Satellite City:

Satellite City Mack Reynolds, 2011-09-29 The most expensive the most luxurious resort in the history of man Where no request no whim or pleasure was denied Where anything was possible for a price SATELLITE CITY The haven and the playground of only the very rich and the most powerful It was the most amazing pleasure complex ever built and it looked down on the Earth from an orbit 22 000 miles high Yet for all its glitter there was something ominous about Satellite City no nation or international body had any jurisdiction there it was a law unto itself no one knew who owned it or what went on within its secret council rooms Until one man penetrated the wall of secrecy and discovered satellite city s hidden masters

Urban Core and Inner City Universiteit van Amsterdam,1967 *Sons of the Mexican Revolution* Ryan M. Alexander,2016-10-01 The 1946 Mexican presidential election signaled the ascent of a new generation of cosmopolitan civilian government officials led by the magnetic lawyer Miguel Alem n Supporters hailed them as modernizing visionaries whose policies laid the foundation for unprecedented economic growth while critics decried the administration s toleration of rampant corruption hostility to organized labor and indifference to the rural poor Setting aside these extremes of opinion in favor of a more balanced analysis *Sons of the Mexican Revolution* traces the socialization of this ruling generation s members from their earliest education through their rise to national prominence Using a wide array of new archival sources the author demonstrates that the transformative political decisions made by these men represented both their collective values as a generation and their effort to adapt those values to the realities of the Cold War Modern City Revisited Thomas Deckker,2005-08-12 The second in a series of titles published to address issues relating to the conservation of the Modern Movement this is a key publication for architects planners and all those with a specific interest in modernism and modern planning Tracing Asylum Journeys Ugur Yildiz,2019-09-19 This book explores the asylum journey of non European asylum applicants who seek asylum in Turkey before resettling in Canada with the aid of the Canadian government s assisted resettlement programme Based on ethnographic research among Syrian Afghan Eritrean Ethiopian Iraqi Iranian Somali Sudanese and Congolese nationals it considers the interactions of asylum seekers with both UNHCR s refugee status determination and Canada s refugee resettlement programme With attention to the practices of migrants the author shows how the asylum journey contains both mobility and stasis and constitutes a micro political image of the fluidity and relativity of attributed identities and labels on the part of state migration systems A multi sited ethnography that shows how the migration journey is linked to the production and reproduction of knowledge as well as the diffusion of produced knowledge among past present and future asylum seekers who form trans local social networks in the course of their route in Turkey
