Apocalypse Explained Emanuel Swedenborg,2013-11-19 This writing was left unpublished at Swedenborg s death although it had apparently been carefully prepared for publication Except towards the end it is almost exclusively an exposition of the spiritual sense of Scripture Not only is every phrase in the Apocalypse as far as covered separately explained but thousands of passages gathered from all parts of the Word are quoted and expounded These expositions close with the tenth verse of the nineteenth chapter Towards the end extended doctrinal discussions are introduced Both for its exposition of passages of Scripture and for its doctrinal statements this is an exceedingly important and valuable work It is especially instructive in its expositions of the Psalms the Prophets and the Gospels

The Finished Mystery II James Hunta,2017-04-24 John Lennon is famous for his song Imagine which includes the lyrics Imagine no religion We all have the innate capacity for spirituality and many people express their spirituality through religion which is fine when it enhances the good within us Yet when a religion feeds our spiritual nature with false or deceptive

teachings then this can be dangerous Many people see religion as being responsible for much of the worlds trouble and conflict No wonder John Lennon adopted the view about religion that he did and he is far from alone in feeling this way Islam is under fire from many quarters today because of the terrible acts that are committed by its more extreme adherents and while this religion figures prominently in the story Islam is merely an example of what can go wrong within any religion All the major religions of the world are guilty of similar crimes not the least of which is Christendom where the worst wars of all human history were begun and fought The two world wars were supported by Catholic and Protestant clergy on both sides of the conflict who each prayed to the same God for victory Catholic killed Catholic and Protestant killed Protestant in violation of Christs clear command not to bear arms especially against each other This of course poses an obvious question whose side is God on Is he really with any religion Who on earth would God fight for if he were to support any of the worlds religions The continuing story of The Finished Mystery comes in two parts and among other things it explores the tenets within worldly religion and compares them with the natural laws written within us Ally and Dave are carefree teenagers who attend the same school on the Gold Coast of Queensland and are born into families with no strict religious affiliations Ally is a sixteen year old gymnast with Olympic aspirations and Dave is a seventeen year old football player who is madly in love with her Their romance is cruelly interrupted when Dave who has temporarily moved to Dubai with his family is abducted by terrorists during a family trip through Saudi Arabia and is held hostage Thus begins an initiative by Ally to secure their release and understand the justification extremists maintain for committing their cruel acts This leads her to examine their religion to see how in the name of Allah they can go directly against the human conscience and ignore what is natural for us Religion versus nature In part one she also ponders questions such as If there is a God why does he not show himself to us Alternatively if we are accidents of nature then why is there no convincing evidence of human evolution in the fossil record All races of mankind are genetically related proving that we have a common origin Why must the existence of our first parents Homo sapiens be such a mystery Has religion so thoroughly confused the minds of mankind for thousands of years that we have forgotten entirely who we are and where we all came from Is Darwins theory true despite the gaping holes in its structure that cannot be bridged Not all scientists accept Darwins explanation Our universe and the complex life forms show evidence of design and engineering Every design requires a designer and every building requires a builder This is logical Evolutionists maintain that the universe and all life is accidental that it came about unaided and for no reason It just happened This is illogical because our experience tells us that nothing comes from nothing and every effect has a cause Reason and logic tell us there can be only one true answer to this dilemma and the real cause of all we see and know is the answer that Ally finds herself striving hard to locate and understand with exciting results Part two reveals the inner wrestlings of an al Qaeda operative who against Islamic tradition explores his faith and pits his violent ways against the law of love and God Apocalypsis explicata secundum sensum spiritualem Emanuel Swedenborg, 1897
