Sartre For Beginners:

Sartre for Beginners Donald Palmer, 2007 Sartre For Beginners is an accessible yet sophisticated introduction to the life and works of the famous French philosopher Jean Paul Sartre Sartre was a member of the French underground during WWII a novelist a playwright and a major influence in French political and intellectual life The book opens with a biographical section introducing the significant events in the life of the man who coined the term existentialism Then it examines Sartre s early philosophical works Ideas from Sartre s other fictional and dramatic works are discussed but the greatest part is the presentation of the main concepts from Sartre s Being and Nothingness 1943 These include the topics of consciousness freedom responsibility absurdity bad faith authenticity and the hellish confrontation with other people Finally the book deals with Sartre s modification of his early existentialism to compliment his conversion to a kind of existential Marxism Sartre For Beginners summarizes the work of the most renown philosopher of the 20th Century

Sartre for Beginners Donald Palmer, 1995 Sartre s key ideas along with his major works are presented in this accurate and accessible introduction to the work of this French philosopher who is most notable for coining the term existentialism and who was a leading influence in French political and intellectual life Illustrations *Sartre for Beginners* Donald D. Palmer, 1997

Stanislavski For Beginners Allen, David, 2015-03-17 Stanislavski was the first person to develop a cogent and practical system of acting Throughout his life he sought the answers to such fundamental questions as What is great acting and How can you find inspiration in every performance Stanislavski remains the most important influence on actor training today and yet many of his ideas are little known or even misunderstood Stanislavski For Beginners charts the development of the Stanislavski system It includes a clear exposition of the key elements of the system and explores his Method of Physical Actions which he worked on in the years before his death and which he called the result of my whole life s work

C.S.

Lewis for Beginners Louis Markos, 2022-06-05 C S Lewis For Beginners is a thorough examination of C S Lewis the greatest Christian apologist of the twentieth century throughout his career as an author and as a professor at Oxford University A Christian apologist defends Christianity as a consistent and coherent worldview that squares with human reason history and desire It offers answers to every facet of our lives on earth as well as answers to our questions about what happens after we die What makes C S Lewis unique as an apologist is the way he balanced so perfectly reason and imagination logic and intuition and head and heart In addition to writing such non fiction apologetics books as Mere Christianity The Problem of Pain and Miracles he wrote eleven novels the seven Chronicles of Narnia a trilogy of science fiction adventures and a haunting retelling of an old myth set in the ancient world All eleven tell wonderful captivating stories that stand on their own as fiction but that also support and bring to life the kinds of apologetical arguments he makes in his non fiction He also wrote two utterly unique works of fiction The Screwtape Letters and The Great Divorce that offer a fresh highly original take on sin and temptation angels and devils and heaven and hell And that s not all Lewis the apologist and novelist had a day job He

was a celebrated English professor at Oxford and then Cambridge University who wrote works of literary criticism that are still famous today C S Lewis For Beginners takes the reader through the wardrobe of his complete catalog of writing

Jane Austen For Beginners Robert Dryden,2025-09-12 Jane Austen s novels are classics They have never been out of print and have continuously been turned into countless movies and TV series yet her works still remain largely misunderstood On their surface Austen s novels all involve characters from provincial communities in rural England far removed geographically and thematically from greater social movements war industry colonization and imperialism This impression could not be further from the truth Jane Austen For Beginners explores the intentions behind Austen s work Her examination of money and power of the marriage market of social class and of the rending of the British social fabric of her day are among her many concerns Jane Austen For Beginners will foster a deeper appreciation and understanding of Austen s greatest stories and most memorable characters

Anarchism For Beginners Marcos Mayer,2008-12-16 During the second half of the Twentieth Century the ideas of leading anarchist thinkers such as Proudhon Bakunin and Kropotkin seemed destined to fade into history But today they are finding new energy and power Libertarian flags wave above the crowds at anti globalization and anti corporation rallies Anarchist axioms appear in contemporary debates on neoliberalism and ecology Websites passing on anarchism s radical principles proliferate in cyberspace Popular intellectuals like Michel Foucault Gilles Deleuze Osvaldo Bayer Noam Chomsky and Murray Boockin acknowledge in their work the debt they owe to the towering nonconformist figures who preceded them The anarchists fight against power oppression and the State which reached its pinnacle with the farmers collectives of pre Franco Spain has influenced societies around the world Vanguard artistic movements high and low from dada to punk were inspired by anarchism In Anarchism For Beginners Marcos Mayer aided by illustrations from the incomparable Sany takes readers on a journey through the anarchist movement explaining its principles and documenting its influence inspiring figures and indefatigable fighting spirit

Relativity and Quantum Physics For Beginners Steven L. Manly,2009-11-17 As we humans have expanded our horizons to see things vastly smaller faster larger and farther than ever before we have been forced to confront preconceptions born of the human experience and create wholly new ways of looking at the world around us The theories of relativity and quantum physics were developed out of this need and have provided us with phenomenal mind twisting insights into the strange and exciting reality show of our universe Relativity and Quantum Physics For Beginners is an entertaining and accessible introduction to the bizarre concepts that fueled the scientific revolution of the 20th century and led to amazing advances in our understanding of the universe

Bukowski For Beginners Polimeni, Carlos,2015-04-07 Charles Bukowski poet novelist short story writer journalist and cult figure of the dissident and rebellious was born in Germany in 1920 and died in the USA in 1994 During his life he was hailed as laureate of American lowlife by Time magazine literary critic Adam Kirsch of The New Yorker wrote The secret of Bukowski s appeal is that he combines the confessional poet s promise of intimacy with the largethan life aplomb of a pulp

fiction hero Bukowski was one of the most unconventional writers and cultural critics of the 20th century. He lived an unorthodox idiosyncratic life and wrote in a style that was unique, one that is impossible to classify or categorize. His work was at times cynical or humorous but was always brilliant and challenging. His life and work are distinguished not only by a remarkable talent for words but also by his rejection of the dominant social and cultural values of American society. Bukowski began writing at the age of forty and published forty-five books, six of them novels. He is also considered one of the great literary voices of Los Angeles. In *Bukowski For Beginners*, playwright Carlos Polimeni evaluates the life and literary achievements of the cult writer whose voice of dissidence and discontent is still heard and appreciated by readers worldwide.

Existentialism For Beginners David Cogswell, 2025-09-12 *Existentialism For Beginners* is an entertaining romp through the history of a philosophical movement that has had a broad and enduring influence on Western culture. From the middle of the Nineteenth Century through the late Twentieth Century, existentialism informed our politics and art and still exerts its influence today. Tracing the movement's beginnings with close-up views of seminal figures like Kierkegaard, Dostoyevsky, and Nietzsche, *Existentialism For Beginners* follows its intellectual and literary trail to German philosophers Jaspers and Heidegger and finally to the movement's flowering in post-World War II France thanks to masterworks by such giants as Jean-Paul Sartre, Albert Camus, Simone de Beauvoir, plus many others. Illustrations throughout, at once lighthearted and gritty, help readers explore and understand a style of thinking that, while pervasive in its influence, is often seen as obscure, difficult, cryptic, and dark. *Existentialism For Beginners* draws the movement's many diverse elements together to provide an accessible introduction for those who seek a better understanding of the topic and an enjoyable historical review packed with timeless quotes from existentialism's leading lights.

Harriet Tubman for Beginners Annette Alston, 2017-12-01 As the most famous conductor on the Underground Railroad, escaped slave Harriet Tubman earned the nickname Moses of her People for leading scores of men, women, and children from bondage to freedom in the North. During the Civil War, she worked as a nurse for wounded soldiers, a caretaker of refugee slaves, and a spy and scout for Union forces. Late in life, she was active in the fight for women's suffrage. Mythologized by many biographers and historians, Tubman was an ordinary but complex woman, tiny but strong, guided by her belief in God and religious visions, yet a tough, savvy leader whom the radical abolitionist John Brown admired as the General. In 2016, it was announced that Tubman would become the first woman to appear on US currency, the 20 bill, in over a century. Drawing on the latest historical research, *Harriet Tubman For Beginners* portrays a woman who resisted and transcended slavery and fought injustice her entire life. Beyond legend, she made her mark on history by defending core American principles: life, liberty, and the pursuit of happiness for others.

Buddha For Beginners Stephen T. Asma, 2015-04-15 Despite the widespread popularity of Buddhist practices like meditation, there is little understanding of the complex philosophy behind Buddhism. The historical Buddha, Gautama, was a real person, a radical who challenged the religious leaders of his day. *Buddha For Beginners* introduces the reader to the

historical Buddha to the ideas that made him change his life and to the fascinating philosophical debates that engaged him and formed the core of Buddhism Buddha For Beginners compares Buddha s philosophy with those of his contemporaries the later Buddhist schools and Western Philosophy The book includes a survey distinguishing the philosophical differences among later schools of Buddhism such as Theravada Madhyamaika Tantric Zen and others Buddha For Beginners is not a book you read it is a book you experience It makes you stop and close your eyes Through some magical combination of words drawings and intuitive wisdom Buddha For Beginners conveys not only the facts of Buddhism but the peace the silence the feel of it It is historically accurate spiritually challenging and the white spaces mean as much as the words **Dante For Beginners** Joe Lee,2011-12-06 Dante For Beginners takes the reader on a trip starting in hell and ending in heaven The reader gets a quick introduction to Dante and his times Next the reader meets a sweet lass named Beatrice and samples a bit of his other literary offerings such as the great feast the Convivio But then it s on to the big one the Commedia and a canto by canto description of the entire work Characters ideas and situations are described as they happen no searching through end notes footnotes or field notes to distinguish Forese Donati Dante s pal from his evil brother Corso The entire plan of the hereafter is simply mapped out Dante For Beginners is a great vacation with history s greatest tourist Dante Alighieri

Tolkien for Beginners Louis Markos,2022-09-23 Tolkien For Beginners will introduce the reader to the multilayered depth and breadth of Tolkien s tales of Middle earth what critics following Tolkien s lead refer to collectively as his legendarium J R R Tolkien sweeps us away to a distant time and place that is at the same time our own time and place He takes us to a world where difficult choices must be made and are made where character is defined by those choices and where redemption is possible though not always embraced The Lord of the Rings taps a deep root in the human psyche There is much death destruction and defeat in Tolkien s world but there is even more friendship courage and hope What one remembers when one finishes reading The Lord of the Rings is not the vice of the villains as strong and as well drawn as it is but the virtue that empowers the heroes to resist it even at the cost of their own lives It will be the goal of Tolkien For Beginners to introduce the reader to the multilayered depth and breadth of Tolkien s tales of Middle earth To do justice to the full dimensions of that legendarium author Louis Markos will speak in two voices that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories In his telling and analysis he will treat the legendarium both as a collection of secondary world myths with their own integrity and as a reflection of Tolkien s Catholic worldview *Zinn For Beginners* David Cogswell,2009-08-18 Zinn For Beginners describes the life and work of the most vital historian of our time Howard Zinn led a revolution in the writing of history by telling the story not from the standpoint of conquerors and rulers but from the side of the ordinary people who always bear the brunt of the ambitions of tyrants Zinn tells the story of Columbus discovery of America from the standpoint of the native people whose hands Columbus cut off to terrorize them into giving him gold He tells the story of the Civil War not from the point of view of

the great generals who directed the slaughter but from that of the slaves and from the ordinary people who gave up their lives in the struggle It tells of the Spanish American War from the point of view of Mark Twain who wrote When the smoke was over the dead buried and the cost of the war came back to the people it suddenly dawned on us that the cause of the Spanish American war was the price of sugar that the lives blood and money of the American people were used to protect the interest of the American capitalists Howard Zinn s fresh look at history has earned him a devoted following Zinn For Beginners tells the story of where Zinn came from what events shaped his life and walks through the main points of his major works

Structuralism and Poststructuralism For Beginners Donald D. Palmer, 2007-08-21 What is Structuralism How is it possible And once the structures of Structuralism have been discovered how is Poststructuralism possible Thus begins Don Palmer s Structuralism and Poststructuralism For Beginners If Nobel or Pulitzer ever made a prize for making the most difficult philosophers and ideas accessible to the greatest number of people one of the leading candidates would certainly be Professor Don Palmer From his Sartre For Beginners and Kierkegaard For Beginners to his Looking at Philosophy author illustrator Don Palmer has the magic touch when it comes to translating the most brutally difficult ideas into language and images that non specialists can understand In its less dramatic versions writes Palmer structuralism is just a method of studying language society and the works of artists and novelists But in its most exuberant form it is a philosophy an overall worldview that provides an account of reality and knowledge Poststructuralism is a loosely knit intellectual movement comprised mainly of ex structuralists who either became dissatisfied with the theory or felt they could improve it Structuralism and Poststructuralism For Beginners is an illustrated tour through the mysterious landscape of Structuralism and Poststructuralism The book s starting point is the linguistic theory of Ferdinand de Saussure The book moves on to the anthropologist and literary critic Claude Lévi Strauss the semiologist and literary critic Roland Barthes the Marxist philosopher Louis Althusser the psychoanalyst Jacques Lacan the deconstructionist Jacques Derrida Learn among other things why structuralists say Reality is composed of not Things but Relationships Every object is both a presence and an absence The total system is present in each of its parts The parts are more real than the whole The book concludes by examining the postmodern obsession with language and with the radical claim of the disappearance of the individual obsessions that unite the work of all these theorists

Paul Robeson For Beginners Von Blum, Paul, 2013-12-17 Paul Robeson despite being one of the greatest Renaissance figures in American history still remains in relative anonymity An exceptional scholar lawyer athlete stage and screen actor linguist singer civil rights and political activist he performed brilliantly in every professional enterprise he undertook Any serious treatment of

civil rights history and radical politics as well as American sports musical theatrical and film history must consider the enormous contributions of Paul Robeson And yet Paul Robeson remains virtually unknown by millions of educated Americans People typically know him for only one if any of the major successes of his life the concert singer best known for Old Man River the star of Shakespeare s Othello on Broadway in the early 1940s the political activist blacklisted for his radical views and activism during the era of McCarthyism in the 1950s Paul Robeson For Beginners demystifies and bestows light and long overdue credence to the life of this extraordinary American

Black Panthers For Beginners Boyd, Herb, 2015-08-05 A crowd of onlookers gawked from the sidewalk as four young black men dressed in black leather jackets and berets leaped from a Volkswagen each of them wielding shotguns with bandoliers strapped across their bodies The young men surrounded two white police officers who had accosted a black man and had him spread eagled against a building The young men did not say a word as the police officers watched them nervously their eyes fixed on the shotguns One of the young men held a large law book in his hand This was the Black Panther Party in ideal action The real story the whole story was both more and less heroic So begins Black Panthers For Beginners The late 1960s when the Panthers captured the imagination of the nation s youth was a time of regulation While their furious passage was marked by death destruction and government sabotage the Panthers left an instructive legacy for anyone who dares to challenge the system Herb Boyd has done exhaustive research examined the claims of all parties involved and boiled the story down to the truth We believe this is the most truthful book on the market but each Panther has his or her own story to tell We suggest that you check out the stories of all the Black Panthers
