Aleister Crowley Gary Lachman, 2014-05-15 This definitive work on the occult's great beast traces the arc of his controversial life and influence on rock and roll giants from the Rolling Stones to Led Zeppelin to Black Sabbath When Aleister Crowley died in 1947 he was not an obvious contender for the most enduring pop culture figure of the next century But twenty years later Crowley's name and image were everywhere The Beatles put him on the cover of Sgt Pepper's Lonely Hearts Club Band The Rolling Stones were briefly serious devotees Today his visage hangs in goth clubs occult temples and college dorm rooms and his methods of ceremonial magick animate the passions of myriad occultists and spiritual seekers Aleister Crowley is more than just a biography of this compelling controversial and divisive figure it's also a portrait of his unparalleled influence on modern pop culture

Aleister Crowley and Western Esotericism Henrik Bogdan, Martin P. Starr, 2012-08-01 This volume is the first comprehensive examination of one of the twentieth century's most distinctive iconoclasts Aleister Crowley 1875-1947 was a study in contradictions Born into a fundamentalist Christian family and educated at Cambridge he was vilified as a traitor drug addict and debaucher yet revered as perhaps the most influential thinker in contemporary esotericism Moving beyond the influence of contemporary psychology and the modernist understanding of the occult Crowley declared himself the revelator of a new age of individualism Crowley's occult bricolage Magick was an eclectic combination of spiritual exercises drawn from Western European magical ceremonies and Indic sources for meditation and yoga This journey of self liberation culminated in harnessing sexual power as a magical discipline a sacralization of the self as practiced in Crowley's mixed masonic group the Ordo Templi Orientis The religion Crowley created Thelema legitimated his role as a charismatic revelator and herald of a new age of freedom Aleister Crowley's lasting influence can be seen in the counter culture movement of the late 1960s and early 1970s and in many forms of alternative spirituality and popular culture The essays in this volume offer crucial insight into Crowley's foundational role in the study of Western esotericism new religious movements and sexuality

historians Lawrence Sutin by treating Crowley as a cultural phenomenon and not simply a sorcerer or a charlatan convinces skeptic readers that the self styled Beast remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time *Magic and Witchery in the Modern West* Shai Feraro,Ethan Doyle White,2019-06-26 This book marks twenty years since the publication of Professor Ronald Hutton s *The Triumph of the Moon* a major contribution to the historical study of Wicca Building on and celebrating Hutton s pioneering work the chapters in this volume explore a range of modern magical occult and Pagan groups active in Western nations Each contributor is a specialist in the study of modern Paganism and occultism although differ in their embrace of historical anthropological and psychological perspectives Chapters examine not only the history of Wicca the largest and best known form of modern Paganism but also modern Pagan environmentalist and anti nuclear activism the Pagan interpretation of fairy folklore and the contemporary Traditional Witchcraft phenomenon *Remembering Satan* Lawrence Wright,1995-04-25 From the Pulitzer Prize winning author of *The Looming Tower* comes the most powerful and disturbing true crime narrative to appear since Truman Capote s *In Cold Blood* TIME a case that destroyed a family engulfed a small town and captivated an America obsessed by rumors of a satanic underground In 1988 Ericka and Julie Ingram began making a series of accusations of sexual abuse against their father Paul Ingram who was a respected deputy sheriff in Olympia Washington At first the accusations were confined to molestations in their childhood but they grew to include torture and rape as recently as the month before At a time when reported incidents of recovered memories had become widespread these accusations were not unusual What captured national attention in this case is that under questioning Ingram appeared to remember participating in bizarre satanic rites involving his whole family and other members of the sheriff s department As *Remembering Satan* follows the increasingly bizarre accusations and confessions the claims and counterclaims of police FBI investigators and mental health professionals it gives us what is at once a psychological detective story and a domestic tragedy about what happens when modern science is subsumed by our most archaic fears *The Eloquent Blood* Manon Hedenborg White,2020 *The Eloquent Blood* focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875 1947 Babalon is based on Crowley s favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements *The Baptist's Head Compendium* Alan Chapman,Duncan Barford,2024-06-25 The intimate personal journals of two occultists practising western magick to achieve The Great Work also known as awakening or enlightenment With its humour honesty and down to earth approach extending beyond the cult following it gained after its original publication in the late noughties *The Baptist s Head Compendium* has

proved itself a seminal text and indispensable guide to anyone suspicious of or disillusioned by magick purely as a tool for personal power or material gain Sharing the details of their discoveries and mistakes in the process of making them Chapman and Barford demonstrate how magick is a genuine spiritual tradition leading to enlightenment They have their minds blown and the strangest experiences of their lives By holding nothing back but sharing all results and methods the reader is equipped to embark on their own exploration of magick as a path to spiritual awakening Originally published as a trilogy but long since out of print these books are now available for the first time in a single volume revised and updated with new introductions by the authors *Handbook of Contemporary Paganism* Murphy Pizza, James R.
