

## Laurel Grove South Cemetery

In 1853, the city reserved 4 acres in the new Laurel Grove Cemetery for Savannah's African-American community. This new burial ground replaced an older black cemetery located near Whitefield Square. Pastors Andrew Bryan (First Colored Baptist Church) and Henry Cunningham (Second Baptist Church) were among those whose bodies were moved to the new location. Here are buried many of Savannah's prominent black leaders—educators, civic/community leaders, Masons, politicians, entrepreneurs, and religious leaders. Later increased in acreage by the city, it continues in use today.

**Slavery and Freedom in Savannah** Leslie M. Harris, Daina Ramey Berry, 2014-02-15 Slavery and Freedom in Savannah is a richly illustrated accessibly written book modeled on the very successful Slavery in New York a volume Leslie M Harris coedited with Ira Berlin Here Harris and Daina Ramey Berry have collected a variety of perspectives on slavery emancipation and black life in Savannah from the city s founding to the early twentieth century Written by leading historians of Savannah Georgia and the South the volume includes a mix of longer thematic essays and shorter sidebars focusing on individual people events and places The story of slavery in Savannah may seem to be an outlier given how strongly most people associate slavery with rural plantations But as Harris Berry and the other contributors point out urban slavery was instrumental to the slave based economy of North America Ports like Savannah served as both an entry point for slaves and as a point of departure for goods produced by slave labor in the hinterlands Moreover Savannah s connection to slavery was not simply abstract The system of slavery as experienced by African Americans and enforced by whites influenced the very shape of the city including the building of its infrastructure the legal system created to support it and the economic life of the city and its rural surroundings Slavery and Freedom in Savannah restores the urban African American population and the urban context of slavery Civil War and emancipation to its rightful place and it deepens our understanding of the economic social and political fabric of the U S South This project is made possible by a grant from the U S Institute of Museum and Library Services This volume is published in cooperation with Savannah s Telfair Museum and draws upon its expertise and

collections including Telfair's Owens Thomas House As part of their ongoing efforts to document the lives and labors of the African Americans enslaved and free who built and worked at the house this volume also explores the Owens Thomas and Telfair families and the ways in which their ownership of slaves was foundational to their wealth and worldview
