unspeakable in words and sounds that echo throughout traumatized communities can have enormous healing power Indeed the Lederachs stress the remarkable effects of sound and vibration through tales of Tibetan singing bowls Van Morrison s transcendent lyrics the voices of mothers in West Africa and their own personal journeys And they include inspiring stories of transformation a mass women s protest movement in Liberia that forces leaders to keep negotiating until a peace agreement is signed elders in Somalia who walk between warring clans year after year to encourage dialogue former child soldiers who run drum workshops and grow gardens in refugee camps and rape victims in Sierra Leone who express their pain in poetry With equal measures of insight and compassion When Blood and Bones Cry Out offers a promising new approach to healing traumatized communities **A Directory of American Poets and Fiction Writers** Poets & Writers, Inc,1980
