Trometter, 2022-01-01 Examining transnational ties between the USA and Australia this book explores the rise of the Aboriginal Black Power Movement in the 1960s and early 1970s Aboriginal adaptation of the American Black Power movement paved the way for future forms of radical Aboriginal resistance including the eventual emergence of the Australian Black Panther Party Through analysis of archival material including untouched government records previously unexamined newspapers and interviews conducted with both Australian and American

activists this book investigates the complex and varied process of developing the Black Power movement in a uniquely Australian context Providing a social and political account of Australian activism across Victoria New South Wales and Queensland the author illustrates the fragmentation of Aboriginal Black Power marked by its different leaders protests and propaganda

Our Greatest Challenge Hannah McGlade,2012 Hannah McGlade s book bravely addresses the complex and fraught issue of Aboriginal child abuse She argues that Aboriginal child sexual assault has been formed within the entrenched societal forces of racism colonisation and patriarchy yet cast in the Australian public domain as an Aboriginal problem with controversial government responses critiqued as racist and paternalistic McGlade highlights that non Aboriginal society has yet to acknowledge the traumatic impacts of the sexual assault on Aboriginal children which was part and parcel of the European project of civilisation She provides detailed analysis of the legal systems response While child sexual assault is a criminal offence the Aboriginal experience of the law is tainted Despite reforms to the law the courtroom experience is based on re victimisation and trauma which prevents the fundamental principle of equality before the law McGlade believes that we should be guided by Indigenous human rights concepts and international Indigenous responses in addressing the problem In doing so she believes that we can help to stem the harm to future generations

Child, nation, race and empire Margot Hillel,Shurlee Swain,2017-03-01 Child nation race and empire is an innovative inter disciplinary cross cultural study that contributes to understandings of both contemporary child welfare practices and the complex dynamics of empire It analyses the construction and transmission of nineteenth century British child rescue ideology Locating the origins of contemporary practice in the publications of the prominent English Child rescuers Dr Barnardo Thomas Bowman Stephenson Benjamin Waugh Edward de Montjoie Rudolf and their colonial disciples and literature written for children it shows how the vulnerable body of the child at risk came to be reconstituted as central to the survival of nation race and empire Yet as the shocking testimony before the many official enquiries into the past treatment of children in out of home care held in Britain Ireland Australia and Canada make clear there was no guarantee that the rescued child would be protected from further harm

Remembered by Heart Sally Morgan,2014-06-01 A collection of powerful true stories of Aboriginal life this anthology brings together 15 memoirs of growing up Aboriginal in Australia It includes works from Kim Scott Australia s first indigenous Miles Franklin winner bestselling author Sally Morgan and the critically acclaimed artist author and activist Bronwyn Bancroft These true stories of adolescence are as diverse as they are moving and offer readers insight into the pain humor grief hope and pride that makes up Indigenous experiences
