Remarkable Survivors Insights Into Successful Aging Among Women:

Remarkable Survivors Alice Taylor Day, 1991 Ageing and Diversity Daatland, Svein Olav, Biggs, Simon, 2006-04-05

Assessing the stereotyped conceptions of ageing this book explores the diversity of individual pathways of ageing the sources of identifications migration and otherness and the tension between social structures and personal agency It is aimed at academics students and practitioners in the fields of sociology social psychology and welfare *Self and Identity Through the Life Course in Cross-Cultural Perspective* Timothy J Owens, 2000 This volume represents a new name and a new focus for its predecessor Current Perspectives on Aging and the Life Cycle volumes 1 4 We begin our new series now titled Advances in Life Course Research with volume 5 Its statement of purpose is the publication of theoretical analyses reviews policy analyses and positions and theory based empirical papers on issues involving all aspects of the human life course It adopts a broad conception of the life course and invites and welcomes contributions from all disciplines and fields of study interested in understanding describing and predicting the antecedents of and consequences for the course that human lives take from birth to death within and across time and cultures construed in its broadest sense regardless of methodology theoretical orientation or disciplinary affiliation **Wising Up** Kathy Black, Heather Murray Elkins, 2010-04-01 Wising Up provides rituals and guidance for women as they age It helps them make the often difficult life transitions wisely and in the context of their faith communities Instead of focusing exclusively on time worn thresholds such as menopause marriage and divorce and dying the book contains affirming rituals on coming to terms with the changes in one s body learning to live with and depend on an item like a walker or a hearing aid giving up one s driver s license deciding how to give away one s household contents and being orphaned In addition to the rituals and guidelines on how to create one s own rituals the book contains a number of short stories hymns prayers quotations and poems to help ease women through the aging process Contributors Susan Beehler Teresa Berger Kathy Black Ruth Duck Heather Murray Elkins Brigitte Enzner Probst Martha Whitmore Hickman Martha Ann Kirk Mary Elizabeth Mullino Moore Susan Roll Deborah Sokolove Linda J Vogel and Janet Walton *The Oxford Encyclopedia of Women in World History* Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical

social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike Old Age in English History Pat Thane,2000-05-11

At the end of the twentieth century more people are living into their seventies eighties nineties and beyond a process expected to continue well into the next millennium The twentieth century has achieved what people in other centuries only dreamed of many can now expect to survive to old age in reasonably good health and can remain active and independent to the end in contrast to the high death rate ill health and destitution which affected all ages in the past Yet this change is generally greeted not with triumph but with alarm It is assumed that the longer people live the longer they are ill and dependent thus burdening a shrinking younger generation with the cost of pensions and health care It is also widely believed that the past saw few survivors into old age and these could be supported by their families without involving the taxpayer In this first survey of old age throughout English history these assumptions are challenged Vivid pictures are given of the ways in which very large numbers of older people lived often vigorous and independent lives over many centuries The book argues that old people have always been highly visible in English communities and concludes that as people live longer due to the benefits of the rise in living standards far from being burdens they can be valuable contributors to their family and friends **Understanding the Older Consumer** Barrie Gunter,2012-10-12

In Understanding the Older Consumer Barrie Gunter provides a detailed examination of the demographic behavioural and psychological profiles of the older consumer He shows that without the responsibilities of loans and child raising and with better financial provision than in previous years the over 50s represent a powerful spending force In order to reach this group Barrie Gunter shows how to target advertising and respond to the changes that have occurred Understanding the Older Consumer provides a wealth of information on older people s lifestyles and leisure their interest in the mass media their perceptions of advertising and their shopping Loss and Trauma John Harvey,Eric Miller,2021-12-16

Given the relationship between trauma loss and interpersonal bonds the editors have assembled a noteworthy list of contributions discussing trauma associated with close relationships divorce infertility widowhood Certainly trauma is closely associated with loss This edited volume offers the perspective of over twenty leading scholars in the study of trauma and loss Each chapter offers extensive coverage of contemporary issues terror management rational suicide spirituality stigmatization Relationship issues within these topics are also explored Adult Personality Development Lawrence S. Wrightsman,1994-03-15

Why do we as adults have the personality characteristics we do No one explanation is accepted by all however in this greatly expanded version of his earlier book Personality Development in

Adulthood Wrightsman helps us understand and organize the three broad theoretical approaches to explain psychological changes during the period from adolescence to the onset of late adulthood Each of these approaches early formation theories stage theories and the dialectical approach are described and contrasted in order to help us more easily compare our experiences with those of others Case histories relevant current events and boxed inserts are used throughout the book to illustrate important concepts in a thought provoking lively manner Written in a compelling non technical style the book is accessible to students and interested readers from all disciplines especially psychology clinical and developmental psychology aging family studies sociology gender studies and nursing

Demography of Aging National Research Council,Division of Behavioral and Social Sciences and Education,Commission on Behavioral and Social Sciences and Education,Committee on Population,1994-02-01 As the United States and the rest of the world face the unprecedented challenge of aging populations this volume draws together for the first time state of the art work from the emerging field of the demography of aging The nine chapters written by experts from a variety of disciplines highlight data sources and research approaches results and proposed strategies on a topic with major policy implications for labor forces economic well being health care and the need for social and family supports

Aged Care Diane Gibson,1998-01-28 The ageing of the population is a demographic phenomenon a social problem and a policy issue The increase in the numbers of aged and in the costs of supporting and caring for them have also brought increases in family care in deinstitutionalisation of aged care services and in issues of quality and outcomes of care and consumer rights The growing recognition of the

feminisation of ageing also has significant social and policy consequences In this 1998 book Diane Gibson synthesises a wide range of material to provide an overview of these issues and policy responses worldwide The book then looks in depth at Australia a country typical in the problems it faces and a world leader in many of its solutions Gibson also offers a more conceptual examination of theoretical implications and practical consequences She elucidates debates in ways which will set new standards for aged care policy and practice worldwide *Ageing and Social Policy in Australia* Allan Borowski, Sol Encel, Elizabeth Ozanne, 1997-11-17 Industrialised countries worldwide have for years been confronting the prospect of a steadily ageing population This book first published in 1997 reflects the breadth of research into gerontology and analyses the major themes and issues in the area of ageing and social policy in both an Australian context and from an international comparative perspective Topics discussed include unemployment education and housing for the aged Added to this is the contemporary influence of multiculturalism and the challenge it poses to policies and programs that must cater for a growing diversity in the ageing population A special focus is given to the situation of women and Aboriginal Australians and the specific structural disadvantages they face This book is essential reading for students and policy makers in sociology social and public policy gerontology and public health **Ageing and Place** Gavin J. Andrews, David R. Phillips, 2004-11-10 During recent years an increasing amount of academic research has focused on older people with a particular emphasis on settings places and spaces This book provides a comprehensive review of research and the policy area of ageing and place An insightful book on an important topic Andrews and Phillips have together edited a valuable information and reference source for those with interests in the spatial dimensions of ageing in the twenty first century Ranging from macro scale perspectives on the distribution of older populations on national scales to the meaning of specific local places and settings to older individuals on the micro scale the book spans an entire range of research traditions and international perspectives

Aging: Culture, Health, and Social Change David N. Weisstub, David C. Thomasma, S. Gauthier, G.F. Tomossy, 2013-06-29 Culture Health and Social Change is the first of three volumes on Aging conceived for the International Library of Ethics Law and the New Medicine Leading scholars from a range of disciplines contest some of the predominant paradigms on aging and critically assess modern trends in social health policy How we approach and understand aging will have indelible effects on existing and future elder citizens Acknowledging the cultural variances that exist in the human experience of aging is therefore of vital importance in order to respond to individual needs in a manner that is not paternalistic discriminatory or exclusionary Understanding Depression Janet Stoppard, 2014-01-14 Women are particularly vulnerable to depression Understanding Depression provides an in depth critical examination of mainstream approaches to understanding and treating depression from a feminist perspective Janet Stoppard argues that current approaches give only partial accounts of womens experiences of depression and concludes that a better understanding will only be achieved when womens experiences and lived realities are considered in relation to the material and social conditions

in which their everyday lives are embedded The impact of this change in approach for modes of treatment are discussed and solutions are suggested Understanding Depression offers new insights into the problem and its treatment It will prove useful to those with an interest in depression and gender as well as mental health practitioners Close Relationships Clyde Hendrick,Susan S. Hendrick,2000-02-17 As Ellen Bercheid points out in her foreword to this volume relationship science is a complex and ever expanding field Much credit goes to editors Clyde Hendrick and Susan S Hendrick for their scholarly dedication to the advancement of this multidisciplinary arena This sourcebook demonstrates yet again their expertise and leadership as they succeed in combining many great contributions to the field by some of the most respected specialists around Read this book for a panoramic view of close relationship research with highlights from current literature original research practical applications and projections for future research National Library of Medicine Current Catalog National Library of Medicine (U.S.),1993 Current Catalog National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 **Occupational Therapy and Older People** Ann McIntyre,Anita Atwal,2013-05-30 This timely book locates older people as major clients of occupational therapy services It provides a comprehensive resource for students and a basic working reference for clinicians The book encompasses current theories debates and challenges which occupational therapists need to engage in if they are to provide pro active and promotional approaches to ageing Detailed coverage of bodily structures functions and pathologies leads onto chapters dedicated to activity occupation and participation The ethos of the book is to inspire innovation in the practice of occupational therapy with older people promoting successful ageing that entails control and empowerment Features Contains many practical elements including case studies and narratives from practice Promotes active ageing Adopts the framework of the World Health Organisation s International Classification of Functioning Disability and Health 2001 Specialist contributions reveal the diversity of occupational performance considerations in older age
