Accelerating Human Evolution by Theosophical Initiation Yves Mühlematter, 2022-12-19 The main subjects of analysis in the present book are the stages of initiation in the grand scheme of Theosophical evolution These initiatory steps are connected to an idea of evolutionary self development by means of a set of virtues that are relative to the individual's position on the path of evolution The central thesis is that these stages were translated from the Hindu tradition to the Theosophical tradition through multifaceted hybridization processes in which several Indian members of the Theosophical Society partook Starting with Annie Besant's early Theosophy the stages of initiation are traced through Blavatsky's work to Manilal Dvivedi and T Subba Row both Indian members of the Theosophical Society and then on to the Sanātana Dharma Text Books In 1898 the English Theosophist Annie Besant and the Indian Theosophist Bhagavan Das together founded the Central Hindu College Benares which became the nucleus around which the Benares Hindu University was instituted in 1915 In this context the Sanātana Dharma Text Books were published Mühlematter shows that the stages of initiation were the blueprint for Annie Besant's pedagogy which she implemented in the Central Hindu College in Benares In doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result The dissertation has been awarded the ESSWE PhD Thesis prize 2022 by the European Society for the Study of Western Esotericism

The Kulacūḍāmaṇi Tantra and the Vāmakeśvara Tantra. With the Jayaratha Commentary Louise M. Finn, 1986-01-01 Both tantras relate to the cult of the Indian Mother Goddess and are translated from the original Sanskrit texts They appear to date from the 9th to 11th century AD and are important source material for the study of the Goddess in Hinduism The Kulacūḍāmaṇi Tantra is a manual that describes with candour sexual and magical rituals for which the Goddess cult became notorious The Vāmakeśvara Tantra deals with similar ritual procedures but its 13th century commentary by Jayaratha emphasizes the philosophical tenor of the text Together the two texts cover a wide range of Shakta thought and practice The translations are comprehensively annotated and are preceded by introductions which place the texts in their historical context suggest likely dates of composition and discuss in outline the philosophy of Shaktism Philosophic terms specific to the texts are explained in detail The translations should appeal to students of Hindu religious cults and to all those interested in comparative religion

Volume 9: Aesthetics and Philosophy of Art Guttorm Fløistad, 2007-03-16 The present volume is a continuation of the series Contemporary Philosophy As with the earlier volumes in the series the present chronicles purport to give a survey of significant trends in contemporary philosophy The need for such surveys has I believe increased rather than decreased over the years The philosophical scene appears for various reasons more complex than ever before The continuing process of specialization in most branches the increasing contact between philosophers from various cultures the emergence of new schools of thought particularly in philosophical logic and in the philosophy of language and ethics and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributing factors Surveys of the present kind are a valuable source of knowledge of this complexity The surveys may therefore help to strengthen the Socratic element of modern philosophy the intercultural dialogue or Kommunikationsgemeinschaft So far eight volumes are published in this

series viz Philosophy of Language and Philosophical Logic Volume 1 Philosophy of Science Volume 2 Philosophy of Action Volume 3 Philosophy of Mind Volume 4 African Philosophy Volume 5 Medieval Age Philosophy Volume 6 1 and Volume 6 2 Asian Philosophy Volume 7 and Philosophy of Latin America Volume 8 *Shaiva Devotional Songs of Kashmir* Constantina Rhodes,Utpala,Constantina Rhodes Bailly,1987-01-01 Utpaladeva was considered a siddha a perfected being one of the masters of the tantric tradition in Kashmir and he is best known for his philosophical treatises The Shivastotravali reflects Utpaladeva s philosophy known as the Pratyabhijna school And yet it is unique among the author s works in its not being a straightforward philosophical treatise but instead as Dr Bailly points out in her introduction more of a spiritual diary of one who is actually treading the path of Shiva The path that Utpaladeva has chosen does not require leaving one s home and heading for a mountain cave instead it calls for changing one s view of the world for leading a life of divine recognition while carrying on with ordinary life In clearly written lucid prose Dr Bailly illuminates the many facets of Utpaladeva s quest At the core of his spiritual journey is the enigmatic relationship between devotion and grace how much does spiritual attainment depend upon the individual s efforts and how much is a divine gift And how are these to be realized while living in the midst of society maintaining worldly obligations and lifestyle For over a thousand years the Shaiva community of Kashmir has used in its worship the hymns of Utpaladeva s Shivastotravali Here for the first time these hymns are presented in translation as English verse along with the Sanskrit a clear and lively introduction two appendices on special aspects of Kashmir Shaivism and additional notes Journal of the K.R.
