René Guénon

Rene Guenon:

The Essential Ren, Gu,non René Guénon,2009-10-15 A prolific writer and author of over 24 books Rene Guenon was the founder of the Perennialist Traditionalist school of comparative religious thought Known for his discourses on the intellectual and spiritual bankruptcy of the modern world symbolism tradition and the inner or spiritual dimension of religion this book is a compilation of his most important writings A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world's religions and his writings on Hinduism Taoism and Sufism are particularly illuminating in this regard *Rene Guenon* Frithjof Schuon, **The Crisis of the Modern World** René Guénon,2001 It is no longer news that the Western world is in a crisis a crisis that has spread far beyond its point of origin and become global in nature In 1927 Ren Gu non responded to this crisis with the closest thing he ever wrote to a manifesto and call to action *The Crisis of the Modern World* was his most direct and complete application of traditional metaphysical principles particularly that of the age of darkness preceding the end of the present world to social criticism surpassed only by *The Reign of Quantity and the Signs of the Times* his magnum opus In the present work Gu non ruthlessly exposes the Western deviation its loss of tradition its exaltation of action over knowledge its rampant individualism and general social chaos His response to these conditions was not activist however but purely intellectual envisioning the coming together of Western intellectual leaders capable under favorable circumstances of returning the West to its traditional roots most likely via the Catholic Church or under less favorable ones of at least preserving the seeds of Tradition for the time to come

Rene Guenon and the Future of the West Robin Waterfield,2005-03 Reni Guinon 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization This is the only biographical introduction to Guinon currently available in English Sophia Perennis will soon publish another biography *The Simple Life of Reni Guinon* written shortly after Guinon's death by his close friend and publisher Paul Chacornac After a lonely childhood often interrupted by ill health Guinon navigated the seductive half truths of occultism toward a deeper unified vision offering a way out from the confusion and fragmentation of our time Against the seemingly inexorable process of dissolution the twentieth century experienced Guinon pointed to the transcendent unity of all religious faiths and the abiding Truth that contains them all *Prophet for a Dark Age* Graham Rooth,2008-03-14 Rene Guenon is a major figure for anyone who recognises a need to rediscover the spiritual roots from which Western society has become so comprehensively alienated

Immersing himself in the search for spiritual truth he chose Islam as the vehicle for his spiritual life

The Simple Life of René Guénon Paul Chacornac, 2005-05 René Guénon 1886-1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization The present volume first published in 1958 by Guénon's friend and collaborator Paul Chacornac whose bookstore journal first called *Le Voile d'Isis* later changed to *Traditionnelles* and publishing ventures *Traditionnelles* were so instrumental in furthering Guénon's work was the first full length biography of this extraordinary man to appear and has served as the foundation for the many later biographies that have appeared in French as well as the lone biography in English *René Guénon and the Future of the West* by Robin Waterfield Its translation and publication in conjunction with *The Collected Works of René Guénon* represents an important step in the effort to bring Guénon's oeuvre before a wider public

René Guénon and the Future of the West Robin Everard Waterfield, 2002

Perspectives on Initiation René Guénon, 2004-05

The present volume first published at the close of World War II and based on a series of articles on initiation originally written between 1932 and 1938 for *Le Voile d'Isis* later renamed *Traditionnelles* is unique in giving a comprehensive account both of the conditions of initiation and of the characteristics of organizations qualified to transmit it Guénon's distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and mystical spirituality are one and the same The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path This last point precisely defines the rift between Guénon and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Guénon's criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one Whoever follows Guénon's argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles But pre eminently *Perspectives on*

Initiation provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo initiatic and countert initiatic spiritualities in these profoundly uncertain times **Reni Guinon** Frithjof Schuon, 2004 Ren Gu non 1886 1951 was the founder of the Traditionalist School Along with Ananda K Coomaraswamy and Frithjof Schuon he reintroduced traditional metaphysics and esoterism into the Western world after a lapse of centuries and was perhaps the first to present the doctrines of the Vedanta Taoism and Sufism not as Eurocentric orientalist or occult fantasists had done but strictly in their own terms To the mathematical precision of Gu non s metaphysics cosmology and esoteric history Frithjof Schuon 1907 1998 added a poetic or musical element inspired by his close relationship to the Divine Feminine He also presented the spiritual path as a concrete praxis involving the spiritual virtues and stations of wisdom that was not so prominent in Gu non s writings On the other hand Gu non s prophetic eschatology especially in *The Reign of Quantity* and the *Signs of the Times* as well as his analysis of the counter tradition gives him a unexpectedly contemporary edge that is perhaps less prominent in Schuon s more aesthetic approach Ren Gu non and Frithjof Schuon illuminate each other both through their unanimity and the specific points where they differ Each is almost the only means of taking the other s measure Questions of who was greater who more traditional are finally less interesting than the tremendous vision of human reality and spiritual truth that emerges from their shared role as renewers of traditional metaphysics and religious understanding Schuon as the younger man was in a position to compose an evaluation of his early intellectual master and in view of his long and illustrious career as an author after Gu non s death Schuon s central essay *Ren Gu non Some Observations* is also his profoundly appreciative as well as pointedly critical declaration of independence though simultaneously a declaration of collegiality from the man who more than anyone else in the modern world opened to him a fundamental view of principal reality René Guenon Julius Evola, 1993-09-01 **The Essential Rene Guenon** John Herlihy, 2009-10-15 A prolific writer and author of over 24 books Rene Guenon was the founder of the Perennialist Traditionalist school of comparative religious thought Known for his discourses on the intellectual and spiritual bankruptcy of the modern world symbolism tradition and the inner or spiritual dimension of religion this book is a compilation of his most important writings A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world s religions and his writings on Hinduism Taoism and Sufism are particularly illuminating in this regard *The Reign of Quantity & the Signs of the Times* René Guénon, 2001 Critique of modern Western civilization from the point of view of traditional metaphysics **The King of the World** René Guénon, 2001 This remarkable book grew out of a conference headed by Ren Gu non the sinologist Ren Grousset and the neo Thomist Jacques Maritain on questions raised by Ferdinand Ossendowski s thrilling account in his *Men Beast and Gods* of an escape through Central Asia during which he foils enemies and encounters shamans and Mongolian lamas whose marvels he describes The book caused a great sensation especially the closing chapters where Ossendowski recounts legends allegedly entrusted to him concerning the King of the World and his subterranean kingdom

Agarththa The present book one of Gu non s most controversial was written in response to this conference and develops the theme of the King of the World from the point of view of traditional metaphysics Chapters include Western Ideas about Agarththa Shekinah and Metatron The Three Supreme Functions Symbolism of the Grail Melki Tsedeq Luz Abode of Immortality The Supreme Center concealed during the Kali Yuga and The Omphalos and Sacred Stones **Insights Into Christian Esoterism** René Guénon,2001 The present volume discusses Christian initiation and various esoteric organizations with special reference to Dante as well as a study of St Bernard **The Crisis of the Modern World** René Guénon,2025-06-14 In this landmark work Ren Gu non offers a penetrating diagnosis of the spiritual and intellectual disintegration at the heart of modern Western civilization The Crisis of the Modern World traces the roots of contemporary chaos to a fundamental rupture with traditional metaphysical principles replaced by materialism relativism and the cult of progress Gu non contrasts the modern worldview with the timeless wisdom of traditional societies in which knowledge was rooted in the sacred and life was oriented toward transcendent truth With clear eyed precision he exposes the illusions of modernity while pointing to the perennial principles that can guide a genuine restoration of order both within the individual and the world Provocative and prophetic this book remains as relevant today as when it was first published The Crisis of the Modern World is essential reading for anyone seeking to understand the deeper causes of today s global turmoil and the path beyond it **Symbols of Sacred Science** René Guénon,2004 In Symbols of Sacred Science Gu non a master of precise even mathematical metaphysical exposition reveals himself as a consummate exegete of myth and symbolism as well superior in many ways to Mircea Eliade and comparable perhaps only to his respected friend Ananda K Coomaraswamy This extraordinary text unveils the cosmological meanings of root symbols organized under such general headings as The Center of the World Cyclic Manifestation Symboic Weapons Axial Symbolism and the Symbolsim of Passage The Symbolism of Building and The Symbolism of the Heart Far more than a simple catalogue of myths and symbols from many traditions Symbols of the Sacred Science lays the foundation for a universal esoteric symbology In this work Gu non demonstrates the fundamental unity across all cultures and ages of the images with which the Absolute clothes itself in its cosmic self revelation **Studies in Freemasonry and the Compagnonnage** René Guénon,2004 Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern

world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Studies in Freemasonry and the Compagnonnage is both an attempt to rediscover the lost roots of Masonry and a fascinating look into the many controversies swirling around the subject of Masonry in serious intellectual circles during the first half of the twentieth century It must also be classed along with Symbols of Sacred Science Spiritual Authority and Temporal Power Traditional Forms and Cosmic Cycles The Esoterism of Dante Insights into Christian Esoterism and Insights into Islamic Esoterism and Taoism not to mention related sections in many of his other books as one of Ren Gu non s masterful excursions into esoteric myth symbolism and secret history Freemasonry may indeed be as Gu non ultimately concluded a largely degenerated and thus no longer strictly operative offshoot of a true initiatory lineage yet its symbolism like that of the original Rosicrucians remains profound traditional and therefore ultimately legitimate And given that the Spirit bloweth where it listeth it is always possible that symbolism of this order may awaken in a receptive soul intimations of the Truth and the Way which can be of inestimable of value in the path to the Path the quest for a living initiatory spirituality East and West René Guénon, 2025-06-14 In East and West Ren Gu non delivers a powerful critique of modern Western civilization through the lens of traditional metaphysics and spiritual wisdom Contrasting the materialist orientation of the modern West with the spiritual depth of the traditional East Gu non argues that true knowledge and the key to civilizational renewal lies in the rediscovery of sacred principles that the West has largely forgotten With penetrating insight Gu non examines the philosophical cultural and spiritual divides between the two hemispheres challenging superficial understandings and proposing a necessary reorientation toward timeless truths Far from advocating cultural opposition he calls for a higher synthesis rooted in the metaphysical unity that transcends all authentic traditions East and West is both a diagnosis of modernity s spiritual crisis and a call to return to principles that lie at the heart of all sacred civilizations It remains a foundational work for readers seeking to understand the deeper currents shaping the world today
