenty of insights on philosophy of religion as well A striking aspect of this book is that the author not only believes but also calculates logically as to how the various insights of different religions must crossfertilise the visions of one another This exercise obviously demands a great deal of understanding of the various religious commitments The author quotes the example of Ramakrishna Paramahansa who suggested that there is something like religious unity and that one is capable of extending oneself beyond the limited confines of a single religion of the Supreme Spirit Thus understanding the Supreme Spirit as a concept is useful because it is in the nature of a concept that is shareable and communicable One appreciable part of the book is the sweep it has over the subject from Galloway and Martinieu to J N Findlay Hare Blik Kant Hastings Rashdall to McCloskey and Radhakrishnan the author has drawn from various thinkers
