Sartha The Caravan:

Caravan to Lhasa Kamal Tuladhar, 2004 Personal experiences of the author Land Transport in Mughal India
Subhash Parihar, 2008 **A Journey Through India's Past** Chandra Mauli Mani, 2005 The book presents the history of our great nation from the earliest times to the 7th century AD when the last of the Hindu emperors Harshavardhana ruled over a major part of India. The author has presented the chequered history in a brief manner and with meticulous regard to authenticity of facts. He has deftly touched upon differing views on controversial matters pinpointing the most likely scenario in an objective manner. The book meets the long felt need of a nationalist yet independent appraisal of our past in a concise manner. It avoids the preconceived notions of foreign historians and their blind followers at the same time without attempting undue glorification of the past. The book is certainly a laudable attempt to bring our glorious heritage alive EARLY ASSAM SHAPING OF THE CULTURAL LANDSCAPE NILKAMAL SINGHA, OINAM RANJIT SINGH, 2022-04-16 Landscape being the rarely studied of the subjects. The book is about the ever changing cultural landscape of Assam due to human intervention beginning from prehistoric to the dawn of medieval period. It deals with the changes in the landscape chronologically through various cultural and archaeological phases. The book highlights the effects of prehistoric megalithic historic architectural and various socio religious activities on the shaping and reshaping of cultural landscape of early Assam. It also emphasizes on the sacred geography depicted in Yogini Tantra Kalika Puran and inscriptions and the role of rice cultivation in fashioning cultural landscape construct of Assam The Archaeology of the Deccan Routes Dilip K. Chakrabarti, 2005 Illustrations 24 B W Illustrations and 16 Maps Description The Archaeology Of The Deccan Routes The Ancient Routes From The Ganga Plain To The Deccan About the Book This book sets out to trace the routes which linked the Ganga Yamuna plain between Rajgriha and Mathura with Andhra and Maharashtra in the ancient period. What has emerged is the essential framework of a complex network of route still traceable on the ground. This network has also been compared with the corresponding evidence in the mediaeval and later historic records and it has been argued that although the routes of these later periods had partly changed their alignments with the rise of new economic and political centres of power the ancient alignments did not die out but continued to function at the first field study of its kind in the context of ancient Indian routes **The Book Review** , 2006 Economic Life in Ancient India as Depicted in Jain Canonical Literature Dinendra Chandra Jain, 1980 *Proceedings Indian History Congress*, 1995 **India Through the Ages** P.
