Los Angeles Documentary and the Production of Public History, 1958-1977 Joshua Glick, 2018-01-23. Los Angeles Documentary and the Production of Public History, 1958-1977 explores how documentarians working between the election of John F. Kennedy and the Bicentennial created conflicting visions of the recent and more distant American past. Drawing on a wide range of primary documents, Joshua Glick analyzes the films of Hollywood documentarians such as David Wolper and Mel Stuart, along with lesser-known independents and activists such as Kent Mackenzie, Lynne Littman, and Jesús Salvador Treviño. While the former group reinvigorated a Cold War cultural liberalism, the latter group advocated for social justice in a city plagued by severe class stratification and racial segregation. Glick examines how mainstream and alternative filmmakers turned to the archives, civic institutions, and production facilities of Los Angeles in order to both change popular understandings of the city and shape the social consciousness of the nation.

Transdisciplinary Beckett Lucy Jeffery, 2021-11-16. This is the first monograph to analyse Beckett's use of the visual arts, music, and broadcasting media through a transdisciplinary approach. It considers how Beckett's complex and varied use of art, music, and media in a selection of his novels, radio plays, teleplays, and later short prose informs his creative process. Investigating specific instances where Beckett's writing adopts musical or visual structures, Lucy Jeffery identifies instances of Beckett's transdisciplinarity and considers how this approach to writing facilitates ways of expressing familiar Beckettian themes of abstraction, ambiguity, longing, and endlessness. With case studies spanning forty years, she evaluates Beckett's stylistic shifts in relation to the cultural context, particularly the technological advancements and artistic movements during which they were written. With new examples from Beckett's notebooks, critical essays, and letters, *Transdisciplinary Beckett*

evidences how the drastic changes that took place in the visual arts and in musical composition influenced Beckett and in turn were influenced by him Transdisciplinary Beckett situates Beckett as a key figure not just in the literary marketplace but also in the fields of music art and broadcasting
