Sartre's Existentialism and Early Buddhism Medhithammaporn Phra,1988 Sartre's Existentialism and Early Buddhism Prayūn,1995 Earthly Engagements Matthew C. Ally,Damon Boria,2023-03-16 Earthly Engagements Reading Sartre after the Holocene brings together scholars from the Sartre studies community to think through the planetary ecological crisis Edited by Matthew C Ally and Damon Boria the collection explores ways in which Sartre s existential thought can be read socio ecologically illuminating the tightly imbricated earthly and worldly crises of our post Holocene epoch Contributors variously discuss phenomenology ethics politics ontology and metaphysics Earthly locations include the Icelandic coast the Minnesota woods the Indiana Dunes the Chinese Great Plain the Venetian Lagoon and more worldly situations include that of the artist the activist the consumer the tourist and more Through their diversity of methods and substantive concerns the chapters reveal a wealth of critical and heuristic resources within Sartre s thought for thinking through and engaging the planetary ecological crisis and its direct ties to global social economic and political crises In full recognition of Sartre s personal distaste for agrarian settings and wilderness and some ostensibly anti environmental philosophical and literary moments the contributors take the proper Sartrean line that how we view nature and our relationship to nature is neither closed nor predetermined Like life itself our worldly relationship to earthly nature is rooted in the sufficiency and open endedness of freedom **Early Buddhism and Jean-Paul Sartre** M. V. Krishnayya,2004 **A Comparative Guide to Sartrean and Deleuzian Selves in Modernist and Post-Modernist Fiction** Onur Ekler,2021-07-12 This book provides insights into the maze of know thyself through a carefully detailed comparative study of the Sartrean no self and the Deleuzian rhizomic self It is informative argumentative and rich in literary context and mainly focuses on the shift in the notion of self from Sartre s elegiac suicidal and nihilistic tone seen pervasively in modernist fiction to the celebratory Deleuzian self in postmodernist fiction To trace this shift the book presents a comparative analysis of selected novels showing that authors like Bellow and Atwood have adopted a more positive attitude toward the self similar to the Deleuzian rhizomic self while authors like Hedayat and Beckett have more reductionist decadent nihilistic views on the self like the Sartrean no self Moreover as argued in the cases of the protagonists in the selected novels this book further asserts that the Deleuzian rhizomic self might be seen as a possible alternative to help one survive in times of crisis in contrast to the nihilistic Sartrean no self *Thinker, Thought and Knowledge* V.N. Mishra,2022-11-08 *Thinker Thought and Knowledge* critically and analytically reasons that some of the philosophical expositions like thought has created the thinker and higher order thoughts are themselves conscious hinder us from explaining our sense of unity of consciousness This book presents and elucidates some observations thought cannot create thinker along with thinker and thought thinking too is quintessential for individual experience to take place thinker thinking and thought are fundamentally one in self consciousness thought becomes the object of self consciousness and the modern science attempts to undermine the principle

of causation from the East West perspective and registers its disapproval with the philosophical views of scholars like J Krishnamurti and a few other modern philosophers Coming to the knowledge aspect the volume delineates the relative existence and knowledge dealing with the absolute reality and discusses it on the basis of Advaita Vedānta and the Yogic rā Vijñāna of the Buddhist philosophy along with Immanuel Kant's theory of knowledge The researcher's approach employed in this volume should help the students of philosophy and other discerning readers take an analytical and critical positioning towards many a philosophical problem that they come across
