Cohen, 2011-02-01 As the country wades into the hotly contested 2008 presidential election season we look to the candidates public pronouncements to gain an understanding of their platforms and to get a sense of the political direction our country might take over the course of the next four years Presidential campaign oratory has always inspired and incited voters In this collection of 27 pivotal campaign speeches Michael Cohen helps bring to life the speeches that defined and dramatized American politics over the last century From FDR s pledge for a New Deal to Nixon s legendary Checkers speech from Dan Quayle s attack on Murphy

Brown to select speeches from this year's presidential race the stump speech has been the primary vehicle for candidates to share their political ambitions and ideals with the American people With supporting essays that set the scene and provide the appropriate context for understanding what was said how it was said and why Live from the Campaign Trail illustrates how campaign speeches have fundamentally shaped the way we think about American politics *Ethical Issues in Health Care on the Frontiers of the Twenty-First Century* S. Wear, J.J. Bono, G. Logue, A. McEvoy, 2006-04-11 of UB's medical school that UB developed its School of Arts and Sciences and thus assumed its place among the other institutions of higher education Had Fillmore lived throughout UB's first seventy years he would probably have been elated by the success of his university and he should have been satisfied and pleased that UB remained intrinsically bonded to its community while at the same time engrafting the values and standards important to higher education's mission in the region UB and its medical school have undergone many challenging transitions since 1846 Included among them were 1 the completion of an academic campus in the far northeast corner of the City of Buffalo while leaving its medical dental and law schools firmly situated in the core of downtown Buffalo 2 the eventual relocation after the second world war of the law school to the newer campus in Amherst and the medical and dental school to the original academic campus and 3 the merger with the State University of New York System in 1962 Despite these significant transitions any one of which could have changed the intrinsic integrity of UB and disrupted the bonding between community and university that did not happen To this day the ties between community and academe persist Fillmore and White should celebrate their success and important contribution to Buffalo and Western New York Care without Pathology Christoph Hanssmann, 2023-11-21 Examining trans healthcare as a key site through which struggles for health and justice take shape Over the past two decades medical and therapeutic approaches to transgender patients have changed radically from treating a supposed pathology to offering gender affirming care Based on ethnographic fieldwork in New York City and Buenos Aires Care without Pathology moves across the Americas to show how trans health activists have taken on the project of depathologization In New York Christoph Hanssmann examines activist attempts to overturn bans on using public health dollars to fund trans health care In Argentina he traces how trans activists marshaled medical statistics and personal biographies to reveal state violence directed against trans people and travestis Hanssmann also demonstrates the importance of understanding transphobia in the broader context of gendered racism ableism and antipoverty arguing for the rise of a thoroughly coalition based mass mobilization Care without Pathology highlights the distributive arguments activists made to access state funding for health care combating state arguments that funding trans health care is too specialized too expensive and too controversial Hanssmann situates trans health as a crucible within which sweeping changes are taking place with potentially far reaching effects on the economic and racial barriers to accessing care *Clear and Present Safety* Michael A. Cohen, Micah Zenko, 2019-03-26 An eye opening look at the history of national security fear mongering in America and how it distracts citizens from the issues that really matter What most frightens the

average American Terrorism North Korea Iran But what if none of these are probable or consequential threats to America What if the world today is safer freer wealthier healthier and better educated than ever before What if the real dangers to Americans are noncommunicable diseases gun violence drug overdoses even hospital infections In this compelling look at what they call the Threat Industrial Complex Michael A Cohen and Micah Zenko explain why politicians policy analysts academics and journalists are misleading Americans about foreign threats and ignoring more serious national security challenges at home Cohen and Zenko argue that we should ignore Washington's threat mongering and focus instead on furthering extraordinary global advances in human development and economic and political cooperation At home we should focus on that which actually harms us and undermines our quality of life substandard schools and healthcare inadequate infrastructure gun violence income inequality and political paralysis      **Partnering** Lorraine Segil, Marshall
