Sartre La Mauvaise Foi Letre Et Le Neant:

Du lien des êtres aux éléments de l'être Emmanuel de Saint-Aubert, 2004 Cet ouvrage se consacre une période encore mal connue de l'évolution du philosophe les années 1945-1951 Pendant cette phase de transition indispensable la compréhension de la genèse des derniers écrits Merleau-Ponty commence se libérer des concepts classiques pour s'acheminer vers deux éléments capitaux de sa pensée la chair et l'empirisme A partir du bilan moral et politique de 1945 il fait de l'empirisme une figure de la modernité et travaille en lui l'alliance singulière de pessimisme et d'optimisme par laquelle il veut traduire sa propre version de l'existentialisme Dans une complicité significative avec l'optimisme des psychanalyses de Bachelard de la co-naissance de Claudel et de l'amour fou de Breton Merleau-Ponty reprend ses propres éléments ontologiques aux antipodes de l'imaginaire sartrien *The Multiple Self* Jon Elster, 1987-07-31 Considers how the hypotheses of a multiple self can deal with the problems of self-deception and weakness of will and how the conceptual tools developed in the study of interpersonal conflict can be applied **Kierkegaard in Post/Modernity** Martin Beck Matušík, Martin Joseph Matušík, Merold Westphal, 1995-10-22 Covering a diversity of themes this collection still reflects consensus Kierkegaard is to be taken seriously as a philosopher at the turn of the twenty-first century *Sartre's Nausea*, 2006-01-01 Twenty-five years after his death critics and academics film-makers and journalists continue to argue over Sartre's legacy But certain interpretations have congealed around his iconic text *Nausea* tending to confine it within the framework provided by the later philosophical work *Being and Nothingness* This volume opens up the text to a range of new approaches within the fields of English and Comparative Literature as well as Philosophy and French Studies under the headings Text Context and Intertext the textual strategies at work within the novel the literary cultural and philosophical context of its production and the intertextual web within which it is situated This volume will interest a wide public of teachers students and all those who want to reconsider Sartre's legacy in the twenty-first century **La mauvaise foi** Jean-Paul Sartre, Marc Wetzell, 2001 Dans *La mauvaise foi* il n'y a pas mensonge cynique ni préparation savante de concepts trompeurs Mais l'acte premier de mauvaise foi est pour fuir ce qu'on ne peut pas fuir pour fuir ce qu'on est Jean-Paul Sartre L'ambition de la collection Les classiques de la philosophie œuvres intégrales ou fragments conséquents est d'introduire la lecture claire des grands moments de la pensée Une présentation appropriée des notes claires et précises des traductions actualisées des glossaires soignés aideront le lecteur parcourir au rythme qui est le sien les principales tapes d'une histoire de la philosophie ouverte Les analyses qui complètent ici les textes suggèrent des perspectives et des orientations qu'il appartiendra au lecteur d'explorer de suivre ou de redessiner La lecture philosophique est une sorte d'entretien avec les plus grands esprits d'hier et d'aujourd'hui C'est en toute simplicité que nous vous convions aujourd'hui un dialogue critique fondé en dit avec les plus minents penseurs de tous les temps **La philosophie pour ceux qui ont tout oublié** Collectif, 2020-01-29 Des écoles grecques la philosophie contemporaine plongez dans un monde réputé difficile et qui n'aura bientôt plus aucun secret pour vous Grâce la Philosophie

Sartre's Existential Psychoanalysis Mary Edwards, 2022-10-20 Western philosophical orthodoxy places many aspects of other people's lives outside the scope of our knowledge Demonstrating an alternative to this view however this book argues that Jean Paul Sartre's application of his unique psychoanalytic method to Gustave Flaubert is the culmination of his project to show that it is possible to know everything there is to know about another person It examines how Sartre aims to revolutionize our way of thinking about others by presenting his existential psychoanalysis as the means to knowledge of both ourselves and others By so doing it highlights how his determination to solve the longstanding philosophical conundrum about other minds drives him not only to incorporate insights from Descartes Hegel Husserl Freud Marx and Beauvoir into his philosophy but also to supplement and enhance his philosophy through the development and application of a new form of psychoanalysis Sartre's Existential Psychoanalysis integrates for the first time Sartre's psychoanalysis into his overarching philosophical project By offering a critical interrogation of the role his psychoanalytical studies played in the development of his existentialism Mary Edwards uncovers the overlooked philosophical significance of his existential psychoanalysis and brings it into a new and productive dialogue with current research in the fields of philosophy psychology and psychotherapy

Existentialist Background William Leon McBride, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time

Sartre's Theatre B. P. O'Donohoe, Benedict O'Donohoe, 2005 Published on the eve of the philosopher playwright's centenary this study offers a wide ranging reappraisal of Sartre's complete dramatic opus from the

inaugural nativity play *Bariona* 1940 to the swan song chorus of *Armageddon Les Troyennes* 1965 It draws on a close reading of Sartre's writings in philosophy literature and criticism and provides an extensive survey of journalistic and academic reception Each play is situated in relation both to Sartre's intellectual evolution and to the broader historical context This is the first full length study in English for more than thirty years covering the whole of Sartre's theatre and it will interest students of twentieth century European drama as well as those of modern French literature and ideas

Choices and Conflicts Hans van Stralen, 2005 This book approaches literary existentialism 1935-1960 from a philosophical point of view and provides a semantic frame through which the primary works of this movement can be interpreted Readings of Sartre, Camus, de Beauvoir, Nooteboom and others emphasize the place and themes specific to each writer within literary existentialism as a whole One of the most original features of this study is its focus on the central notion of engagement after 1960 Having highlighted its waning in postmodernism van Stralen then demonstrates the vigorous resurgence of this pivotal concept in postcolonial discourses

Intimate Revolt Julia Kristeva, 2025-01-14 Julia Kristeva herself a product of the famous May 1968 Paris student uprising has long been fascinated by the concepts of rebellion and revolution But is it still possible to build and nurture a culture of revolt in today's world In this book Kristeva examines the manner in which three of the most unsettling modern writers Louis Aragon, Jean Paul Sartre and Roland Barthes affirmed their personal rebellions She then ponders the future of rebellion maintaining not only that political revolt is mired in compromise but also that an essential component of European culture a culture of doubt and criticism is losing its moral and aesthetic force

Kierkegaard and Existentialism Jon Bartley Stewart, 2011 The existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety, despair, freedom, sin, the crowd and sickness that all came to be standard motifs in existentialist literature The articles feature figures from French, German, Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and importantly they critically analyze his purported role in this famous intellectual movement

The Philosophical Contexts of Sartre's *The Wall* and Other Stories Kevin W. Sweeney, 2016-05-16 *The Philosophical Contexts of Sartre's *The Wall* and Other Stories* *Stories of Bad Faith* presents a philosophical analysis of all five stories in Sartre's short story collection Kevin W. Sweeney argues that each of the five stories has its own philosophical idea or problem that serves as the context for the narrative Sartre constructs each story as a reply to the philosophical issue in the context and as support for his position on that issue In the opening story *The Wall* Sartre uses the Constant/Kant debate to support his view that the story's protagonist is responsible for his ally's death *The Room* presents in narrative form Sartre's criticism that the Freudian Censor is acting in bad faith In *Erostratus* Sartre opposes Descartes's claim in his hats and coats example that we recognize the humanity of others by using our reason In *Intimacy* Sartre again opposes a Cartesian position this time the view that our feelings reveal our emotions

Sartre counters that Cartesian view by showing that the two women in the story act in bad faith because they do not distinguish their feelings from their emotions The last story The Childhood of a Leader shows how the protagonist acts in bad faith in trying to resolve the question of who he is by appealing to the view that one's roots in nature can provide one with a substantial identity The stories are unified by showing the characters in all five narratives engaged in different acts of bad faith The Philosophical Contexts of Sartre's The Wall and Other Stories is written for scholars interested in Jean Paul Sartre's early literary and philosophical work as well as for students interested in Sartre and twentieth century French literature

Modern French Drama 1940-1980 David Bradby, 1984-09-06 In the years since 1940 French theatre has been transformed both institutionally and artistically This book compares all the major traditions and tendencies at work in French theatre since the outbreak of the Second World War not only in Paris but also in the Centres Dramatiques and Maisons de la Culture Previous books have stopped short at the end of the fifties when the influence of Artaud was strong and the Absurd Theatre had become the new orthodoxy David Bradby reassesses Beckett Ionesco Adamov and Genet and challenges the notion that the sixties and seventies were a period of decline in French theatre The book proceeds chronologically offering a critical survey of the principal directors actors and companies as well as of the playwrights who are its major concern Important productions are illustrated with black and white photographs The political background is explained and all quotations are in English

Ilan Gur-Ze'ev and Education Alexandre Guilherme, 2019-12-06 Ilan Gur Ze'ev and Education Pedagogies of Transformation and Peace critically analyses and introduces the main ideas of Ilan Gur Ze'ev reflecting on his continuing theoretical and practical relevance to the field of education This book offers an accessible higher level critical discussion on the thought of Ilan Gur Ze'ev with an impressive breadth and contemporary focus The book focuses on Gur Ze'ev's counter pedagogy project which brought him much attention and attempts to establish an alternative and non dogmatic form of education Gur Ze'ev's views go against critical pedagogy and neoliberalism because while the former advocates achieving a utopia in which there is no oppression the latter defends the idea that wants and desires need to be satisfied through a process of marketisation This book brings to notice Gur Ze'ev's concepts of counter education and diasporic education which seek to pursue the truth in everyday life rather than achieving a utopian goal or the promised land This unique and up to date monograph will be of great interest for researchers academics and postgraduate students in the fields of philosophy of education theory of education peace education Jewish education neoliberalism and sociology of education

Stewart, 2010-06-02 The history of Continental philosophy is often conceived as being represented by two major schools German idealism and phenomenology existentialism These two schools are frequently juxtaposed so as to highlight their purported radical differences There is a commonly held view that an abrupt break occurred in the nineteenth century resulting in a disdainful rejection of idealism in all its forms This break is often located in the transition from Hegel to Kierkegaard The history of philosophy in the first half of the nineteenth century has thus been read as a grand confrontation between the overambitious rationalistic system of Hegel and the devastating criticisms of it by Kierkegaard's philosophy of existence This work aims to undermine this popular view of the radical break between idealism and existentialism by means of a series of detailed studies in specific episodes of European thought As a whole this book represents an important attempt to demonstrate the long shadow cast by Kant and Hegel over the subsequent history of European philosophy
