Saudi Arabia whose shimmers fade when it comes to life of women      *Desert Imaginations* Brahim El Guabli, 2025-11-04

*Desert Imaginations* traces the cultural and intellectual histories that have informed the prevalent ideas of deserts across the globe. The book argues that Saharanism, a globalizing imaginary that perceives desert spaces as empty, exploitable, and dangerous, has been at the center of all desert-focused enterprises. Encompassing spiritual practices, military thinking, sexual fantasies, experiential quests, extractive economies, and experimental schemes among other projects, Saharanism has shaped the way deserts not only are constructed intellectually but are acted upon. From nuclear testing to border walls and much more, Brahim El Guabli articulates some of Saharanism's consequential manifestations across different deserts. *Desert Imaginations* draws on the abundant historical literature and cultural output in multiple languages and across disciplines to delineate the parameters of Saharanism. Against Saharanism's powerful and reductive vision of deserts, the book rehabilitates a tradition of desert eco-care that has been at work in desert Indigenous people's literary, artistic, scholarly, and ritualistic practices.

*Desert Redleg* L. Scott Lingamfelter, 2020-05-19

When Saddam Hussein's Iraq invaded Kuwait in August 1990, triggering the First Gulf War, a coalition of thirty-five countries led by the United States responded with Operation Desert Storm, which culminated in a one-hundred-hour coordinated air strike and ground assault that repelled Iraqi forces from Kuwait. Though largely forgotten in descriptions of the war, an eight-day barrage of artillery fire made this seemingly rapid offensive possible. At the forefront of this offensive were the brave field artillerymen known as redlegs. In *Desert Redleg: Artillery Warfare in the First Gulf War*, a veteran and former redleg of the 1st Infantry Division Artillery, otherwise known as the Big Red One, Col. L. Scott Lingamfelter recounts the logistical and strategic decisions that led to a coalition victory. Drawing on original battle maps, official reports, and personal journals, Lingamfelter describes the experience of the First Gulf War through a soldier's eyes and attempts to answer the question of whether the United States got the job done in its first sustained Middle Eastern conflict. Part military history, part personal memoir, this book provides a boots-on-the-ground perspective on the largest US artillery bombardment since World War II.
