Black Panthers For Beginners Boyd, Herb, 2015-08-05 A crowd of onlookers gawked from the sidewalk as four young black men dressed in black leather jackets and berets leaped from a Volkswagen each of them wielding shotguns with bandoliers strapped across their bodies The young men surrounded two white police officers who had accosted a black man and had him spread eagled against a building The young men did not say a word as the police officers watched them nervously their eyes fixed on the shotguns One of the young men held a large law book in his hand This was the Black Panther Party in ideal action The real story the whole story was both more and less heroic So begins Black Panthers For Beginners The late 1960s when the Panthers captured the imagination of the nation's youth was a time of regulation While their furious passage was marked by death destruction and government sabotage the Panthers left an instructive legacy for anyone who dares to challenge the system Herb Boyd has done exhaustive research examined the claims of all parties involved and boiled the story down to the truth We believe this is the most truthful book on the market but each Panther has his or her own story to tell We suggest that you check out the stories of all the Black Panthers

French Revolutions For Beginners Michael J. LaMonica, 2014-11-11 Allons enfants de la Patrie le jour de gloire est arriv Arise children of the Fatherland the day of glory has arrived These opening lines to La Marseillaise France's famously stirring and evocative national anthem capture perfectly the passion fear and frenetic energy of Republicanism's sanguinary birth on French soil Through the violence of the Revolutions the reign of the Bourbon monarchy came to an end and modern France was born French Revolutions For Beginners examines the several bloody revolutions and counter revolutions throughout the course of the 19th century and the constant upheavals and disruptions in France's ever changing political landscape from 1789 1900 While most people have some familiarity with names like Louis XVI and Napoleon the details of what exactly happened during the French Revolution apart from pithy royal pronouncements about cake eating and the ever falling blade of the guillotine are often difficult to understand and for good reason there were 15 changes of government in less than a century The legacy of the French Revolutions remains with us today we see it all over the world when an oppressed people rise up against an authoritarian regime demanding their rights as citizens be recognized French Revolutions For Beginners presents the major political figures events and hot button political issues of this extremely violent chaotic confusing but exciting period in a way that is accessible interesting and fun to both history buffs and the neophyte alike
