**On Saving Face** Michael Keevak, 2022-06-20 In *On Saving Face* Michael Keevak traces the Western reception of the Chinese concept of face during the past two hundred years arguing that it has always been linked to nineteenth century colonialism. Lose face and save face have become so normalized in modern European languages that most users do not even realize that they are of Chinese origin. Face is an extremely complex and varied notion in all East Asian cultures. It involves proper behavior and the avoidance of conflict encompassing every aspect of one's place in society as well as one's relationships with other people. One can give face, get face, fight for face, tear up face and a host of other expressions. But when it began to become known to the Western trading community in China beginning in the middle of the nineteenth century it was distorted and reduced to two phrases only: lose face and save face, both of which were used to suggest distinctly Western ideas of humiliation, embarrassment, honor and reputation. The Chinese were judged as a race obsessed with the fear of losing their face and they constantly resorted to vain attempts to save it in the face of Western correction. Lose face may be an authentic Chinese expression but save face is different. Save face was actually a Western invention. To save or to lose face, the giving of face or the humiliating absence of such a noble gesture have since the nineteenth century been regarded as archetypal features of the puzzling cultural universe that China represented in the eyes of the West. This book is the fruit of many years of meticulous research by Michael Keevak, conclusively argued and importantly enjoyably written. A must for any reader with an interest in Chinese culture. Lars Laamann, SOAS University of London. Revising assumptions that saving face is a term of exclusively Chinese origin, Keevak traces deftly how the expression emerged rather in a shuttle movement between East and West in European colonialist efforts to pinpoint and essentialize Chineseness. This lucidly written book brings us to new understanding of an old term. Emily Sun, Barnard College, Columbia University.

**Saving Face** Carolyn Shuck, 2000 This memoir tells the story of a survivor of a 32 year battle with basal cell skin cancer that required 4 major cancer removal surgeries, the amputation of her nose and 18 reconstructive surgeries to restore it.

I began to write a few days after my surgery when I was at home recovering. It is a book written while I battled the disease. Since I wrote it while things were happening on its pages I poured my heart in. It are my weaknesses and my strengths. Is a book that provokes many emotions to cry to laugh to reflect. I included photos that illustrate many of the things I talk about. There are testimonies of my husband, my children and other relatives where they reflect the way they
