Nineteenth-Century Religion, Literature and Society Naomi Hetherington, Rebecca Styler, Angharad Eyre, Richa Dwor, Clare Stainthorp, 2021-11-09 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion A key concern of the resource is to integrate non Christian religions into our understanding and representations of religious life

in this period Each volume is framed around a different meaning of the term religion Volume one on Traditions offers an overview of the different religious traditions and denominations present in Britain in this period Volume two on Mission and Reform considers the social and political importance of religious faith and practice as expressed through foreign and domestic mission and philanthropic and political movements at home and abroad Volume three turns to Religious Feeling as an important and distinct category for understanding the ways in which religion is embodied and expressed in culture Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces The resource is aimed primarily at researchers and students working within the fields of literature and social and religious history It supplies an interpretative context for sources in the form of explanatory headnotes to each source or group of sources and volume introductions that explore overarching themes Each volume can be read independently but they work together to elucidate the complex and multi faceted nature of nineteenth century religious life

[The British Jesus, 1850-1970](#) Meredith Veldman,2022-04-05 The British Jesus focuses on the Jesus of the religious culture dominant in Britain from the 1850s through the 1950s the popular Christian culture shared by not only church kirk and chapel goers but also the growing numbers of Britons who rarely or only episodically entered a house of worship An essay in intellectual as well as cultural history this book illumines the interplay between and among British New Testament scholarship institutional Christianity and the wider Protestant culture The scholars who mapped and led the uniquely British quest for the historical Jesus in the first half of the twentieth century were active participants in efforts to replace the popular image of Jesus in a white nightie with a stronger figure and so they hoped to preserve Britain s Christian identity They failed By exploring that failure and more broadly by examining the relations and exchanges between popular artistic and scholarly portrayals of Jesus this book highlights the continuity and the conservatism of Britain s popular Christianity through a century of religious and cultural transformation Exploring depictions of Jesus from over more than one hundred years this book is a crucial resource for scholars of British Christianity in the nineteenth and twentieth centuries

in Great Britain enables insights into whether residents were encouraged to identify themselves by country of residence by country of birth or by their newly acquired understanding of a broader whole Enhanced by a succinct and informative catalogue of data including editorship and price about the periodicals analyzed this study provides a striking history of the era and brings clarity to the perception of British transcendence and progress that emerged with such force and appeal after 1815

A Victorian Dissenter David E. Seip,2018-04-24 This book introduces the reader to Robert Govett 1813 1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to describe Govett his life and his printed work 2 to analyze Govett s eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett s doctrine of exclusion was heavily intertwined with most of his writings It was a topic that he developed throughout his career Yet as the center of dispensationalism shifted to America Govett s views of the Rapture began to be seen as extreme The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism This book seeks to remove the mystery

College Cloisters - Married Bachelors Bridget Duckenfield,2014-07-03 Using archival material and many unpublished sources this work traces the origins of Oxford and Cambridge University colleges as places of learning founded from the thirteenth century for unmarried men who were required to take vows of poverty chastity and obedience the majority of whom trained for the priesthood The process reveals how the isolated monk like existence was gradually transformed from the idea of married Fellows at University Colleges being considered absurd into considering it absurd not to allow Fellows to marry and keep their fellowships and therefore their income This book shows how the Church was accepted as an essential element in society with university trained Churchmen becoming influential in Crown government and State As part of the cataclysmic change from Catholic to Protestant religion Edward VI and his Council permitted priests to marry partly to declare their allegiance to the new Protestant religion and their rejection of the old However within the university colleges the rule that Fellows would

lose their fellowships immediately on marriage was insisted upon Why a group of individuals were instructed to remain set in a medieval monastic way of life within a nineteenth century institution is traced in conjunction with how anomalies arose were absorbed accepted or challenged by a few courageous individuals prior to bringing about the ultimate change to the statutes in 1882 Evangelicals and Education Khim Harris,2007-09-01 This is the first history of English public schools founded by Evangelicals in the nineteenth century Five existing public schools can be traced back to this period Cheltenham College Dean Close School Monkton Combe School Trent College and St Lawrence s College Some of these schools were set up in direct competition with new Anglo Catholic schools while others drew their inspiration from and to a greater or lesser extent were modelled on their rivals Harris documents for the first time the rise of Evangelical societies such as the influential Church Association and the little known Clerical and Lay Associations An extensive bibliography and useful biographical survey of influential Evangelicals of the period completes this groundbreaking study *Trollope and the Magazines* M. Turner,1999-10-28 Trollope and the Magazines examines the serial publication of several of Trollope s novels in the context of the gendered discourses in a range of Victorian magazines including Cornhill Good Words Saint Pauls and the Fortnightly Review It highlights the importance of the periodical press in the literary culture of Victorian Britain and argues that readers today need to engage with the lively cultural debates in the magazines in order better to appreciate the complexity of Trollope s popular fiction
