The Michigan Alumnus ,1901 In v 1 8 the final number consists of the Commencement annual *The Abduction of Betty and Barney Hill* Matthew Bowman, 2023-01-01 A gripping account of an alien abduction and its connections to the breakdown of American society in the 1960s Excellent and exhaustive Colin Dickey Slate In the mid 1960s Betty and Barney Hill became famous as the first Americans to claim that aliens had taken them aboard a spacecraft against their will Their story involving a lonely highway late at night lost memories and medical examinations by small gray creatures with large eyes has become the template for nearly every encounter with aliens in American popular culture since Historian Matthew Bowman examines the Hills story not only as a foundational piece of UFO folklore but also as a microcosm of 1960s America The Hills an interracial couple who lived in New Hampshire were civil rights activists supporters of liberal politics and Unitarians But when their story of abduction was repeatedly ignored or discounted by authorities they lost faith in the scientific establishment the American government and the success of the civil rights movement Bowman tells the fascinating story of the Hills as an account of the shifting winds in American politics and culture in the second half of the twentieth century He exposes the promise and fallout of the idealistic reforms of the 1960s and how the myth of political consensus has given way to the cynicism and conspiratorialism and the paranoia and illusion of American life today Beyond the Light Barrier Elizabeth Klarer, 2009-06-06 Beyond the Light Barrier is the autobiographical story of Elizabeth Klarer a South African woman and Akon an astrophysicist from Meton a planet of Proxima Centuri that at a distance of about 4 3 light years is our nearest stellar neighbor Elizabeth was taken in his spaceship to Meton where she lived with him and his family for four months and where she bore his child Her life on Meton is fascinatingly described Akon brought Elizabeth back to Earth after the birth of their son and continued to visit her thereafter Akon explained how his spaceship's light propulsion technology operated and how it allowed him and his people to travel across vast interstellar distances This technology is explained in detail in the book Elizabeth was given a standing ovation at the 11th International Congress of UFO Research Groups at Weisbaden in 1975 and her speech as guest of honor was applauded by scientists of twenty two nations Light Technology Publishing is proud to bring you the long awaited American edition in both hard copy and electronic format of Beyond the Light Barrier which was first published in English in 1980 *Ominous* Wayne Sturgill, 2023-05-23 Hold on to your tinfoil hats and extend your antenna's saucer fans as the author states in his testimonial Ominous The Nexus and Reality of Flying Saucers There is a distance as vast as the universe between belief and knowing Ominous details the continuous connection between Wayne Sturgill and that of his family's history beginning with his mother's verified sighting of five Flying Saucers

over Portland Oregon on July 4 1947 The story progresses as Wayne is haunted throughout his life by his Silent Nemesis an encounter with a UFO which begins at age six in 1963 Eventually he learns of his father s encounters with such ships as a top secret intercept pilot during the 1950s as photographs and other data surface through a mysterious informant Toss in the mix his own face to face encounters and photos he risked his life to take of a Flying Saucer that attacked him a CIA agent and the possibility of a doppelganger The enigma intensifies and refuses to relinquish to this day Branded throughout with UFO history and photos spiced up and peppered with Sturgill s unique sense of intelligence and humor whether you know beyond doubt that extraterrestrials and their craft exist as the author knows prepare yourself to address the subject seriously and with an open mind and you will discover Ominous is a book impossible to ignore as you journey along a pathway toward a certain reality that in the near future may erupt worldwide *Ufo, Abduction & Experiences E.T.* Diego Kurilo, Behind each cosmic force each spectrum or oneiric manifestation of the unconscious exists the form of a rarefied statement that the seeker will try to put together like someone who puts together enigmas the search for and resolution of the lights in the sky or flying cities of gold Pure it s just another one In ancient times they were the Dragons whose number and numen were secret according to Borges Today they are the flying saucers It is possible that the meaning and key to all this is found in the remotest past In itself life could represent a form of palimpsest written by us in us embodied in a book form in the now
