Hierophantic Landscapes Richard Leviton,2011-09-26 The Earth is poised to make a great disclosure Its a hierophant
But whats a hierophant A person who reveals the holy light But it can also be a landscape or a planet And whats the holy
light It is the structure of reality and consciousness a map of the heavenly realms the engineering blueprint of Creation Some
people call this imminent disclosure the Apocalypse and run for cover But that is mistaken Apocalypse means the revelation
of the divine revelation It means the end of our picture of the world as we know it The world itself will be fine even better
than fine Splendid Illumined The Architect of reality lays down His cards face up and you see the whole deck Here is the
truth of yourself and the Earth How will this disclosure work What we call sacred sites and holy landscapes will start
revealing themselves in full to us in all their geomantic and visionary richness Thats the inner patterning of their design their
arrays of Light temples and subtle palaces primed for our visionary adventures and edification The Earth needs us to have
these adventures and visions because thats how we keep the planet healthy Hierophantic Landscapes visits five landscapes
from Norway and England to California and Mexico providing firsthand reports on the visions and adventures of a small band
of geomancers as they seek to unravel the mysteries of the Earth Maybe not such a small band because along the way we
encounter angels landscape devas Nature Spirits and otherworldly mentors and revel in vistas of the ancient past of the
Earth when that revelation was as fresh as a sunrise as it will soon be again *New York Magazine* ,1983-01-17 New York
