Freedom's Plains Shirley Ann Wilson Moore, 2016-10-20 The westward migration of nearly half a million Americans in the mid nineteenth century looms large in U S history. Classic images of rugged Euro Americans traversing the plains in their prairie schooners still stir the popular imagination. But this traditional narrative no matter how alluring falls short of the actual and far more complex reality of the overland trails. Among the diverse peoples who converged on the western frontier were African American pioneers men women and children. Whether enslaved or free they too were involved in this transformative movement. *Sweet Freedom's Plains* is a powerful retelling of the migration story from their perspective. Tracing the journeys of black overlanders who traveled the Mormon California Oregon and other trails Shirley Ann Wilson Moore describes in vivid detail what they left behind what they encountered along the way and what they expected to find in their new western homes. She argues that African Americans understood advancement and prosperity in ways unique to their situation as an enslaved and racially persecuted people even as they shared many of the same hopes and dreams held by their white contemporaries. For African Americans the journey westward marked the beginning of liberation and transformation. At the same time black emigrants' aspirations often came into sharp conflict with real world conditions in the West. Although many scholars have focused on African Americans who settled in the urban West their early trailblazing voyages into the Oregon Country Utah Territory New Mexico Territory and California deserve greater attention. Having combed censuses maps government documents and white overlanders' diaries along with the few accounts written by black overlanders or passed down orally to their living descendants Moore gives voice to the countless mostly anonymous black men and women who trekked the plains and mountains. *Sweet Freedom's Plains* places African American overlanders where they belong at the center of the western migration narrative. Their experiences and perspectives enhance our understanding of this formative period in American history.

Traders and Raiders Natale A. Zappia, 2014-08-25 The Colorado River

region looms large in the history of the American West vitally important in the designs and dreams of Euro Americans since the first Spanish journey up the river in the sixteenth century But as Natale A Zappia argues in this expansive study the Colorado River basin must be understood first as home to a complex Indigenous world Through 300 years of western colonial settlement Spaniards Mexicans and Americans all encountered vast Indigenous borderlands peopled by Mojaves Quechans Southern Paiutes Utes Yokuts and others bound together by political economic and social networks Examining a vast cultural geography including southern California Nevada Utah Arizona Sonora Baja California and New Mexico Zappia shows how this interior world pulsated throughout the centuries before and after Spanish contact solidifying to create an autonomous interethnic Indigenous space that expanded and adapted to an ever encroaching global market economy Situating the Colorado River basin firmly within our understanding of Indian country *Traders and Raiders* investigates the borders and borderlands created during this period connecting the coastlines of the Atlantic and Pacific worlds with a vast Indigenous continent

Which Way to the Wild West? Steve Sheinkin, 2010-07-06 New York Times bestselling author and Newbery Honor recipient Steve Sheinkin welcomes young readers to the thrilling tragic and downright wild historic adventure of America's westward expansion in *Which Way to the Wild West: Everything Your Schoolbooks Didn't Tell You About America's Westward Expansion* featuring illustrations by Tim Robinson. 1805 Explorer William Clark reaches the Pacific Ocean and pens the badly spelled line "Oceania in view. O the joy! Hey, he was an explorer, not a spelling bee champion." 1836 Mexican general Santa Anna surrounds the Alamo, trapping 180 Texans inside and prompting Texan William Travis to declare "I shall never surrender or retreat." 1861 Two railroad companies, one starting in the West and one in the East, start a race to lay the most track and create a transcontinental railroad. With a storyteller's voice and attention to the details that make history real and interesting, Steve Sheinkin delivers the wild facts about America's greatest adventure. From the Louisiana Purchase (remember if you're negotiating a treaty for your country, play it cool to the gold rush there were only three ways to get to California, all of them bad to the life of the cowboy, the Indian wars, and the everyday happenings that defined living on the frontier) to an engaging medley of anecdotes about the Wild West in nine lively chapters starting with the Louisiana Purchase and ending with the Lakota massacre at Wounded Knee in 1890. Casual vignettes of famous figures and ordinary people come to life. School Library Journal: Sheinkin builds his conversational narrative around stories of the men and women who peopled the west with particular attention given to African Americans, Chinese workers, and everyday farmers and cowboys. There's plenty of humor here, but Sheinkin's strength is his ability to transition between events. The Horn Book: Also by Steve Sheinkin, *Bomb: The Race to Build and Steal the World's Most Dangerous Weapon*. The Notorious Benedict Arnold: A True Story of Adventure, Heroism, Treachery. The Port Chicago 50 Disaster: Mutiny and the Fight for Civil Rights. Undeclared: Jim Thorpe and the Carlisle Indian School Football Team. Most Dangerous: Daniel Ellsberg and the Secret History of the Vietnam War. King George: What Was His Problem? Everything Your Schoolbooks Didn't Tell You About the American Revolution. Two Miserable Presidents: Everything Your Schoolbooks Didn't Tell You About the Civil War. Born to Fly: The First Women's Air Race Across America. John Sutter Albert L.
