## **Saving Bernice Battered Women Welfare And Poverty:**

Saving Bernice Jody Raphael, 2015-05-01 Skillfully interweaving Bernice's own eloquent words about her harrowing abuse with descriptions of other women's similar experiences and a rich synthesis of statistical findings Jody Raphael demonstrates convincingly that domestic violence and dependence on public assistance are intricately linked In a work that is sure to stir controversy she challenges traditional views and stereotypes conservative and liberal about welfare recipients arguing that many poor women are neither lazy nor paralyzed by a culture of poverty but instead are trapped by their batterers Bernice's ordeals at the hands of her abusive partner brutal beatings violent rapes threats on her life stalking blocked access to birth control and sabotage of efforts to find a job resonate throughout the work The experiences she relates provide crucial insights into the welfare system and illuminate its failures successes and potential in helping women like her This disquieting yet inspiring book puts a human face on the heated public policy debate over welfare reform Above all it is Bernice's life story and through her voice the story of countless other battered women who are isolated in poverty and welfare by the power and control of their abusers

*Saving Bernice* Jody Raphael, 2000 Illustrates the dynamics of domestic violence through the experience of Bernice an African American woman who lived in a domestically violent situation for over ten years Examines how low income women seek nuclear families and form them early how getting off welfare and finding work is key to an abused woman's finding her identity and self-worth and how abusive partners sabotage these women's work efforts

Sheehy, 2013-12-15 In the landmark Lavalée decision of 1990 the Supreme Court of Canada ruled that evidence of battered woman syndrome was admissible in establishing self-defence for women accused of killing their abusive partners This book looks at the legal response to battered women who killed their partners in the fifteen years since Lavalée Elizabeth Sheehy uses trial transcripts and a case study approach to tell the stories of eleven women ten of whom killed their partners She looks at the barriers women face to just leaving the various ways in which self-defence was argued in these cases and which form of expert testimony was used to frame women's experience of battering Drawing upon a rich expanse of research from many disciplines she

highlights the limitations of the law of self defence and the costs to women undergoing a murder trial In a final chapter she proposes numerous reforms In Canada a woman is killed every six days by her male partner and about twelve women per year kill their male partners By illuminating the cases of eleven women this book highlights the barriers to leaving violent men and the practical and legal dilemmas that face battered women on trial for murder
