Prehistoric beasts have filtered through the vortex of time and have appeared in his present day of 1910. Rosa, his past love, indicates they must block the passage of time and the only way to do it is to venture through another prehistoric journey. The eccentric Russian scientist Dr. Sasha Dimitrikov, who developed the time travel device, explains their return trip through time may not take them to the days prehistoric beasts roamed but they could land anywhere in time. Limmerick has misgivings about his prehistoric expeditions through time; he feels he has opened Pandora's Box by trying to play God. His life grows even more chaotic when he finds himself in the chancellor's bed. The chancellor agrees to fund his prehistoric time travels if he agrees to be her lover. He breaks his engagement with Amoli who tries desperately to win him back. When they enter the time vortex they by mistake end up in 840 A.D. the time of the ancient Celts. Viking invasions are ravaging Celtic villages and they are not prepared for this time in history. He is chosen to be the head warrior for the Celts in
