Save That House:

To Save a House Caroline Williams, 2010-03-25 The salvation of your family is not by chance a remote possibility or a shot in the dark It is a divinely ordained plan of God for your entire household to be saved To Save A House is the detailed revelation that God gave to me that proves that it is possible to know that your entire family can and will be saved I show you how scripture is filled with assurance for the children of God Each chapter ends with a prayer that as you read I'll be praying for you and in agreement with you

[Build Your House and Save](#) Andrew J. Salat, 2013-07-17 Except for remodeling out first home my wife and I had no experience in building yet dared to build two homes a custom one for our growing family and later one for our retirement Though the book is well illustrated it is not a step by step instruction on how to build a home but one well detailed in all phases of construction Our retirement home built with concrete blocks reinforced with steel is a more permanent structure Let me put it this way it is not an overstatement if I say our retirement home will last thousands of years one that will have people wondering who the heck built a Greek temple on a California mountain We did not go into the project blindly The key words are research and taking the time to visit building sites In my work clothes of white shirt and tie and with clipboard for taking note I was seen by most laborers as a typical office worker doing his tedious job Please try to be unobtrusive while questioning workers in different stages of construction Carpenters were helpful in demonstrating the safe use of power tools Stucco men loved to show off the different textures they created Spanish lace their favorite I strongly recommend that my readers visit construction and please get permission from a job foreman Good luck
